#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Since making the contract with Col. Flanigan for paving Spencer street, it has come to the knowledge of the Board of Public Works that should said street be paved 34 feet wide as required by the contract, it would be a serious cause for complaint on the part of the property owners, inasmuch as it would necessitate the cutting down the shade trees along the line thereof, thereby depriving them of the luxury which they afford in a hot sultry day. The greater number of these trees were transplanted by the relatives of the present property owners, and are held sacred as relics of the past, and to have them cut down at this time would be looked upon as being sacrilegious.

On consulting Col. Flanigan, the contractor, he expressed a willingness to accede to any plan the Board might desire to meet the wishes of the property owners. Therefore in order to obviate this difficulty and settle the matter satisfactorily and legally, the Board recommend that the contract for paving said street be annulled and the accompanying resolutions for annulling said contract for paving the street be adopted.

Respectfully submitted,

HARVEY KING.

President.

*Resolved*, That the contract made by the Board of Public Works with Mark Flanigan for paving

Spencer street from Cass street to Second street, 34 feet in width, with Flanigan's Cement Foundation and cedar block pavement be and the same is hereby annulled and set aside.

Ald. Horn moved the adoption of the resolution.

*Resolved*, That for the purpose of assessment for defraying and paying the cost of grading, paving and setting curb on Spencer street, from the west curb line of Cass street to the east curb line of Second street, the lots and parcels of real estate situated on said Spencer street embraced within said limits and fronting the portion of said street ordered to be improved by said grading and paving, shall be, and the same are hereby constituted and declared to be one local assessment district.

*Resolved*, That the City Engineer be, and he is hereby ordered and directed to estimate and determine and report such determination to the Board of Public Works, showing:

1. The quantity of all grading, paving and other work on said Spencer street, within the limits ordered to be graded and paved, excepting those portions of the intersection of cross-streets and alleys.

2. The quantity of all grading and paving of each portion of said Spencer street included and embraced within the lines of intersection of the cross-streets and alleys with said Spencer street.

3. The quantity of all cross-walks at each intersection of said Spencer street, with the cross-streets and alleys.

*Resolved*, That payment for the construction of said pavement and assessment to secure the same shall be according to the provisions of the amendment to the city charter, approved April 17th, 1871, permitting the issue of bonds to an amount not exceeding three-quarters of the cost of paving said street as estimated and assessed.

*Resolved*, That whenever the Board shall receive the report of the City Engineer showing the quantity of the grading, paving and cross-walks and other work required on said Spencer street, said Board shall, and is hereby ordered and directed to advertise for three days for proposals for grading, paving and for cross walks on said Spencer street, in accordance with the provisions of the charter and ordinances of the city of Detroit.

#### FROM THE BOARD OF FIRE COMMISSIONERS.

To the Honorable the Common Council:

GENTLEMEN—The Fire Commissioners, to whom was referred the petition of the "Shary Zradek Society" praying for permission to enlarge their building situate on the corner of Antoine and Congress streets; respectfully report the careful consideration of the same and that such changes as are contemplated would, if consummated, materially enhance the fire risk. It is therefore recommended that the prayer of the said petitioners be not granted.

This Board would also report in favor of allowing K. Connatrun to put a new roof on his shed as petitioned for, provided said roof be of gravel or other unflammable material, and the size of the shed be decreased as proposed by said petitioner.

By direction of the Board.

Very respectfully,  
**FRED. H. SEYMOUR,**  
 Secretary.

Accepted and concurred in.

FROM THE CITY CLERK.

That he presented the proceedings of the last session of the Council to the Mayor on the 12th inst., and they were returned approved on the 12th inst.

Referred to the Committee on Ways and Means.

#### REPORTS OF COMMITTEES.

##### FIRE LIMITS.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Fire Limits have examined the petitions of Lewis Kirah and G. W. Dupin and report thereon as follows: The former wishes to construct a shed ten feet high and 100 feet long, for the purpose of a ball alley, on his premises on Michigan avenue, between Eighth and Ninth streets. A structure of that size in any locality would be objectionable as it would necessarily increase the danger by fire to adjacent property. In this case residents in the immediate locality are opposed to the erection of the shed, and as your committee believe the construction of buildings of that character are opposed to the best interests of the city at large, they report adversely thereto. Mr. Dupin asks permission to extend a side addition to his house back to the rear end of said dwelling on the southeast corner of Congress and Rivard streets. By so doing he will remove a portion of an old shed now adjoining his house, and as the change will not increase the fire risk in that locality but will be an improvement thereto, they recommend that the prayer of the petitioner be granted.

Very respectfully,

**JACOB GUTHARD,  
 SEYMOUR FINNEY,  
 DANIEL SHANAHAN.**

Accepted and adopted.

##### TAXES.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes, to whom was referred the petitions of H. Fall and S. K. Stanton, report thereon as follows:

Mr. Fall held a mortgage on the bark Hemisphere and disposed of it, and put the proceeds into the propeller St. Joseph. He was taxed both on the mortgage and the propeller, when he should only have been taxed on the latter.

Mr. Stanton paid the taxes assessed against the personal property of Mrs. Alexandrine Stanton in 1874. This property was, we find, removed to Groseve sale before the assessment rolls were confirmed in that year, and was assessed and taxed in the township of Monguagon.

We therefore recommend that both the above taxes be refunded, and ask the adoption of the following resolution:

*Resolved*, That the Controller be instructed to draw warrants on the contingent fund in favor of H. Fall for thirty-eight dollars and thirty-seven cents, and in favor of S. K. Stanton for twenty-one dollars and eighty-two cents.

Respectfully submitted,

**WM. H. BAXTER,  
 C. C. BLODGETT,  
 JAMES DALY.**

Accepted, and the recommendations were concurred in by the following vote:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Giles, Guthard, Heames,

Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Shanahan, Wilks, and the President—21.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your committee on Taxes to whom was referred the petitions of Joseph F. Weber and Conrad Dehr, and also that of Henry Fowler, report as follows:

Messrs. Weber and Lehr claim to have been excessively assessed for the paving of Maple street. A similar petition was received from them last year and reported upon adversely on July 21st, 1874, as will be seen by reference to the printed proceedings of the Common Council of that year, page 435. We see no valid reason for changing the conclusion then arrived at, especially as the petitions were assessed only according to their frontage and as required by the statute.

Mr. Fowler claims that his personal property was valued too highly. A similar petition from him was reported upon by the Committee on Taxes on December 29th, 1874. The committee then were unable to find any authority for changing his assessment, and we are of the same opinion still. We, therefore report both petitions back with the recommendation that the prayers be denied.

Respectfully submitted,

**WM. H. BAXTER,  
 C. C. BLODGETT,  
 JAS. DALY.**

Accepted, and the recommendations contained in the above were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes, to whom was referred the petition of Jacob Burnstein asking to be refunded a tax of \$37 81, claiming this amount to have been erroneously assessed, report: The petitioner was a rag merchant at the time the assessment was made, and his stock in trade seems to have been regularly assessed and valued by the Assessors and by the Board of Review. Under the circumstances your committee believe that the Common Council has now no authority either to change the assessment or refund the tax. We therefore recommend that the prayer of the petitioner be denied.

Respectfully submitted,

**WM. H. BAXTER,  
 C. C. BLODGETT,  
 JAS. DALY.**

Accepted, and the recommendations of the committee were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee to whom was referred the petition of Edward C. Dean for the remission of an erroneously assessed tax, report:

The petitioner was assessed and paid a tax in 1874 of \$64 74 upon a mortgage of \$4,808. This mortgage was discharged on July 8th, 1873, and clearly should not have been included in Mr. Dean's assessments. We recommend the adoption of the following resolution:

*Resolved*, That the Controller be instructed to draw a warrant in favor of Edward C. Dean, for \$64 74, and charge the same to the contingent fund.

Respectfully submitted,

**WM. H. BAXTER,  
 C. C. BLODGETT,  
 JAS. DALY.**

Accepted and the recommendations were concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finney, Giles, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Shanahan, Wilks, and the President—21.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes, to whom was referred the petition of Wm. Hanaford for the remission of certain taxes, report:

The petitioner was assessed in 1874, upon lot 59,

block E, south side of Alfred street, between Beaubien and Brush street, and also upon a mortgage given upon the same premises as security for the payment of the purchase money, he having sold the lot to another person. The sale was subsequently canceled, and no consideration of any kind passed between him and the person with whom he had the transaction. We therefore recommend that he be refunded the tax paid on the mortgage, and ask the adoption of the following resolution:

*Resolved*, That the Controllor be instructed to draw a warrant on the contingent fund in favor of Wm. Hanaford for \$12.90.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Adopted, and the recommendations were concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks and the President—31.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of M. Darmsteter, asking to be refunded nine dollars and fifty-three cents, interest and costs upon his assessment for paying Antoine street, report:

The petitioner paid \$45 71 upon par, one of his assessment for paying Antoine street, and the contract having been annulled and a new one ordered, all the money collected from the property owners upon the original assessment, including Mr. Darmsteter, was directed to be refunded. He neglected to call for his money, however until after the lapse of five months. In the meantime the paving of the street had been completed, the new assessment had been made and the several amounts collected. The petitioner, misunderstanding the matter no doubt, neglected to pay his proper assessment until after the interest and costs had been added, and the Collector, as required by law, collected from him the extra nine dollars and fifty cents. The city treasurer retained Mr. Darmsteter's \$45 71 until called for, from August 24th, 1874, until January 29th, 1875, and as the city received interest upon this sum for the time mentioned we recommend the adoption of the following resolution.

*Resolved*, That the Controller be instructed to draw a warrant upon the street paving interest fund in favor of M. Darmsteter for one dollar and five cents

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks and the President—31.

GAS LIGHTS.

GENTLEMEN—Your Committee on Gas Lights, to whom was referred the petition of George Richards and fifteen others, asking the Mutual Gas Company to lay pipes on Hastings street, would respectfully report that we presented the same to them and asked that the prayer be granted, but they refuse to do it.

Respectfully submitted,

H. HEAMES,

POUNDS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Pounds, to whom was referred the communication of the Mayor in regard to the pound limits; also, the

remonstrance of T. W. Palmer and others against any change in the pound ordinance, would respectfully report in favor of again recommending to this Council the principles set forth in their former report upon the same subject, and in addition would advise that more territory be included in the excepted portion, to wit: All of the new addition of the city and so much of the Twelfth Ward as lies north of Magnolia street, so much of the Ninth Ward as lies north of the same street, so much of the Eighth Ward as lies north of Mara street, so much of the Sixth Ward as lies north of Fremont street and east of the east line of the Brush farm and said east line extended; and so much of the Tenth Ward as lies north of Detroit and Heidelberg streets. To accomplish this we ask that the section to be amended by the ordinance now on the table be amended before its passage so as to read as follows:

Sec. 3. No horse, ass, mule, sheep, goat, cow, or other animal, and no geese or other domestic fowls shall run or be permitted to run at large anywhere within the limits of the city of Detroit, except that portion of said city annexed by the act of 1875, that part of the Twelfth Ward north of Magnolia street, that part of the Sixth Ward north of Fremont street and east of the east line of the Brush farm and the east line of the Brush farm extended, that part of the Tenth Ward north of Detroit and Heidelberg streets, and that part of the Eighth Ward north of Lyander street. ## COMMUNICATIONS FROM CITY OFFICERS.

## FROM THE CONTROLLER.

To the Honorable the Common Council:

GENTLEMEN—In compliance with the resolution offered by Ald. Finney, and adopted by your hon-

orable body, I have procured from nine cities samples of the burners used in street lamps. Believing that your honorable body desired also to ascertain which was the most economical, and at the same time furnish the necessary amount of light, I have during the past two or three weeks been examining them with the gas manufactured by both the Detroit and Mutual Gas Companies under different pressures.

An examination of the tables annexed will show conclusively that the greater the pressure the more gas will be consumed with the exception of one burner.

The managers of both companies state that the average pressure while street lamps are burning is two and a half inches. The examination, while made as low as one inch and as high as four inches, are given only at two, two and a-half and three inches.

The Toledo burner at five and one-half feet gives a very good light. Two burners are used in Allegheny City, one burning a large amount of gas, 8.9 feet, while the other burns but five feet, giving nearly as much light. Two burners are also used in Chicago, one brass and the other iron. They are economical, and give a very fair light. The Philadelphia burner uses a large amount of gas, 12.7 feet per hour. The Buffalo burner uses but little, and gives a very poor light. The burner is, I think, an imperfect one. The New York burner gives a poor light for the amount consumed. Cleveland has a good light, but too much gas. St. Louis has a good light, and fair consumption. The Boston burner consumes but four feet under the heaviest pressure, and sufficient light. It has within itself a governor, which regulates the escape of the gas in the most perfect manner. Under a pressure varying from one half to four inches the increase of the consumption was but two-tenths of a foot. The Detroit burner gives a good light, but consumes too much gas. The Stockwell self-lighting burner was submitted and was tested with the Mutual gas. While it is an economical burner, using much less than the average, I hardly think it is what is wanted for a street lamp. The gas consumed in street lamps during the year ending March 31, 1875, furnished by the Detroit Gas Company amounted to \$53,564 88; by the Mutual Gas Company to \$518; total, \$54,077 36. The Detroit Gas Company believing that more than four and a half feet of gas per hour was consumed by the burners, caused meters to be placed upon eight lamp-posts. These meters were read by the gas inspector and the bills of the company have been made out in accordance with the reading and certified to by

the inspector. The highest average during any one quarter was 7.28 feet per hour. The city has paid these bills at the rate of four and a half feet per hour, and a claim is now before your body for the balance.

If the Boston burner had been used during the past year and bills allowed at 4 feet, and both companies express a willingness to render bills at that rate, the following result would have been attained:

Detroit Gas Company bill, rendered June 30, 1874...	\$11,705 90	
Bill for Boston burner, same time .....	6,073 16	5,682 83
Detroit Gas Company bill, rendered September 30, 1874 .....	11,756 23	
Bill for Boston burner, same time .....	6,439 48	5,296 75
Detroit Gas Company bill, rendered December 31, 1874 .....	15,595 87	
Bill for Boston burner, same time .....	10,519 98	5,075 89
Detroit Gas Company bill, rendered March 31, 1874 .....	14,506 37	
Bill for Boston burner, same time .....	8,555 87	5,950 80
Total saving by using the Boston burner in one year Detroit Gas Company .....	\$21,956 07	
Add for lamps burning Mutual Gas .....	187 47	

Total saving for city in one year ... \$22,143 54  
I submit these results to your honorable body, in the belief that a solution of the vexed question between the city and gas company in reference to street lamps has been reached. My own belief is, that by a change of burners from the one in use at the present time to the Boston, will save the city at least \$30,000 per year, which amount will increase of course with the erection of additional lamps.

I would urge this matter upon the early attention of your honorable body, and that a change be made at once.

Very Respectfully,  
E. L. GARFIELD,  
Controller.

The report was accepted, and by unanimous consent Ald. Heames offered the following:

*Resolved.* That the Controller be instructed to purchase for the use of the street gas lamps, 1,600 burners, of the same pattern as those now used in the city of Boston.

Adopted as follows:

#### FROM THE CITY COUNSELLOR.

To the Honorable the Common Council:

GENTLEMEN—On the 11th inst. "an amendatory ordinance of section 3, chapter 88," together with the pending amendments relative thereto, relating to pounds were referred to the undersigned. From the proceedings had in the Council it appears there was some difficulty in determining what territory should be included within the pound limits, and where animals should be considered as at large. The undersigned can only report that the charter authorizes the Council to pass ordinances to prevent cattle, etc., running at large in the whole or any part of the city, and it is for the Council to declare the territory over which the ordinance shall be operative.

Without any ordinance prohibiting animals from running at large they would not be trespassing on private property unless the same was fenced or cautioned not to enter the same, and animals in the control of a keeper or herdsman would not be subject to be impounded if within the pound limits.

Respectfully submitted,  
D. C. HOLBROOK,  
City Counsellor.

Accepted and placed on file.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—I reply in compliance with the resolution of Aid Christian of the 11th inst., that there is no power under the charter, according to the decision of Paul against the city, to open any street or alley in this city, and that decision has the same application to and effect upon almost every city in the State.

Respectfully submitted,  
D. C. HOLBROOK,  
City Counsellor.

Accepted and placed on file.

#### FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—In compliance with the resolution of your honorable body, I beg leave to report that alleys appear to be regularly open from Cass to First street, next north and south of Howard street. I find no legal alley existing between Cass, First and Abbott streets and Lafayette avenue, running southerly and northerly.

Very respectfully,  
F. G. RUSSELL,  
City Attorney.

Accepted and placed on file.

#### FROM THE BOARD OF PUBLIC WORKS.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—In reply to a notice from this office but two proposals were received for paving Fifth street from Michigan avenue to the south line of Elton Park, both of which the Board consider too high when compared with the proposals received on the same day for paving Eighteenth street. The cost of Paving Fifth street according to the proposals received therefor would be \$3,382 73, and for paving said street according to the proposals received for paving Eighteenth street would be \$2,819 07, making a difference in cost of \$570 71. The Board not being disposed to award a contract under these circumstances, herewith transmit the proposals without recommendation.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Ways and Means, to whom was referred the request from the Board of Health that the City Physicians be allowed \$3 for every six hours actually engaged in sanitary investigation while acting as Health Inspectors, report that section 4 of chapter 16 of Revised Ordinances of 1871 requires all city physicians in

their own districts to make the same inspection and examinations as are contemplated by the appointment of health inspectors, and as no provision is made by the ordinance for extra compensation for said labor, we see no way by which such extra compensation can be legally paid, and we therefore recommend that the request of the Board of Health be denied.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHEMAN,  
WM. A. OWEN.

Accepted, and the recommendations contained in the above concurred in.

#### CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

#### STREETS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Streets to whom was referred the petition of Nick Matzen in reference to establishing a swimming school are convinced after a conversation with the petitioner in regard to the manner in which he proposes to carry on his institution that the city has no occasion to interfere in the matter.

Respectfully submitted,

J. HORN, JR.,  
M. P. CHRISTIAN,  
WM. A. OWEN.

Accepted and adopted.

#### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits have examined the petition of J. B. Levato construct a frame dwelling on the corner of St. Aubin avenue and Larned street. The locality mentioned is inside the fire limits, and as the committee have uniformly refused to grant the erection of new buildings whereby the fire risk is enhanced, they report adversely to the said petition.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The committee report as follows upon a petition referred to them for permission to make repairs to dwellings No. 211 and 213, north side of Larned, between Antoine and Hastings streets. They find that the buildings are owned and occupied, respectively, by a widow lady and an unmarried one; but this fact is not adduced for the purpose of influencing your honorable body in their behalf—by no means. The repairs on one of these buildings consists of raising one end of a gable roof about two feet, and substituting a composition for a shingle roof, and squaring the roof of a small kitchen attached to the same. On the other it consists of raising about 18 inches and squaring off the roof of a small shed attached to the dwelling and placing thereon a composition covering. Thus, it will be observed that the repairs are very slight, and while the changes thus sought will improve the appearance of the premises, it requires no stretch of imagination to perceive that the danger to the surrounding residents will in no wise be enlarged. While the committee are disposed to exercise a liberal

disposition to cases of this peculiar nature, they do not desire to take any undue advantage or practice imposition by granting favors to one which cannot with equal propriety be granted to another. But your honorable body will readily perceive how it stands, viz: The premises being situated immediately adjacent to each other, with no connection existing between the two, it is apparent that there can be no increased danger. But if, in the opinion of your honorable body there should be an additional increased risk, believing you to be fully competent to decide thereon, we herewith submit it to your unbiased judgment, with the recommendation that the prayer of the petitioner be concurred in.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

#### TAXES.

To the Honorable the Common Council:

Your Committee on Taxes to whom was referred the petition of Mathias Rosenberger asking that the amount of money paid by him as an assessment for the opening of Canfield avenue, be refunded, report:

By the recent sweeping decision of the Supreme Court all proceedings for the opening of streets are null and void and the city now has no authority to take possession of Canfield avenue as proposed to be opened, and to collect the assessments. Under the circumstances the Common Council is bound to refund the money paid by the petitioner, and we recommend that the City Treasurer be instructed to prepare a refunding roll showing the names of all those from whom assessments have been collected, and the amounts paid by them; that the Controller be instructed to draw a warrant for the aggregate amount so collected, and that when the warrant is drawn the Treasurer be directed to refund the several amounts to the parties named in such roll.

Respectfully submitted,

WM. H. BAXTER,  
C. O. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yess*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Giles, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—21.

*Nays*—None.

#### RECONSIDERATION.

Ald. Owen moved to reconsider the vote by which a resolution was passed on the 15th inst., ordering the construction of a lateral sewer in the alley bounded by Croghan, Lafayette, Orleans and Dequindre streets.

The motion did not prevail.

#### LICENSES AND CONTROLLER.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, to whom was referred the question of amending the ordinance in relation to the licensing of places of amusement, respectfully submit and recommend the adoption of the accompanying amendatory ordinance.

Very respectfully,

GEORGE DORR,  
J. HORN, JR.,

In any case where the manager and owner of any hall or place of amusement other than those above mentioned, not used by itinerant persons desires so to do, he may obtain a license for such hall or place of amusement for the period of one year, upon payment by him in advance to the city of \$50.

COMMUNICATION FROM DETROIT GAS LIGHT COMPANY.

OFFICE DETROIT GAS LIGHT CO.,  
June 22, 1876.

To the Honorable the Common Council:

GENTLEMEN—The attention of this Board has been called to the following resolution of your honorable body, passed at the session of the Council June 18th, 1876:

*Resolved*, That the Controller be, and he is hereby directed to advertise for five days for proposals for illuminating gas of not less than 16 candle power for the city for the year commencing July 1st, 1876, as follows:

Gas in City Hall and public buildings.

Gas in street lamps upon those streets where the mains of both companies are laid.

Gas in street lamps upon those streets where the mains of but one company are laid.

The Board do not believe that the Council intended any injustice to this company, but practically it does us a manifest wrong in this, that this

company has laid long lines of pipe to the extremities of the city at great cost and where the consumption is small, at the request of the Common Council and for the benefit of the citizens, while the Mutual Company have their pipes laid only in the center of the city and where the consumption is very large and street lamps are full and crowded. We hope, therefore, that the Council will see and realize how unfair this competition is and rescind the resolution passed at their last meeting.

The Board beg to call the attention of the Common Council to the fact that this company have always furnished the city gas for the street lamps at a less price than most of the Western cities or any city on the lakes.

All of which is most respectfully submitted,

P. E. DEWILL,  
Secy. D. G. L. Co.

Accepted and referred to the Committee on Gas Lights.

#### COMMUNICATION FROM THE MAYOR.

(CITY OF DETROIT,  
MAYOR'S OFFICE, June 22, 1875. }

To the Honorable the Common Council:

GENTLEMEN—I return to your honorable body without my approval that part of your proceedings on the 18th instant instructing the Controller to purchase \$2,000 worth of street-lamp burners, of a certain pattern and said to be economical, for the reason that we have just agreed to pay an extra gas bill for street lighting, caused by a mis understanding with the Detroit Gas Light Company about the burners (so called) in present use, and I recommend that more definite action be taken in the premises by specific agreement with the gas companies, or otherwise, so as to prevent any future needless expense in this direction.

Very respectfully,

H. MOFFAT,

Mayor.

Accepted, and the vote by which the resolution was passed was reconsidered, as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Owen, Rouland, Schmitt, Schmitt-diel, Shanahan, Wilks, and the President pro tem—18.

*Nays*—None.

The question then being "shall the resolution now pass, notwithstanding the objections of the Mayor?" Ald. Daly moved that the matter be laid upon the table for one session.

Ald. Hough retiring from the chair, called Ald. Hinchman thereto.

Ald. Dunlap raised the point of order that the question recurring immediately upon the adoption of the resolution over the objections of the Mayor, the motion of Ald. Daly could not be entertained by the Council.

The chair ruled that the point was not well taken, whereupon Ald. Dunlap appealed from the decision of the chair.

And the question being "shall the decision of the chair stand as the judgment of the Council," the chair was sustained as follows:

*Yeas*—Ald. Blodgett, Daly, Finnegan, Guthard, Heames, Horn, Hough, Owen, Rouland, Schmitt, Shanahan, and Wilks—12.

*Nays*—Ald. Christian, Dorr, Dunlap, Finney, Gies, Schmitt-diel—6.

The question recurring upon the motion of Ald. Daly, the same prevailed and the matter was laid over for one session.

#### RECONSIDERATION.

Ald. Hough moved to reconsider the vote by which the resolution was passed at the last session ordering the payment of the claim against the city presented by the Detroit Gas Light Company.

Laid as follows:

*Yeas*—Ald. Guthard, Hough, Shanahan, and Wilks—4.

*Nays*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Heames, Horn, Owen, Rouland, Schmitt, Schmitt-diel and the Chairman—13.

Ald. Hough, President pro tem was called to the chair.

The track, being planked inside of the rails, is a receptacle for water, and there being no outlet for drainage, causes a mud hole to exist along the line thereof, and, should said company be permitted to retain the plank, as petitioned for, it would mar the appearance of the street and work injury to the property owners thereon. FROM THE ASSESSOR.

To the Honorable the Common Council:

**GENTLEMEN**—Allow me to call your attention to the necessity of preparing for the Assessor's office new field maps embracing the territory detached from the township of Hamtramck, Springfield, and Greenfield and annexed to the city of Detroit, by an act of the Legislature approved May 3d, 1875.

The maps that have been in use up to this time are so much worn as to be almost useless. In order to be fully prepared to make correct the assessments in our new set of rolls all the plats on record should be plated on the field maps, together with many other corrections much needed in description of lots by metes and bounds, requiring time and care.

To make these maps available for our new assessment the work will necessarily have to be begun without delay.

Respectfully submitted,

H. H. LEROY,  
City Assessor.

Accepted and referred to the Board of Public Works.

## REPORTS OF COMMITTEES.

### STREETS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Streets, to whom was referred the following petitions, to wit: Of Hoffner & Mayes, to keep two anchors at the foot of Bates street for a short time; of P. T. Barnum, to occupy a portion of Fourth street for two days with his show; and of the Balie Isle Ice Company to erect in front of their premises, No. 145 Jefferson avenue, an ornamental hitching post, to be surmounted by a water cooler filled at all times with ice water by said company for the use of the public, would respectfully report in favor of all of said petitioners.

Very respectfully,

M. P. CHRISTIAN,  
WM A. OWEN.

Accepted and adopted.

### PUBLIC BUILDINGS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Public Buildings, to whom was referred, on the 5th inst., the matter of furnishing wash-stands and water in all the city offices, have given the matter careful consideration and report thereon as follows:

Water is one of the necessities of life, and ought to be supplied, without stint, to every one; and your committee find, on investigation, that each office is now, and always has been, supplied with the above liquid fresh and cool every morning. We also believe that said wash-stands could not be introduced, with the proper water connections, into all the various offices, at the present time, without a great deal of cutting and marring of brick, stone, woodwork and plaster, which would be a serious damage to the building, and would certainly incur a great expense for which no appropriation has been made. Your committee has also consulted with various city officers relative thereto, and have come to the conclusion that the majority are perfectly satisfied with the present accommodations. Believing, however, that one wash-stand, with proper connections, in the second story would be desirable, we have further found that one can be introduced in the Controller's office and connected with water by only perforating one brick wall, and hence with slight expense; and we recommend in favor of having one placed there. Relative to locating water-closets upon the various floors, your committee have found it impracticable, and do therefore report adverse.

We beg leave to offer the annexed resolution:

Respectfully yours,

J. E. ROULAND,  
H. HEAMES.

**Resolved**, That the Board of Public Works be instructed to place a wash-stand, with necessary connection, in such convenient location in the Controller's office as they may deem suitable, at an expense not to exceed \$40.

Accepted, objected to and laid over under the rules.

The motion to substitute prevailed by the following vote:

*Yeas*—Ald. Baxter, Christian, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, and Shanahan—16.

*Nays*—Ald. Daly and the President—2.

Ald. Baxter raised the point of order that as the substitute contemplated the expenditure of a larger sum of money than the original resolution, a single objection would lay the matter over under the operation of the rules.

The Chair ruled the point of order to be well taken, and the matter was laid upon the table for one session.

On motion of Ald. Horn, a resolution directing the Board to re-advertise for proposals for paving Fifth street, from Michigan avenue to Elton Park, was taken from the table, and he moved the resolution be passed.

Ald. Christian moved to amend by instructing the Board to advertise for proposals for the period of five days.

The amendment was accepted.

The question recurring upon the adoption of the resolution, it was objected to and laid over under the rules.

On motion of Ald. Horn, a resolution ordering payment for the paving of Woodbridge street, from Seventh to Fifth streets, was taken up and passed as follows:

*Yeas*—Ald. Baxter, Christian, Daly, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, and the President—18.

*Nays*—None.

On motion of Ald. Hinchman, Ald. Wilks was excused from attendance at the present session.

On motion of Ald. Horn a resolution directing the Board of Public Works to contract with Eugene Robinson for paving Baker street, from Sixth street to the alley west of Sixteenth street, was taken up and passed as follows:

*Yeas*—Ald. Baxter, Christian, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan and the President—17.

*Nays*—Ald. Daly and Finnegan—2.

On motion of Ald. Rouland there was taken from the table the report and resolution offered at the last session by the Committee on Public Building, directing the Board to locate a suitable washstand in the City Controller's office, and he moved the resolution be adopted.

The motion prevailed as follows:

*Yeas*—Ald. Christian, Daly, Dunlap, Finney, Finnegan, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, and Shanahan—18.

#### COMMUNICATION FROM THE MAYOR.

(CITY OF DETROIT,

MAYOR'S OFFICE, JUNE 25, 1875. }

To the Honorable the Common Council:

GENTLEMEN—I return to your honorable body without approval that part of your proceedings on the 22d inst. granting to Hoffman & Mayes the right to occupy the foot of Bates street with merchantable goods for an indefinite time to the exclusion of parties lawfully occupying the property abutting on the said street, for the reason that it would be a violation of the city ordinances, page 82 of the revised ordinances of 1871.

Very respectfully,

H. MOFFAT.

Mayor.

Accepted, and the vote by which that portion of the report of the Committee on Streets, granting permission to the above parties for the purposes therein mentioned was adopted, was reconsidered as follows:

Yeas—Ald. Baxter, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Hough, Kurtz, Owen, Rouland, Schmitt, and the President—16.

Nays—Ald. Horn, Schmitt, and Shanahan—3.

The question then being upon the adoption of the report notwithstanding the objections of the Mayor, Ald. Horn moved to lay the matter upon the table for two weeks.

Lost as follows:

Yeas—Ald. Dunlap, Horn, Schmitt, Schmitt, and the President—5.

Nays—Ald. Baxter, Christian, Daly, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Hough, Kurtz, Owen, Rouland, and Shanahan—14.

Ald. Daly moved to lay upon the table one reason.

The motion did not prevail, as follows:

Yeas—Ald. Daly, Dunlap, Finney, Horn, Schmitt, Schmitt, and the President—7.

Nays—Ald. Baxter, Christian, Finnegan, Gies, Heames, Hinchman, Hough, Kurtz, Owen, Rouland, and Shanahan—11.

The report was not adopted, and the objections of the Mayor were sustained by the following vote:

Yeas—Ald. Dunlap, Horn, Owen, and Shanahan—4.

Nays—Ald. Baxter, Christian, Daly, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Hough, Kurtz, Rouland, Schmitt, Schmitt, and the President—15.

On motion, Ald. Hinchman was excused from further attendance at the present session.

#### FROM THE COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—In reply to the reference on the 22d instant of the resolution relating to the legality of the compensation of the assistant assessors and clerk for services rendered in assessing liquor dealers I report that, by the law relating to the subject, the assistant assessors' salary is fixed at two dollars per day and the clerk three dollars per day, as agreed by the assessor. As to the legality of the law, the undersigned cannot point to any provision in the Constitution which renders the same unconstitutional; yet it may or may not be, as the Supreme Court shall think it proper to decide.

Respectfully submitted,

D. C. HOLBROOK,  
City Counselor.

Accepted and placed on file.

Thereupon Ald. Baxter moved that the resolution referred to in the communication be adopted.

On motion, further consideration of the matter was indefinitely postponed.

#### FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of P. J. Kinnucan for an extension of time for constructing a stone sidewalk in front of his premises, No. 21 Washington avenue, have examined the premises, and find that the property owner on either side of the petitioner have constructed stone sidewalks in

front of their premises, thereby leaving a gap of about thirty feet of plank walk, which the petitioner wishes to have remain until next spring, it being then his intention to build.

It is not the desire of the Board to push stone sidewalks where the urgency of the case does not fully demand it, but this seems to be one of the cases where public necessity demands that a stone sidewalk should be laid to intersect the sidewalks already constructed, and therefore recommend that the prayer of the petitioner be denied.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and the recommendations of the Board were concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of H. A. Sheldon and others, and the petition of Patrick O'Rourke and others remonstrating against paving Eighteenth street with cobble stone on the sides, and for lessening the width thereof, report:

In recommending the paving of Eighteenth street with cobble stone on the sides and cedar block pavement in the center, the Board was actuated by motives of economy. It having been represented that the property owners on said street were not, owing to the depression in business, in circumstances to meet the cost of paving the same, it was deemed advisable to recommend that kind of pavement which would cost the least, thereby rendering the burden as light as possible. But having since learned, from the petitions so numerous signed, that this was not the fact, and it is the wish of the property owners that the street should be paved entire with cedar blocks, the Board, with your permission, respectfully withdraw their former recommendation for paving the same with cobble stone on the sides, and recommend that so much of the prayer of the petitioners for paving the same the entire width with cedar block pavement, be granted.

As regards the changing the width of said pavement the Board are of opinion that inasmuch as an engine house is located on the street, it would be inexpedient to make any change, and recommend that so much of the prayer of the petitioners as refers thereto be denied.

Respectfully submitted,

HARVEY KING.

President.

Accepted, and the recommendations of the Board were concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the communication of H. H. Respectfully submitted,

President.

Accepted, objected to and laid over under the rules.

On motion, Ald. Rouland was excused from further attendance.

#### SEWERS.

From all the facts that can be obtained the Committee are of the opinion that the proceedings in authorizing the construction of this sewer and the effort made in the collection of the assessments therefor, have been regular and according to law. The City Collector having expended all the means afforded by the charter to enforce the collection of this assessment, returned the same to the Receiver of Taxes, who, on the 11th day of March, 1875, sold the premises for a term of years. The owner of the premises has one year from the date of sale to redeem the same, after which in case of neglect to so redeem, the purchaser may proceed to take possession of the lots sold.

The only remedy the petitioners have under the charter is to become the purchasers of the tax title and proceed as the law directs in taking possession of the premises, and the Committee would so recommend.

Respectfully submitted,

GEO. W. HOUGH,  
 J. A. KURTZ.

Accepted, and the recommendations were concurred in.

FROM THE COUNSELOR AND ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, to whom was referred an ordinance in relation to the payment of the expenses of grading and repairing alleys, have the honor of reporting the same back, referring for reasons to the communication on this subject of the City Attorney of the 8th inst.

We believe, notwithstanding a recent judicial decision in relation to alleys, that alleys are public highways, and that money raised by general taxation may be expended by the city in improving them.

D. C. HOLBROOK,

City Counselor.

F. G. RUSSELL,

City Attorney.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Upon the resolution of Ald. Dunnlap relative to street and alley openings, recently adopted by your Honorable Body, the undersigned are of the opinion that the late decision of the Supreme Court in the Pan case terminates and quashes all cases where proceedings were pending in the Recorder's Court and all cases which have been confirmed by said Recorder's Court, but where the resolutions for appropriation of the necessary amounts to meet the awards of the juries, and for removing obstructions, or either of them, have not passed.

In all other cases we believe that questions should be considered and passed upon as they arise.

Very respectfully,

D. C. HOLBROOK,

City Counselor.

F. G. RUSSELL,

City Attorney.

Accepted and placed on file.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

#### FROM THE BOARD OF HEALTH.

To the Honorable the Common Council:

GENTLEMEN—I desire to call your attention to a nuisance consisting of a large quantity of filthy ordure and offal, situated on the premises at the northeast corner of Jefferson and McDougall avenues. The property is owned by a Mrs. Mitchell now absent from the city. Her agent is Mr. L. L. Barbour, who refuses to do anything to abate it. It is necessary that something be done immediately to protect the health of the city in that quarter. None of the ordinances make Mr. Bar-

bour liable and Mrs. Mitchell is out of jurisdiction of the Recorder's Court. The sanitary police can therefore do nothing. I recommend that your Honorable Body take the matter in hand under the provisions of Section 36 of Chapter 5 of the Charter as amended in 1871, and order a summary abatement of the nuisance under the direction of the Board of Public Works, making the expense a special assessment upon the property.

Respectfully submitted,

J. HORN, Jr.,

President of the Board of Health.  
Accepted and referred to the Aldermen of the Tenth Ward.

#### FROM THE CITY CLERK.

That he presented the proceedings of the last session of the Council to the Mayor on the 26th inst. and they were returned approved on the 29th inst.

Accepted and placed on file.

Also, that Joseph Clemens and George Dorr have filed indemnity bonds for the purpose of dealing in malt and spirituous liquors in the city of Detroit.

Referred to the Committee on Ways and Means.

#### REPORTS OF COMMITTEES.

##### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits, to whom was referred the petition of Joseph Groschhaus, would respectfully report that he wishes to build a small office, 10x10 in size and eight feet high, on the southeast corner of Howard and Eighth streets; said office is to be temporary and the building will be 50 feet away from other buildings. Your committee are of the opinion that the fire risk will not be increased thereby, and therefore would recommend that the prayer of the petitioner be granted.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted

##### TAXES AND COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned Committee on Taxes and City Counselor to whom was referred the communication of the City Assessor in relation to unpaid taxes assessed on insurance companies, report that the law requiring the payment of such taxes appears to be valid and the ordinances in conformity thereto; the undersigned therefore recommend the passage of the resolution herewith submitted.

Respectfully submitted,

WM. H. BAXTER,  
JAMES DALY,

Committee on Taxes.  
D. C. HOLBROOK,

City Counselor.

*Resolved*, That the City Attorney proceed to collect of the agent or other principal officer having charge of the business of any insurance company who have failed to make returns to the City Assessor of the premiums upon policies as required by the ordinances of this city, the penalties imposed by section 15, chapter 31 of the revised ordinances; and also, to institute suits against each of such companies to recover the unpaid taxes assessed thereon.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—21.

*Nays*—None.

#### FROM THE NAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, on June 4th had referred to them the petition of C. Weidove, which reads as follows:

"The undersigned respectfully represents that he petitioned your honorable body in the matter of an erroneous assessment on his property on the north side of Jay street, between Joseph Cam-

pan and McDougall avenues, which petition was presented to your honorable body by Ald. Bouland May 7th, 1875, and then referred to the Committee on Taxes, since when he has heard no more about it, therefore your petitioner humbly asks that a special committee be appointed to examine his claim."

This petition is calculated to show that the Committee on Taxes had failed to give it consideration, or had refused altogether to consider some particular matter. There are three reasons why the committee have not reported upon the claim he refers to.

*First*—Because no such petition has been referred to them, as claimed.

*Second*—Because the Alderman named nor any other Alderman presented a petition from C. Weidove on the 7th of May to the Common Council; and

*Third*—Because no such petition was ever presented to the Common Council, either at the time alleged, or at any other time.

The committee hope that this explanation will be eminently satisfactory, both to C. Weidove and to this Council, and they also express a fervent hope that no one will accuse them of inattention to their duties without first ascertaining whether there is any cause for complaint.

We now await the presentation of a petition from C. Weidove, setting forth his claim, and hope to be able to give it full and mature consideration.

Respectfully submitted,

WM. B. BAXTER,  
JAS. DALY.

Accepted and placed on file

SPECIAL.

The undersigned reports a resolution and request its passage.

Respectfully submitted,

SEYMOUR FINNEY,  
JACOB GUTHARD,  
D. C. HOLBROOK,  
City Counselor.

## COMMUNICATION.

To the Honorable the Common Council:

An injunction has been served on me prohibiting me from collecting the tax from liquor dealers under the new liquor law. The amount covered by this injunction is large. I have applied to the County Auditors for counsel, and they refused counsel on the ground that it is not a county expense. I have written to the Governor to ascertain whether the State is liable for the expenses of the litigation, and now apply to your honorable body to ascertain whether these expenses are a city charge. I have no public money with which to pay a matter of this nature, and certainly neither can or will use my private means for that purpose.

Yours respectfully,

JARED A. SEXTON,

Sheriff Wayne County.

Accepted and referred to the Committee on Ways and Means, City Counselor and Attorney.

#### FROM THE BOARD OF FIRE COMMISSIONERS.

To the Honorable the Common Council:

The Fire Commission, from time to time in the past, have called the attention of your honorable body to the imperfect and dangerous system of fire limits at present existing in our city, to the utterly inefficient enforcement of the limited measures that do exist, and to the consequent daily and hourly liability of a devastating conflagration, such as have afflicted sister cities throughout the United States.

The map in the Municipal Manual, on which is indicated the fire limits, shows that these important regulations have been used from the commencement, not so much with regard to prevention of fire, as to secure for certain thoroughfare elegant and imposing buildings. The fire limits have been extended out for miles on Gratiot and Fort streets, and on Woodward, Jefferson, Michi-

gan avenues, as well as many others, reaching only 100 feet on each side, which renders them useless as a fire preventive measure, for beyond that 100 feet the space for square miles is densely packed with frame buildings. To-day, in the heart of the city, while from the front on Jefferson avenue brick buildings are to be seen, in their rear on both sides of the alley there are rows of wooden sheds. Within a stone's throw of the City Hall is a space completely surrounded by the fire limits covering eighty-four blocks, in which no such enforcement restricts the erection of wooden buildings.

A view from the City Hall tower can only impress the beholder with the extent to which the disregard and carelessness in establishing these vital measures has been carried, and reveals the fact that without exception, by its construction, Detroit, notwithstanding its wide streets, is as much if not more liable to a great fire as any large city in the country. Statistics show that we have more fires and alarms than cities larger in size, and although the Fire Department possesses the confidence of the citizens our losses by fire are much greater proportionately than they should be, which is all due to the exceptionally immense amount of wood used in the construction of the city. Only the promptness of the department has saved many threatened destructive fires, but delays in giving alarms and other unavoidable accidents have in several instances nearly precipitated an awful conflagration, which by well-directed and desperate effort the Fire Department were only able to subdue. *We warn you* that such may recur with more unfortunate result. If there was an engine-house on every street corner and preventative measures were not considered, such liabilities would still exist.

In a city where there is such an unusual amount of wood used in construction as in Detroit, there should be proper, if not unusual, restrictive enforcements.

Therefore this commission, actuated only by a sincere attention to the requirements of safety and to profit by the misfortunes and experience of other cities, while declining any dictatorial intentions, deem it an imperative duty to urgently request your honorable body to appoint a committee to confer with this board with a view to the rearrangement and increase of the fire limits and some systematic enforcement of the same; that the selfishness of those citizens who lose sight of public spirit for the accomplishment of person I ends may not govern these sanitary measures, that our conjoint administration of public affairs may be spared the disgrace of such influences, as well as the disgrace that would inevitably ensue from a great fire, and that there may now be inaugurated what should have been commenced ten years before—a reform in these matters.

Very respectfully,

JEROME CROUL,  
PETER HENKEL,  
BENJ VERNOR,  
THEO. H. HINCHMAN.

Board of Fire Commissioners.

Accepted and referred to the Committee on Fire Limits.

FROM THE CHIEF ENGINEER.

To the Honorable the Common Council:

GENTLEMEN—Allow me to call your attention to two buildings which your honorable body granted the owners of said building to put new gravel roofs, and new clapboards on the outside and not to increase the size of said buildings, one of those buildings is on the corner of Fort and Hastings streets which was, and is yet, a one story building, with additions, on the side and rear of it, and are all inclosed now with a new building, one story higher which makes it a very large and dangerous structure, you will see by examining the premises, that after getting the outside finished that the old buildings were to be removed, from within, therefore, deceiving all but one of your honorable body.

The other building is on the corner lot of Hastings and Atwater street owned by Mr. Fennell, your honorable body gave him permission to take, off his gable roof and put a flat composition roof on and to remove the old siding,

and put new clapboards, by examining his premises you will find that he has removed his roof and removed the old clapboards, and while he had his hand in he removed the floors and ceilings, doors and windows, until he got down to the sills, and he found them too rotten to work over, so he concluded to put up a new double house, two stories high and about 30 by 40 feet square, and right in the heart of our fire limits, such as they are, and where locomotives are passing at all hours, making it more dangerous for wooden buildings than it would be were they brick.

I therefore ask that your honorable body will give this matter some attention, and in the future be more particular in granting these permissions, and hereafter that a copy of all such permissions be sent to my office, so that I may know just what they ask for and what their permissions are.

I am, gentlemen, very respectfully,

JAMES BATTLE,

Chief Engineer and Fire Marshal

Accepted and placed on file.

FROM THE RECEIVER OF TAXES.

To the Honorable the Common Council:

GENTLEMEN—Observing that some misapprehension of facts and some controversy appear to exist concerning the claim of a certain employee of this office, and understanding that surprise is manifested by your honorable body because I have wished you to effect a change of clerks in my office without stated reason, I respectfully submit the following: A change in the help of the office being desirable, I addressed a communication to the Council dated April 2, 1878, asking that Mr. A. M. H. Petty be appointed *Chief Clerk*, then supposing that your honorable body recognized such a position and had made an appointment therefor on the 15th day of January, 1878, when like appointments were made for other city offices, and then naturally supposing that the appointment of Mr. Petty would effect without notoriety the removal of the person occupying in my office the position of chief clerk. My whole purpose was to effect a change in the office, as I believed in the interest of the city, but without making unnecessary noise about it, sincerely believing, as I now believe, that your honorable body, under section 20 chapter 2 of the charter, could remove without specific charges being preferred. I find that, by resolution of your honorable body, January 12, 1878, a clerk was appointed for my office, and that the wording of my letter asking to have Mr. Petty appointed *Chief Clerk* would not technically effect the change desired; this was a misapprehension on my part, as I did not intend to ask you for more help, but simply to make a change in the help of the office. When the appointment of clerk was made in January last it was without my knowledge or recommendation, and had I been consulted, should not have recommended such appointment. As the city holds me alone responsible for the proper conduct of the business of the Receiver's office, and in the sum of \$50,000, it has always seemed to me that I should be consulted and have something to say as to who should be employed in the office. I have purposely refrained from calling personally on any member of the Council in relation to this matter because, as before stated, I did not wish to appear as working against or to the injury of the person appointed in January. I beg leave to assure your honorable body that so far as I am concerned in this unexpected and unpleasant controversy, no disrespect or lack of courtesy has been intended to any or either of you. All the trouble appears to have grown out of a misunderstanding on my part, and the determination of a person to remain in my office whether wanted or not. I would be pleased to confer with, and communicate to any committee, or a special committee of your honorable body, or any member thereof, and give the facts and my reasons for desiring the change which I asked to be made, and this before any definite action be taken, recommending, however, to cut off expense for services not rendered, that the office filled in January last be declared vacant.

Very respectfully,

WM. A. THROOP,  
Receiver of Taxes.

Accepted, and referred to the Committee on Judiciary.

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

Accepted and adopted.

On motion Ald Hinchman was excused from further attendance.

##### CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of the 29th of June, 1875, respectfully report that they have examined the same, and believing them to be correct, would recommend that they be paid from the proper funds.

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and adopted as follows:

##### ORDINANCES.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Ordinances, to whom was referred the petition of M. I. Mills and others, asking that you grant permission to the Detroit Transit Railway Company to transport crude and other oils over its road in iron tank

cars, respectfully report in favor of granting the same, and herewith submit the proper ordinance.

M. P. CHRISTIAN,  
PAUL GIES.

Accepted, and the ordinance was read twice by its title, as follows: "An ordinance to enable the Detroit Transit Railway Company to transport crude petroleum oil and its products."

Laid on the table and ordered printed in the Journal.

#### AN ORDINANCE

To enable the Detroit Transit Railway Company to transport crude petroleum oil and its products.

It is hereby ordained by the Common Council of the City of Detroit:

**SECTION 1.** Consent, permission and authority are hereby given to the Detroit Transit Railway Company to transport over their road, in the City of Detroit, crude petroleum oil and its products, in iron tank cars, to be constructed similar to the Cleveland oil cars; Provided, that this section shall not be construed to allow said company to leave said cars standing anywhere on their track, except during the process of loading and unloading.

**SEC. 2.** Section 4 of chapter 86 of the Revised Ordinances of 1871 is hereby repealed in so far as it conflicts with section one of this ordinance.

**SEC. 3.** This ordinance shall take immediate effect.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Ordinances to whom was referred the petition of James F. Joy and others, asking that you designate particular places for different kinds of vehicles at the several depots, would respectfully report that we have examined into the matter and are of the opinion that it is sufficiently covered by the ordinances. The reason, among other assigned why this Council should interfere, that there is a continual struggle among drivers for available positions is insufficient in that under the change requested the same struggle would be continued among drivers of each kind of vehicles. At present the ordinances are sufficient to enable the police to preserve order and prevent breaches of the peace. Any restrictions other than those already provided it would be difficult to make without being partial, discriminating and unjust. Your Committee, therefore, ask to be discharged from any further consideration of the subject.

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GIES.

Accepted and concurred in.

##### SPECIAL.

To the Honorable the Common Council:

The Aldermen of the Tenth Ward, to whom was referred the communication of the President of the Board of Health relative to an alleged nuisance existing near the corner of Jefferson and McDougall avenues, report, and recommend the passage of the following:

Respectfully submitted,

## SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—Your Special Committee to whom was referred the petition of Maurice Gleason asking exemption from an assessment for a lateral sewer in rear of his premises, lots number 1 and 2 block 10, Labrosse farm, said sewer being situated in the block bounded by Fifth, Sixth, Cherry and High streets, would respectfully report that we have examined into the matter and find that Gleason has constructed a private sewer at much expense, and connected with the public sewer in Sixth street, whereby his premises are thoroughly drained. We submit that we are of the opinion that said sewer at present does him no good, but may at some time be of some account to lot 2. We recommend that the tax on lot 1 be canceled, which will reduce the entire tax about one half. To accomplish this we submit the following resolution and ask its adoption.

JOHN D. FINNEGAN,  
C. C. BLODGETT,  
GEORGE DUNLAP.

*Resolved*, That the Controller be and he is hereby instructed to draw his warrant on the Contingent Fund, in favor of the Receiver of Taxes, for the sum of \$38 98, the same being the tax assessed upon lot one of block 10, Labrosse farm, for the construction of a lateral sewer in the block bounded by Fifth, Sixth, Cherry and High streets, when Maurice Gleason shall exhibit to him, the said Controller, a receipt for the assessment upon lot two of said block for said improvement.

The communication was accepted, and the invitation accepted by the following vote:

Yeas—Ald. Baxter, Blodgett, Christian, Daly,

Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President—21.

Nays—None.

On motion, Ald. Heames, Hough, Daly, Horn and Dorr were appointed a special committee to make all the necessary arrangements therefor.

## COMMUNICATIONS FROM CITY OFFICERS.

FROM THE COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned to whom was referred at the last session an amended resolution authorizing the Controller to execute a warrant in favor of Moses P. Hutchins for salary due him to a certain date, reports that on the 15th day of January last, a resolution was passed that M. P. Hutchins be and he is hereby appointed clerk in the "office of the Receiver of Taxes for the ensuing year."

Mr. Hutchins entered upon the duties and remained until lately when he was informed by the Receiver that his services were no longer required in his office. Mr. Hutchins has, however, presented himself at the office and notified the Receiver that he was, and held himself ready to perform the duties of the appointment.

The Council lately appointed a person "chief" clerk in the Receiver's office. This did not even indicate this position was the same as that occupied by Mr. Hutchins, and it did not operate to remove him.

I am of opinion that Mr. Hutchins is entitled to his salary demanded.

Respectfully submitted.

D. C. HOLBROOK,

City Counselor.

Accepted and placed on file.

Thereupon Ald. Baxter moved the adoption of the resolution directing the Controller to pay the salary due to the above party.

Carried as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President—21.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The communication of Sheriff Sexton, in urging the Council of the service of an injunction on him restraining him from collecting the taxes upon liquor dealers under the late law, having been referred to the Committee on Ways and Means, the City Attorney and the undersigned, and the committee not acting, and the City Attorney not agreeing with the undersigned, reports that by the provision of the law, the County Treasurer and Sheriff are made in effect the agents to collect the tax and pay the same to the City Treasurer for the use and benefit of the city exclusively. The tax, if collected, will be a great benefit to this city, and under the most ordinary circumstances it must be supposed the city would be greatly interested in rendering the necessary assistance in collecting this tax, especially as it can be done without any expense.

The State and county receiving no direct benefit, I see no reason why they should be put to expense in collecting funds belonging to this city.

In conclusion, I am of opinion that the undersigned should be instructed to defend the Sheriff in the suit instituted against him and the County Treasurer.

Respectfully submitted,

D. C. HOLBROOK,

City Counselor.

Accepted, whereupon Ald. Gies moved to lay the communication upon the table.

Lost as follows:

Yeas—Ald. Gies, Guthard, Kurtz, Rouland, Schmitt, Schmittziel and Shanahan—7.

Nays—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Heames, Hinchman, Horn, Hough, Wilks, and the President—14.

The recommendations contained in the above were concurred in as follows:

Yeas—Ald. Blodgett, Baxter, Christian, Daly,

Dorr, Dunlap, Finney, Finnegan, Heames, Hinchman, Horn, Hough, Wilks and the President—14.  
*Nays*—Ald. Glea, Guthard, Kurtz, Rouland, Schmitt, Schmittiel and Shanahan—7.

#### FROM THE ATTORNEY.

To the Honorable the Common Council:

**GENTLEMEN**—In relation to the communication of the Sheriff of Wayne County upon the question of furnishing him legal assistance in the liquor injunction suit instituted against him, I beg leave to submit as follows:

**First**—The City may, if it sees fit to, instruct the Counselor, and employ other eminent legal ability to aid the sheriff in the suit referred to, proceeding, of course, in conformity with the charter.

**Second**—The sheriff, acting for every municipality and township in the county in which a place for traffic in liquor is or may be operated, and also acting for the collection of his own fees and emoluments, there is no duty or legal obligation resting upon the City of Detroit to defend him. It seems odd that a city officer or representative of a village or township should be instructed to defend a county officer in the discharge of his duties under a general law of the State. In my opinion the duty of the city to act in this matter would strictly arise when the Treasurer or Sheriff of the County should fail to perform those acts under the law necessary for the collection and return of the tax authorized.

As the City of Detroit pays more than 75 per cent. of the county taxes, and as it would consequently be obliged to bear a like proportion of the expense of a defense of the Sheriff, if counsel were retained by the Board of Auditors, it is not easy to see why the said board should not act in the matter and thus make the expense of the suit in question uniform throughout the county.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted and placed on file.

#### FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

**GENTLEMEN**—The Board of Public Works, to whom was returned its communication of the 6th inst. relative to paving the alley east of Farrar street, between Gratiot and Monroe avenues, respectfully report:

In making the report the board was governed by the book prepared by the former City Surveyor, and used as a guide, in which all streets and alleys that have been paved are indicated by colored lines, and as only the north part of this alley was so colored, the board was under the impression that the petitioners did not represent a majority of the property liable for the cost of said paving, and accordingly recommended that the prayer thereof be denied. On examining the premises it is ascertained that the board was misled by the said book, and that the matter may be properly brought before your honorable body, it avails itself of the opportunity afforded in acknowledging the error which so inadvertently occurred, thereby rendering justice to whom justice is due.

It is true as stated in the petition, the alley in question is a point where the accumulated filth and dirt of the neighborhood is deposited, and from the height the mound has attained above the established grade it is thought the neighborhood has been most profuse in its delivery. Therefore, to prevent in the future, the use of this alley for any such purpose it is deemed essential that it should be paved, and the Board most earnestly recommend that the prayer of the petitioners be granted.

Very respectfully,

HARVEY KING,

President.

Accepted, and by unanimous consent, Ald. Horn offered the following:

**Resolved**, By the Common Council of the City of Detroit, that the alley extending from the east line of Farrar street to a point 100 feet east of the east line of Farrar street between Monroe and Gratiot avenues be, and the same is hereby ordered to be paved with cobble stone pavement 20 feet in width.

**Resolved**, That for the purpose of assessment

for defraying and paying the cost of grading, and paving said alley from the east line of Farrar street to a point 100 feet east of the east line of Farrar street the lots and parcels of real estate embraced within said limits and fronting the portion of said alley ordered to be improved by said grading and paving, shall be, and the same are hereby constituted and declared to be one local assessment district.

**Resolved**, That the City Engineer be, and is hereby ordered and directed to estimate, and determine:

1. The quantity of all grading, paving and other work on said alley within the limits ordered to be graded and paved, excepting those portions of the intersection of cross-streets and alleys.

2. The quantity of all grading and paving of each portion of said alley.

**Resolved**, That whenever the City Engineer shall make such estimate showing the quantity of the grading, paving and cross-walks, and other work required on said alley, the Board shall, and is hereby ordered and directed to advertise for five days for proposals for grading, paving with cobble stone pavement and for cross-walks on said alley, in accordance with the provisions of the charter and ordinances of the city of Detroit.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dor, Dunlap, Finney, Finnegan, Glea, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Rouland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—31.

**FIRE LIMITS.**

To the Honorable the Common Council:

GENTLEMEN—Mr. P. Nicholson petitions to remove a frame building from the corner of Grand River avenue and Locust street to the corner of Pine street on the same avenue. In their judgment the removal of the building from its present location will not only improve the appearance of that vicinity, but will decrease the fire risk to a considerable extent, there being at present a carpenter shop and frame building adjoining it. Where they propose to remove it, the building will be in an isolated position, being one hundred feet distant from any structures. Under these circumstances, they recommend he be allowed to remove it, conditioned that no repairs or alterations be made, and that the changes be made under supervision of the Fire Marshal.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

**FROM THE SAME.**

To the Honorable the Common Council:

GENTLEMEN—The petition of R. H. Hall for permission to erect a shed on the rear of the lot corner of Jefferson avenue and Beaubien street, your committee would report that they have examined and find that the shed is nearly completed. In their opinion the fire risk is increased, and they report adversely to the petition, believing that it is the duty of all citizens to pay proper regard to the ordinances governing them, and that they should not be permitted to thus violate them with impunity. In relation to the petition of William Suckert, to erect a shed on his premises on Fort street east, the committee would state that it being located in a thickly settled neighborhood, and objection having been urged against the construction, they cannot recommend its favorable consideration.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

#### FIRE LIMITS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Fire Limits, to whom was referred the communication of the Board of Fire Commissioners, recommending an extension of fire limits, and requesting a conference with a committee of this Council relative thereto: Respectfully report that they have communicated with that Board, and have ascertained their views, which are as follows, viz:

First—That all the territory be comprised in the fire limits that is within the boundaries of Ninth avenue from the river to Michigan avenue, thence up Michigan avenue to Sixth street, and up Sixth street to Grand River avenue, thence through Ash street to Third street, up Third street to Selden street, through Selden and Campbell streets to Woodward avenue; thence through Brady street to Brush street, and down Brush street to High street, out High street to Gratiot street, out Gratiot street to St. Aubin avenue, down St. Aubin avenue to Fort street east, out Fort street east to Elmwood avenue, and thence to Jefferson avenue and the river.

Second—The entire territory along the river front east of Woodward avenue between Jefferson avenue and the river, extending to the city limits; also west of Woodward avenue all the territory between Fort street west and the river, extending to the city limits, be comprised in the fire limit.

The limits to extend 100 feet beyond the streets designated as boundaries.

The Fire Commissioners are positive in their opinion that this extension as contemplated is the least that considerations of safety will allow. The district included is at present threaded with fire limits and these changes serve to render them useful by reuniting a solid fire limit district in the heart of the city, including the principal residence and business portions.

It is the opinion of the commissioners that the present ordinances are liberally constructed as they allow property holders to repair wooden buildings provided the size is not increased. The welfare of the community demands that here the privilege should stop, and it is no hardship to compel the construction of additions or new buildings of brick, as in a very limited time an enforcement of this policy will result in such an increased value of property and decrease of insurance rate, that it will more than make up the difference between the cost of brick and wood.

The Commissioners further recommend that in order that these changes—if carried out—may not have their efficiency destroyed, that the Common Council adopt some imperative rule regarding the granting of permissions to build of wood in the fire limits.

Your committee concur with the above views as stated, and recommend a revision of the present and the adoption of such new ordinances as will carry them into effect; also, the adoption of an imperative rule by this body, regulating the granting of permissions to build of wood within the fire limits.

A map upon which is traced the contemplated extensions is herewith presented.

JACOB GUTHARD.  
SEYMOUR FINNEY.

Accepted, and referred to the Committee on Ordinances and City Attorney with instructions to present the proper ordinances to conform to the above recommendations.

#### MARKETS.

To the Honorable the Common Council:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Wilks and the President pro tem.—20.

*Nays*—None.

#### SPECIAL.

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned, a special committee appointed to investigate the petition of Jeremiah O'Brien, who asks to be refunded \$3 for pound fees illegally exacted, report that they have investigated the matter, and find the facts substantially as stated by Mr. O'Brien. The lot in which the cows were enclosed is surrounded by a high board fence, and the lock was maliciously broken by some unknown person, the cows taken out and driven to the pound. The committee deem it proper in this connection, on behalf of Mr. O'Brien, to intimate that there is a manifest dereliction of duty on the part of the aldermen representing that portion of the city in not examining all territory represented by them, and ascertaining what condition the fences and particularly the locks thereto attached may be in; and Mr. O'Brien assures us there is too little attention paid to matters of this important character. In conclusion, the committee submit a resolution, and unanimously recommend its adoption.

JOHN D. FINNEGAN.

*Resolved*, That the Controller be, and he is hereby instructed to draw his warrant for the sum of \$3, in favor of Jeremiah O'Brien, the said amount having been illegally exacted from him in impounding his animals.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Wilks and the President pro tem.—20.

*Nays*—None.

#### SPECIAL.

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned, to whom was referred the claim of Doctor Charles Ewers for services rendered at the request of the chairman of the Board of Health, report that they do not consider the city liable, for the reason that if the chairman had authority to require the services, the claims, as a city physician, was bound to render such services in his official capacity, without extra charge; if the chairman had not such authority, the city cannot be made liable therefor. Respectfully submitted.

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN,  
Committee on Claims and Accounts.  
D. C. HOLBROOK,

### COMMUNICATIONS FROM THE MAYOR

MAYOR'S OFFICE, July 18, 1875.

To the Honorable the Common Council:

GENTLEMEN—I return to your honorable body without my approval that part of your proceedings on the 18th inst. granting by resolution the privilege to construct a connection between two buildings across a public alley in this city, for the reason that the city government has not the power to so obstruct an established public highway either on the ground or in the air.

That no such power pertains either to the corporation or citizens was pretty thoroughly demonstrated thirty years ago in this city, by the case of Joy & Porter versus an overhanging stone stairway at the corner of Jefferson and Woodward avenues, and the principles sued out by those gentlemen and confirmed by law at the time seems ever since to have been generally acquiesced in,

51

not only by the judiciary but by owners of houses, architects and builders of our city.

I enclose and recommend to your honorable body the opinion also of our present City Counselor in the premises.

Very respectfully,

H. MOFFAT, Mayor.

[COPY.]

Hon. Hugh Moffat, Mayor:

SIR—In answer to your inquiry of this date I reply that the Council has no right or property on an alley by which any bridge or way can be erected across it.

Very respectfully,

D. C. HOLBROOK,

City Counselor.

The communication was accepted, and on motion of Ald. Christian the vote by which the resolution was adopted was reconsidered as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Horn, Kurtz, Schmitt, Schmittidel, Wilks, and the President pro tem—15.

*Nays*—None.

The question then recurring upon the adoption of the resolution, notwithstanding the objections of the Mayor, the same did not prevail as follows:

*Yeas*—Ald. Horn—1.

*Nays*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Kurtz, Schmitt, Schmittidel, Wilks and the President pro tem—14.

GENTLEMEN—Your Committee on Streets to whom was referred the petition of Galvin Bros. & Co. asking permission to erect a flight of steps on the side of their building on the northeast corner of Second and Larned streets have examined the

matter and respectfully report in favor of granting the prayer of the petitioners.

#### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits have examined the petition of W. R. Zeigler, No. 1040 Michigan avenue, and ascertain that he wishes to raise the roof of a small addition in rear of a new brick store recently erected by him, and to place a composition roof upon it in lieu of the old wooden one. As the change will not enlarge the fire risk, the committee recommend that the prayer of the petitioner be granted.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SEANAHAN.

Accepted, and the recommendations were concurred in.

#### TAXES

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of E. B. Smith & Co., setting for the "that the personal property belonging to said firm is assessed at a much larger figure than it is actually worth," and asking that the whole or part of the assessment be vacated, report:

The petitioners state that one of the members of the firm intended to appear before the Board of Review for the purpose of having the assessment re-examined, but he was absent from the city and unable to do so.

Your Committee have heretofore reported upon a number of precisely similar claims, and always adverse to them for the simple reason that the charter gives the Common Council no discretion whatever in the premises. The statute requires that all assessments made for general city taxes shall first be submitted by the assessor to the Board of Review. The members of that body have full power and authority to make any changes they see fit, and they may either increase or diminish the aggregate amount, subject however to an appeal to the Common Council, but the appeal to entitle the aggrieved party to a hearing even, must, as in all cases in civil courts, be made within the time specified in the law. When an appeal is properly made the Council has sixteen days in which to consider it, and after the lapse of that time the rolls must be confirmed, and after they have been fully and finally confirmed the charter says they shall remain as the basis for all taxation until the ensuing year when new rolls shall be made out.

The petition here referred to not having been sent to this Council at the proper time, we are of the opinion that the Council now has no jurisdiction to act. We therefore report it back and ask to be discharged from the further consideration of the subject.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted, and the recommendations were concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of Christ Gruschor, complaining of an over-assessment for city taxes, report: A similar petition from Mr. Gruschor received a careful consideration from the Committee on Taxes in 1874. He complains, and very truly, that he was assessed in that year more than his neighbor. His real estate and that of all of his neighbors is assessed at precisely the same figure, but he is assessed for a house, while his neighbors are not thus assessed. This explains the apparent discrepancy. The fact is, that the petitioner was assessed only upon the valuation placed upon his property, while the valuation of the property of his neighbors should have been as great as his. In other words, he was not too

highly taxed, but his neighbors were taxed less than they should have been. We report the petition back, and ask to be discharged from its further consideration.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of John C. Groll, asking to be relieved from the payment of a tax upon a mortgage of \$1,300, report:

Under the State Statute mortgages are made taxable, and so long as the law remains upon the statute book, the Council has neither the right nor the discretion to override it. We report the petition back, therefore, and ask to be discharged from the further consideration of the subject.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of Lewis P. Durkee representing that his personal property has been taken by order of the bankrupt court and placed in the hands of a Receiver, and asking under the circumstances, that the assessment be stricken from the rolls, report: City taxes are assessed against property, and not individuals, consequently there is no necessity for any action in the premises. Besides, the Council has no authority to strike any property from the assessment rolls after it has once been duly confirmed there. We ask to be discharged from the further consideration of the petition.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Jane E. Pinder, asking that ten twenty-eighths of the assessment against the lot on the northwest corner of Eliza beth and Beaubien streets, for the paving of Beaubien street, be cancelled, report:

Originally this lot was twenty-eight feet wide on Elizabeth street and 100 feet deep on Beaubien street. When Beaubien street was widened at this point, a strip ten feet in width was taken from the lot, leaving eighteen feet, and the petitioner claims a reduction, alleging as a reason that she is assessed more, in proportion to the number of square feet owned by her, than her neighbors are.

The property has a frontage of 100 feet on Beaubien street, and, as required by law, this frontage has been assessed. As the lot is not at all triangular, or of other irregular shape, your committee are of the opinion that the Council has no authority to reduce the assessment, and so report.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of John Blankenhelm, complaining of being too highly assessed for the construction of a lateral sewer, report it back with the recommendation that the petition be referred to the Board of Public Works or the Committee on Sewers.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted, and the recommendations were concurred in, and the petition referred to the Board.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to was referred the petition of the Board of Education asking that the sale of the westerly 81-84 feet of lot 71, of the subdivision of the Riopelle farm part of private claim No. 13, on the south side of Congress street, for the city taxes of 1886 be set aside, report:

We find the facts to be as set forth in the petition, that the property in question was purchased by the Board of Education in 1866 and has since remained in their possession. No notice seems to have been given to the assessor this year of the change of ownership and in consequence the name of the former proprietor remain on the books.

We recommend that the City Treasurer be authorized and directed to cancel the sale of the property to the city of Detroit for the taxes of 1886.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

OFFICE, DETROIT GASLIGHT CO. }  
July 17, 1876. }

Seymour Finney, Chairman Special Committee of Gas in street lamps:

81a.—The Detroit Gaslight Company will furnish gas in street lamps, where there is no competition at the rate of \$3 50 per thousand cubic feet.

The company stipulate that as they do not desire a greater rate than \$3 per thousand cubic feet for the entire amount of gas consumed in street lamps, they will govern the price upon the outside lamps with that object in view. Thus the price of

gas for all outside lamps will decrease, as fast as new lamps are ordered and erected, or in other words in the same proportion that the outside lamps exceed the inside. The bills for gas consumed in street lamps shall not exceed the sum of \$3 per thousand, for the entire amount furnished the city by this company.

Respectfully submitted,

By the Detroit Gaslight Company.

P. E. DE MILL, Secretary.

[COPY.]

Messrs. Finney, Shanahan and Wilks, Aldermen, and E. I. Garfield, Esq., Controller, Special Committee:

GENTLEMEN—Such lamp posts as are now or may be hereafter connected with the mains of this company, in streets where there are no competing mains of the Detroit Gas Light Company, this company will supply on such terms as to price, measurement, etc., as you may agree to and pay the Detroit Gas Light Company for similar service. Should said company not offer any rate that you can agree upon, and will make similar offer to this, we will name terms at once.

Very respectfully, etc.,

WM. H. FITCH, Jr.,

President.

The report was accepted and placed on file.

#### COMMUNICATIONS FROM CITY OFFICERS.

FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—It appears from papers handed to me by the Controller that suit in Chancery, in the Superior Court, has been commenced by Michael McCall, to set aside a sale made to realize upon an assessment levied to pay the expense of the construction of a lateral sewer.

The points involved in this matter are important, and one particularly so and novel, to wit: that if the city puts a receiving basin into connection with a lateral sewer, the sewer becomes public, the expense of the construction of the sewer becomes public, and if already met, as in the case of the lateral sewers, should be refunded to the parties assessed and paying the same. Under these circumstances, and as I understand the City Counselor to be the real plaintiff in the suit, I request authority to employ such proper legal assistance as may be deemed necessary in the matter.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted and referred to the Committee on Ways and Means.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—In adopting the ordinance recently establishing stone limits the provision in the old ordinance authorizing repairs to be made under proper circumstances was omitted.

Hardship is liable to result unless the defect is remedied, and I recommend that an amendatory ordinance be reported by the Committee on Ordinances or the undersigned.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted and referred to the Committee on Ordinances.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works respectfully recommend that the paving on the east side of Ninth avenue north of Michigan avenue be extended in a straight line southerly to the north line of Church street.

There being an abrupt termination of this avenue at its intersection with Michigan avenue, it is deemed essential that this improvement be made. This additional paving will cost but a trifle, and in the opinion of the Board the improvement will add much to the appearance of the street.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and by unanimous leave, Ald. Daly presented the following:

*Resolved*, That the Board of Public Works be and they are hereby directed to cause the paving on the east side of Ninth avenue north of Michigan avenue to be extended in a straight line southerly to the north line of Church street.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Rouland, Schmitt, Schmittlidl, Wilks, and the President pro tem.—19.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works respectfully report that the paving of Brush street is fully completed from the south line of Montcalm street to the north curb line of Elizabeth street.

The pavement is of wood, and has this day been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractors for paving said street as follows:

For intersections, etc., etc., being the whole amount for work as far as completed..... \$ 494 80

For cost of advertising, etc.....  
On parts 2, 3, 4 of assessment roll, payable in street paving bonds ..... 1,419 74

Total amount..... \$1,913 54

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and by unanimous consent Ald. Horn offered the following:

WHEREAS, It appears from a communication from the Board of Public Works that the paving on Brush street, from the south line of Montcalm street to the north curb line of Elizabeth street has been fully completed; and

Adopted as follows:

Yea—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Rouland, Schmitt, Schmittziel, Wilks, and the President pro tem—19.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works respectfully report that the paving of Elmwood avenue is fully completed from the north line of lot 77 Chapaton farm, to the north curb line of Clinton avenue.

The pavement is of wood, and has this day been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same, as far as we could judge from the appearance of the work.

There is due the contractors for paving said avenue as follows: For intersections, etc., etc., being the whole amount for work as far as completed. . . . . \$ 213 88

For cost of advertising, etc..... 7 00

On parts 2, 3, 4 of assessment roll, payable in street paving bonds ..... 1,794 77

Total amount..... \$2,015 65

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and by consent Ald. Horn offered the following:

WHEREAS, It appears from communication from the Board of Public Works that the paving on Elmwood avenue from the north line of lot 77 Chapaton farm, to the north curb line of Clinton avenue has been fully completed; and

WHEREAS, Said avenue has been examined by the Board of Public Works, and the pavement of said avenue has been found to have been done in accordance with the contract and specifications for the same; therefore

Resolved, That the pavement on said Elmwood avenue be, and is hereby accepted, from the north line of lot 77 Chapaton farm to the north curb line of Clinton avenue; and further

Resolved, That the City Controller be, and is hereby authorized to draw his warrant on the City Treasurer in payment of the intersections, etc., of said Elmwood avenue to the amount of \$220 88, the same being the whole amount due the contractors

for paving said avenue, and for the cost of advertising and also to issue and deliver to the contractors for paving said avenue, street paving bonds to the amount of \$1,794 77, in accordance with parts 2, 3 and 4 of the assessment roll, said bonds to be dated and delivered thirty days after the date of the confirmation by this Council of said assessment roll.

Adopted as follows:

Yea—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Wilks and the President pro tem—20.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of John Blankenheim complaining of being assessed too high for the construction of a lateral sewer in the block bounded by Riopelle, Orleans, Chestnut and Annetam streets, report: In making assessments for lateral sewers the ordinance requires the cost thereof to be apportioned on the lots liable therefor in accordance with the number of square feet therein contained. By referring to the assessment roll it will be seen that the petitioner's lot is fifty feet front on the street and fifty-eight feet front on the alley, while, with one or two exceptions, the balance of the lots are an equal width of fifty feet from both on the alley and the street, thereby causing the difference in the aggregate amount of the assessment on the several lots. The assessment therefore being in accordance with the ordinance the Board recommended that the prayer of the petitioner be denied.

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and the recommendations of the Board were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of Wm. Homburg and others for a lateral sewer in the alley in the block bounded by Jay, Annetam, Chene and Dubois streets, and also for having said alley surveyed and the obstructions removed therefrom, report:

So much of said block as is on the Joe. Campan farm has been leased to parties for a term of five years, and until the expiration of said lease the city has no jurisdiction in the premises. It is true the block has been platted, and an alley dedicated for public purposes, but notwithstanding this fact, the leases having been given prior thereto, the dedication is of no effect without the assent of the lessees; and that they seem to be reluctant in giving without remuneration therefor. The Board therefore being of the opinion that the alley is not legally opened, the improvement petitioned for cannot be made without first obtaining the right of way.

Respectfully submitted,

HARVEY KING,  
President.

Accepted and concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition Bernard Walz, for a lateral sewer in the block bounded by Deguire street and St. Aubin avenue, and Scott and Pierce streets; and

The petition of J. C. Lewis for a lateral sewer in the block bounded by Grand River and National avenues, and Laurel street and the west line of the Woodbridge farm, to intersect with the sewer in the block bounded by Myrtle and Laurel streets and National avenue, respectfully recommend that the prayer of the respective petitioners be granted.

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and by unanimous consent Ald. Hough offered the following:

Resolved, That the Board of Public Works be

directed to advertise five days for proposals for constructing the following lateral sewers:

In the alley in the block bounded by Dequindre street and St. Aubin avenue and Scott and Pierce streets; and in the alley in the block bounded by Grand River and National avenues, Laurel street and the west line of the Woodbridge farm, to intersect with the sewer in the block bounded by Myrtle and Laurel streets and National avenue; and that the City Engineer make out the proper assessment rolls for the same.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Rouland, Schmitt, Schmittziel, Wilks and the President pro tem—19.

*Nays*—None.

FROM THE COUNSELOR.

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned, to whom was referred a resolution to refund to Maurice Gleeson the sum of \$33 93, for an assessment on lot one, block 10, LaBrosse farm, for a brick lateral sewer (Assessment Roll 2,311), for the reason that said lot was not benefited by said sewer, reports that it is competent, by section 58 chapter 5 as amended in 1879, for the Council, if of the opinion that this assessment is unjust, to vacate the whole assessment, and make a new assessment, and to leave out this lot if not benefited by the sewer.

D. C. HOLBROOK,

City Counselor.

Accepted and placed on file.

Thereupon Ald. Finnegan moved the adoption of the resolution referred to by the Counselor, whereby the Engineer was instructed to make out a new assessment roll for the sewer therein mentioned.

The motion did not prevail, as follows:

*Yeas*—Ald. Blodgett, Daly, Dunlap, Finnegan, Gies, Horn, Owen, Schmitt—8.

*Nays*—Ald. Baxter, Christian, Dorr, Finney, Guthard, Heames, Hinchman, Kurtz, Rouland, Schmittziel, Wilks, and the President pro tem—12.

As there is some doubt in regard to the legality of said roll, I respectfully ask that the same be rescinded, and a new roll substituted as soon as it can be determined what property is legally liable for said assessment.

Very respectfully,

H. D. LUDDEN,

City Engineer.

Accepted and placed on file.

stroyed at the pest house, he having been sent there when afflicted with the small-pox.

Respectfully submitted,

Accepted, and on leave, Ald. Guthard offered the following:

FROM THE CITY CLERK.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of James Hartness, asking to be refunded a portion of a tax paid by him on personal property at No. 174, Franklin street in 1874, report:

By a combination of circumstances, principal among which was the absence from the city of the owner of the premises, the value of the real estate and personal property of the petitioner was "lumped" and handed in to the assessors by his son and the whole was, in consequence, assessed as personal property. The error was one for which the assessors are not to blame. We recommend that the tax be reduced one-half and ask the adoption of the annexed resolution:

Of I. Anna v. DeBonneville, do hereby ask and pray that your honorable body grant me permission to finish my home.

I sought and obtained permission to repair said home, which was granted. In the progress of the work, the foundation was found to be composed of pine pieces, and so decayed that it threatened death to the workmen employed thereon. The roof was so old and decayed that the ceiling and walls had bulged and cracked through all its length, the roof leaked abundantly, and had depreciated from side to side to from three inches to one foot; this from decay and from weight of the chimney. P. ope were placed under the ceiling while removing the chimney. When taken away, the roof fell in. Seeing our lives in danger, a fitting continuation of the work was determined on, that could alone replace me in my home, by the imperative and forced necessity of living where I am. Our new arrangements diminished by one-half the fire risks on said building, and improved the appearance of an otherwise decrepid, decayed and decaying part of the city.

A home on a short leased lot of ground, subject to all taxes, both ordinary and extraordinary, is not a desirable residence for any one to spend their money on! I therefore pray your honorable body to take into consideration all these facts, and that I be permitted to finish my home. A hard working woman, sole protectress and guardian of several children, whose brother and parent were killed in the late war, ought not to suffer distressing pecuniary losses. The old building cost \$1,200 in cash; the repairs on it for six years cost \$200; present expenses are ruinous to a single woman, whose toiling life has been given to the support of orphan children, my nephews and nieces. That these considerations may relieve me of further distress and annoyance, I respectfully solicit of your very honorable body of gentlemen.

ANNA G. DEBONNEVILLE,  
206 East Larned Street.

July 27, 1875.

Referred to the Committee on Fire Limits, as was also the following on the same subject.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, your petitioners, would represent to your honorable body that on the 15th day of June, they petitioned your honorable body for permission to place composition roofs on houses No. 209 and 213, East Larned street and make such repairs as that change would necessitate. Their application was granted at a subsequent session of your honorable body, and they proceeded with their work and finished, as agreed house No. 213; they then commenced on No. 209, and found the sills so dilapidated and rotted away, that new sills were necessary; then on going for the roof, the chimney fell through to the floor, and took with it ceiling joists, rafters, roof and all, and came near taking your petitioners also; they proceeded to reconstruct the same, and now have the frame standing and ask permission to complete the same. The owner is an old lady who supports herself by giving lessons in music, has no means to build brick, and unless permitted to rebuild or finish, will be homeless; her lot is not her own, but only a lease, and will revert to Mr. Moran, unless she can get permission to finish the house; for this reason, we ask permission of your honorable body to finish said job, for which we will ever pray, etc.

BERRY & MILETTE.

We the undersigned residents in the vicinity would also request your honorable body to grant the petition as above prayed for; it is a case of peculiar hardship to the lady and we trust you will grant the same.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom was referred the communication of the City Attorney asking authority to employ additional counsel in the case of Michael McCall vs. the city, respectfully report that the importance of the case is such as to demand a vigorous defence and we recommend that the Attorney be authorized to employ Ashley Pond to assist him, providing that the expense of the same shall not exceed \$300.

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

STREETS.

To the Honorable the Common Council:

**SEWERS.**

To the Honorable the Common Council:

GENTLEMEN—The Committee on Sewers, to whom was referred the petition of John Karp and others, to be relieved from assessments for constructing a lateral sewer in the alleys in the block bounded by Morse, Prospect, Russell and Watson streets, report:

In the block through which this sewer is constructed there are two alleys running north and south from Watson street, and in the center of the block these alleys are intersected by an open space running east and west 40 feet wide, known as Watson place. In the rear of the lots fronting on Morse and Watson streets there is no alley, and the lots fronting on Watson place have no outlet except through this open space of 40 feet in width, thereby rendering the front lots, without adding thereto the lots abutting on Watson place of no utility whatever, so far as drainage is concerned.

The City Engineer taking this view of the matter, and finding that the two lots had been converted into one, and so occupied, inadvertently assessed both lots for the cost of constructing said sewer, thereby rendering the assessment roll illegal and erroneous, the ordinance relative thereto providing that only the lots abutting on the alley through which the sewer is constructed, shall be liable therefor.

Your committee therefore recommend that the vote by which the Common Council, on the 8th day of June confirmed assessment roll No. 2,304, be rescinded, and the roll returned to the City Engineer for correction, and submit a resolution therefor.

Respectfully submitted,

GEO. W. HOUGH,  
J. A. KURTZ,  
C. C. BLODGETT,

*Resolved*, That the vote by which assessment roll No. 2,304, for constructing a lateral sewer in the alley bounded by Morse, Watson, Prospect, and Russell streets, was confirmed, be and the same is hereby rescinded.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Ronland, Schmitt, Schmittidel, Shanahan, Wilks, and the President pro tem—31.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Sewers to whom was referred the petition of John Bourk to be relieved from an assessment for constructing a lateral sewer in the alley north of Michigan avenue, and east of Fifth street, not knowing the number of the petitioner's lot, and being unacquainted with the circumstances, herewith return the petition, and ask to be discharged from its further consideration.

Respectfully submitted,

GEO. W. HOUGH,  
J. A. KURTZ,  
C. C. BLODGETT.

Accepted and concurred in.

**TAXES.**

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of Josephine Kohn, asking for a reduction in her paying assessment, report:

The petitioner is the owner of lot 8, Witherell farm, which is precisely triangular in shape, and we recommend that the customary reduction be allowed and ask the adoption of the annexed resolution.

*Resolved*, That the Controller be directed to draw a warrant on the general road fund in favor of Josephine Kohn for \$68 19 whenever the whole of the assessment for paving Gratiot street in front of lot 8, Witherell farm shall have been paid.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly,

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Susan Buchanan, for a reduction of her assessment, report: The petitioner is the owner of lot 8, section 57, Labrosse farm, on Baker street. It has an assessable frontage of over 77 feet, runs eastward to a sharp point and its depth at the widest point is only 84 feet. Under these circumstances your committee believe that at least one-half of the assessment on the lot should be remitted, and we, therefore, recommend the adoption of the following resolution:

*Resolved*, That whenever it shall appear that the whole of the assessment for paving Baker street in front of lot 8, section 57, Baker farm, has been paid, the Controller be authorized to draw a warrant for \$68 18 in favor of Susan Buchanan, the same to be paid from the General Road Fund.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Ronland, Schmitt, Schmittidel, Shanahan, Wilks, and the President pro tem—31.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of E. Feldman, for a reduction of his paving assessment, report: The petitioner owns lot 944, on the southeast corner of Eighteenth and Alexander streets, which has an assessable frontage of 57 feet, a depth of over 105 feet, and terminates in a point on Alexander street. We recommend the usual reduction of one-quarter of the aggregate tax, and ask the adoption of the following resolution:

*Resolved*, That whenever it shall appear that the whole of the assessment for the paving of Eighteenth street in front of lot 944, on the northeast corner of Alexander street, has been paid, the Controller be authorized to draw a warrant on the General Road Fund in favor of E. Feldman for \$60 17.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Ronland, Schmitt, Schmittidel, Shanahan, Wilks and the President pro tem—31.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petitions of Cyrus Johnson, Mrs. S. E. Bruce, Mrs. Gibbings, A. J. Rogers, J. D. Eldorin and Patrick Doody, asking to be refunded the assessments made against them for opening an alley in the block bounded by Adams avenue and Elizabeth, Brush and Beaubien streets, and also for opening Myrtle street from Humboldt to Williams avenues, report:

The Supreme Court having decided that in these cases the proceedings were void and of no effect, the Council is obliged to refund all the money collected and we recommend the adoption of the following resolution:

*Resolved*, That the City Treasurer be directed to prepare a refunding roll showing the amounts of the assessments paid for the opening of Myrtle street, between Humboldt and Williams avenues, and also the amounts assessed and paid for opening the alley in the block between Adams avenue and Elizabeth street, and between Brush and Beaubien streets, together with the names of the

persons who paid said assessments; and that the Controller be authorized to draw a warrant on the street opening fund to pay the several amounts contained in said rolls; and also that the Treasurer be directed to cancel the sale of lot No. 114, Johnson's subdivision of the Brevort farm, for the opening of said Myrtle street; and also that the City Attorney be directed to collect the money paid out by the city for the opening of said street and alley.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks and the President pro tem—21.  
*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes, to whom was referred the petition of J. M. Colvin, report:

The petitioner was assessed on fifty shares of Second National Bank stock, and the same stock was also assessed to the Merchants' and Manufacturers' Bank, to which corporation it had been transferred. A double tax was therefore paid, one by the bank and the other by Mr. Colvin. We recommend the adoption of the following resolution:

*Resolved*, That the Controller be authorized to draw a warrant on the contingent fund, for \$55 35, in favor of J. M. Colvin.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President pro tem—21.  
*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes to whom was referred the petition of Wm. J. Waterman asking to be refunded the amount paid by him for lots 2, 5, 13 and 14, subdivision of lots 8 and 4 Watson's section of the Labrosse and Baker farms, report: It appears, from satisfactory evidence presented to the committee that the property in question is owned by a resident of New York; that the lots were sold for the taxes of 1887 and were bid in for the owner by Mr. Waterman; that after the certificates had been made out the owner forwarded a receipt signed by T. R. Cummings, Receiver of Taxes, during the year named above, showing that the taxes had been properly paid. This being the case we recommend that the prayer of the petitioner be granted, and we ask the adoption of the following resolution:

*Resolved*, That the Controller be authorized to draw a warrant on the Contingent Fund in favor of Wm. J. Waterman for \$30 41, and also that the Treasurer be directed to cancel the sale of the above described property for the taxes of 1887.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks and the President pro tem—21.  
*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes, to whom was referred the petitions of Samuel Zug and Wm. W. Magee, asking for a reduction of their paving assessments, report:

The property of the former is situated on the north side of Woodbridge street. The lot upon which he asks a reduction has a frontage of 90 feet and a width at the rear of 80 feet, with a depth of 255 feet. The lot is not, we think, of such an irregular shape as to entitle the owner to any reduction, especially as he owns two lots immediately adjacent on the east.

The lot of Mr. Magee is situated on the corner of Ninth and Grand River avenues, and is of the same shape and about the same size as a lot on the corner of Grand River and Third avenues, upon the assessment of which the Council recently decided not to allow any reduction. We believe in applying the rule equally.

We report the petitions back and recommend that their prayers be denied.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and the recommendations were concurred in.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes to whom was referred the petition of Antoine Morosa, asking for the cancellation of the sale of some property owned by him for the city taxes of 1874, report:

Through a misunderstanding a portion of out-lot 44, St. Aubin farm, owned by the petitioners was assessed to other parties who neglected or refused to pay the taxes, hence its sale. No fault can be attributed to Mr. Morosa, hence we think the prayer of his petition should be granted and we ask the adoption of the following resolution:

*Resolved*, That the City Treasurer be instructed to receive from Antoine Morosa \$12 23, the amount assessed against the south 137.31 feet of out-lot 44, St. Aubin farm, for the taxes of 1874 and cancel the sale of said property for the year named.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
J. DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President pro tem—21.  
*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes, to whom was referred the petition of David D. Fish asking the Council to refund to him \$395 paid for the opening of Labrosse street, report:

The petitioner claims that the opening of said Labrosse street was of no benefit to him, and for this reason, asks that the money be refunded. Under the recent law the questions of benefits and damages were determined exclusively by the juries who were the sole judges in all such cases. The council had no authority whatever to change the awards of the juries and we do not know that any authority is now vested in this body to determine who was or who was not benefited. We therefore report the petition back and ask to be discharged from the further consideration of the matter.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
J. DALY.

Accepted and concurred in.

ORDINANCES.

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned, to whom was referred the City Attorney's communication in relation to the stone sidewalk ordinance, herewith submit an amendatory ordinance, conforming to the recommendation of said communication.

As to the communication from the Board of Health relating to the removal of garbage, etc., we report as follows:

1. If the Board recommend that all persons occupying lots shall keep boxes in the back or rear

end of their lots for the reception of garbage and waste material, we report, upon due consideration and consultation, that the Common Council have not jurisdiction. Private parties are not responsible and liable for nuisances unless they create or maintain them. For the prevention of nuisances upon private premises we are of the opinion that the existing ordinances are sufficient.

2. If the Board recommend that a box be kept and maintained in the alley in the rear of premises for the reception of garbage and waste material, we report as follows: That in our judgment the granting of permission, and requiring by ordinance of a box to be kept as proposed, for the purpose named, would result in the obstruction of most of the alleys in the city, especially those less than twenty feet in width, of which there are many; also render them unsightly, and tend to filth them up and make them unclean and unhealthy.

We believe the precedent sought to be established would be dangerous, to say the least, and think the ends sought may be fairly accomplished by an effective enforcement of the present ordinances against nuisances.

Very respectfully,  
M. P. CHRISTIAN,  
PAUL GIES.

Accepted, and the ordinance was read twice by its title, as follows: "An ordinance amending section 1 of an ordinance entitled 'an ordinance regulating the construction and width of stone sidewalks.'"

Laid on the table and ordered printed in the journal.

#### COMMUNICATION.

Extensive preparations have been made for the becoming observance of the one hundredth natal day of the great Irish agitator and advocate of human rights. GENTLEMEN—I herewith submit the following pay roll city officers Superior Court, July, \$668 66, for your approval.

Very Respectfully, etc.,

E. I. GARFIELD.

Controller.

Accepted and referred to the Committee on Claims and Accounts.

FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—The sanitary officers of the Police Department inform me that, under the requirements of the present ordinance, all the scavenger work connected with the cleaning of privies which ought to be done, is not done, and that the person in charge of the apparatus required to do said work properly, under the ordinance, has expressed his inability to meet all the demands.

As the nuisance attending the maintenance of an offensive or unwholesome privy is liable to be much greater than that attending the emptying of a vault, even as done under the old ordinance, I respectfully inquire if a modification of the ordinance would not be beneficial to the people of the city?

The scavengers working under the present ordinance should fill orders more promptly and do more work, or the ordinance should be changed so as to permit others to work.

Very respectfully,

F. G. RUSSELL,  
City Attorney.

Accepted and referred to the Committee on Ordinances.

HOUSE OF CORRECTION.

To the Honorable the Common Council:  
GENTLEMEN—Your Committee on the House of Correction, to whom was referred the communication of the Inspectors asking for an appropriation to make certain needed changes in the building, etc., have given the subject careful and mature consideration and submit the following for the favorable consideration of your honorable body:

The present crowded state of the cells demands an enlargement of cell room, but not to such an extent as was deemed best some time since, as the near completion of the State House of Correction at Ionia will relieve it somewhat.

Your committee have examined the plans and specifications submitted by the Inspectors and approve them, which are as follows: The assignment of the House of Shelter (now useless) to the Superintendent as a residence, and convert the apartments now used by him into offices, dormitories for officers and guards, prison dining-room and cells for male prisoners.

This arrangement will provide seventy (70) additional cells, and supercedes the necessity for repairs to the chapel building, (involving a cost of from \$4,000 to \$5,000), which must be made if this change is not effected.

These changes and the needed improvements to work-shops will not exceed \$16,000.

Your committee would therefore recommend that the sum of \$16,000 (remaining unissued) of the public building stock of the city of Detroit be issued and the proceeds of such sale be applied to perfect the alterations and improvements proposed, and they ask for the adoption of the annexed resolution.

Very respectfully,  
GEO. W. HOUGH,  
SEYMOUR FINNEY,  
PAUL GIES.

Resolved, That the Committee on Loans be, and they are hereby authorized and directed to issue sixteen thousand (\$16,000) dollars of the public building stock of the city of Detroit, and negotiate the same on the best terms practicable, at not less than par, and place the avails of the same to the credit of the House of Correction fund.

Accepted, objected to and laid over under the rules.

Accepted and referred to the Committee on Ways and Means.

## FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of Nazareth Hill and others, for paving Grand River avenue, from the terminus of the present paving to the city limits, report:

The Board concedes the necessity for paving this strip, as stated by the petitioners, and were said petitioners the owners or representatives of the property to be assessed for the expense thereof, would be pleased to recommend the granting of their prayer, but inasmuch as the city has already expended the amount authorized by the charter for such purpose without the petition of property-owners liable for the cost thereof, they are compelled to report otherwise.

Respectfully submitted.

HARVEY KING,  
President.

Accepted and placed on file.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of the Trustees of the Woman's Hospital and Foundling's Home for the construction of a sewer from their property to intersect with the Twelfth street sewer, report:

In order to comply with the prayer of the petitioners it would be necessary to extend an arm from the Twelfth street sewer to the lots on which said society contemplate building, a distance of about 400 feet. The cost of the same will be about \$400, which amount was not included in the estimates, and therefore the sewer cannot legally be constructed by the city. However, should the society be so disposed, the Board would suggest that the work be done at its individual expense, and await the time when property owners in that locality will see the necessity of connecting their drains therewith, who will be only too glad to pay their proportion of the cost of said sum for the privilege afforded.

Not being able to legally comply with the prayer of the petitioners the Board, with the above suggestion, respectfully ask to be discharged from the further consideration of the subject matter.

Respectfully submitted.

HARVEY KING,  
President.

Accepted and concurred in.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The south side of Grand River avenue at the railroad crossing is obstructed by cattle guards, culverts, etc, which so lessens the

width of the same at that point, as to render the crossing unsafe, and dangerous to life and limb. The travel on said avenue is on the increase, and not only as a precautionary measure, but for the convenience of the public it is deemed necessary that these obstructions should be removed. Also, in the same vicinity the Detroit, Howell and Lansing Plank Road Company's toll house and gate are in the street, and should be removed. The Board respectfully recommend that proper steps be taken to have the above mentioned obstructions removed from said avenue.

Respectfully, etc.,  
HARVEY KING,  
President.

Accepted, and on leave being granted, Ald. Hough offered the following:

Resolved, That the Board of Public Works be directed to notify the Detroit and Bay City and the Detroit and Toledo Railroad Companies to remove all cattle guards, culverts, etc., at the Railroad crossing on Grand River avenue to the proper line of said avenue; also, that said Board notify the Detroit and Howell Plank Road Company to remove their toll house and gate from said avenue.

Adopted.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works respectfully report that the paving of St. Aubin avenue is fully completed from the south line of Mullett street to the north line of Chestnut street.

The pavement is of wood, and has this day been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractors for paving said avenue as follows:

For intersections, etc., etc., being the whole amount for work as far as completed .....	\$1,991 31
For cost of advertising, etc. ....	34 00
On parts 2, 3, 4 of assessment roll, payable in Street Paving Bonds .....	4,697 44

Total amount .....

Respectfully, etc.,

HARVEY KING,  
President.

Accepted, and by unanimous consent Ald. Horn offered the following:

WHEREAS, It appears from communication from the Board of Public Works that the paving on St. Aubin avenue, from the south line of Mullett street to the north line of Chestnut street has been fully completed; and

WHEREAS, Said avenue has been examined by the Board of Public Works, and the pavement of said avenue has been found to have been done in accordance with the contract and specifications for the same; therefore

Resolved, That the pavement on said St. Aubin avenue be and is hereby accepted, from the south line of Mullett street to the north line of Chestnut street; and further

Resolved, That the City Controller be and is hereby authorized to draw his warrant on the City Treasurer in payment of the intersections, etc., of said St. Aubin avenue to the amount of \$1,915 31, the same being the whole amount due the contractors for paving said avenue, and for the cost of advertising, and also to issue and deliver to the contractors for paving said avenue, Street Paving Bonds to the amount of \$4,697 44, in accordance with parts 2, 3 and 4 of the assessment roll, said bonds to be dated and delivered 30 days after the date of the confirmation by this Council of said assessment roll.

Adopted as follows:

## FROM THE BOARD OF FIRE COMMISSIONERS.

To the Honorable the Common Council:

GENTLEMEN—The Fire Commission, to whom was referred the petition of J. Lucking for per-

mission to put a new roof on a shed in the rear of 225 Woodward avenue, respectfully report an examination of the premises, which proves that the improvement contemplated would tend to materially decrease the fire risk, as the roof now is covered with shingles, and so conformed as to retain sparks and cinders in the event of a fire in the vicinity. It is proposed to substitute for the same a flat one of gravel. It is therefore recommended that the prayer of the petitioner aforesaid be granted.

By direction of the Board.

Very respectfully,  
FRED. H. SEYMOUR,  
Secretary.

### COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT,

MAYOR'S OFFICE, August 10, 1875. }

To the Honorable the Common Council:

GENTLEMEN—I return to your honorable body without my approval, that part of your proceedings on the 6th inst. authorizing the keeping open of all places of public resort where liquors are sold on Sundays from one till ten o'clock P. M. for the following reasons:

Your resolution authorizes the keeping open of houses where liquor is sold only, and does not seem to allow the selling thereof. consequently if the keepers of these houses sell they will be amenable to the State laws (if any exist), prohibiting the transaction of all unnecessary business on Sunday.

The late legislative act conferring the power on this municipality to regulate certain traffic on the first day of the week may repeal the law heretofore existing, by implication, but it certainly does not in terms, therefore, until a decision is made by the Supreme Court, I recommend that all action in this matter on the part of your honorable body be suspended. #### ORDINANCES.

To the Honorable the Common Council:

**GENTLEMEN**—As instructed by your honorable body, the undersigned herewith submit an ordinance changing "Campus Martius" to Cadillac Square.

Upon the petition of J. M. French for a modification of the ordinance relative to licenses for shows, circuses, etc., so that he may place on exhibition certain animals owned by him for a license fee, to be estimated according to the amount of receipts, report that they have carefully considered the matter, and, while desirous as much as possible of recommending action favorable to those whose business interests are in the city, are satisfied that to change an ordinance to meet the exigencies of a particular case, or the wants of a single person, would be establishing a dangerous

precedent; therefore, and inasmuch as the ordinance establishing the license fees for shows, etc., was very recently before your honorable body, since the presentation of Mr. French's petition, and slightly modified, we feel constrained to report adversely.

Very respectfully,

M. P. CHRISTIAN,  
GEO. W. HOU JR.,  
PAUL GIES.

Accepted, and on motion of Ald. Christian the ordinance was read twice by its title, as follows: "An ordinance changing the name of Campus Martius to Cadillac Square."

Ald. Hough moved to indefinitely postpone further consideration of the ordinance.

The motion of Ald. Christian prevailed.

Laid on the table and ordered printed.

## AN ORDINANCE

To amend Section 5, as amended, of Chapter 37 of the Revised Ordinances of 1871.

It is hereby ordained by the Common Council of the City of Detroit:

SECTION 1. That section 5, as amended, of chapter 37 of the Revised Ordinances of 1871 be, and the same is hereby amended so as to read as follows:

SEC. 5. No person shall obstruct or encumber any public wharf, street, alley or other public space, or any side or crosswalk therein, with any article or thing whatever; or encumber upon, or permit to remain in any such street, alley or space any building, structure or thing owned, occupied or used by him or her, without permission in writing from the Board of Public Works, or after receiving ten days' notice from said Board to remove the same. This section shall not be construed to prohibit merchants and other business persons from using and occupying during the daytime that portion of any street immediately adjoining their places of business for a distance of three feet, for the purpose of displaying their goods and wares, or merchandise; nor shall it be construed to prevent the moving of goods, wares or merchandise across any sidewalk in the way of trade, or for the use of families.

SEC. 2. This ordinance shall take immediate effect.

## FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of M. Martz and others for a lateral sewer in the alley bounded by Gratiot and Campan avenues and Chene and Dubois streets, and the petition of James Roberts and others, for a lateral sewer in the alley bounded by Thirteenth and Thirteenth-and-a-half streets and Sycamore and Ash streets, respectively recommend that the prayer of the respective petitioners be granted, and that the Board be authorized to advertise for five days for proposals for constructing said sewers.

Respectfully submitted,

HARVEY KING,  
President.

*Resolved*, That the following lateral sewers are hereby ordered to be constructed, and that the Board of Public Works shall, and is hereby ordered to advertise five days for proposals for constructing the same, viz:

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the remonstrance of Nelson M. Farran and others, against constructing a lateral sewer in the alley between Seventeenth and Eighteenth streets running north from the Michigan Central Railroad to Macomb Park, report:

It is evident from the present appearance of the locality this sewer is much needed. The lots are low and there being no facilities for drainage, are, at times submerged with water, and from the malaria arising therefrom must necessarily infect the atmosphere with disease. Eighteenth street having been ordered paved it may be a hardship for some to meet the expense of both assessments, but the necessity for this sewer seems so urgent that the matter of cost would not justify the Board in complying with the remonstrance, and therefore recommend that the prayer thereof be denied.

Respectfully submitted,

HARVEY KING,  
President.

Accepted and concurred in.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works respectfully report that the paving of Eighteenth street is fully completed from the south curb line of Michigan avenue to the south line of Francis street.

For cost of advertising, etc.....	34 00

Total amount.....\$5,857 08

Respectfully submitted,

HARVEY KING,  
President.

Accepted, and by unanimous consent Ald. Horn offered the following:

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom was referred the reports of city officers for the week ending Saturday, August 7th, would respectfully report that we have examined the same, and finding them correct, would recommend their adoption.

Very respectfully,

J. B. HINCHMAN,  
WM. A. OWEN.

Accepted and adopted.

#### CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts to whom was referred the Controller's list of approved accounts of the 10th August, 1875, respectfully report that they have examined the same, and believing them to be correct, would recommend that they be paid from the proper funds.

Respectfully submitted,

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly,  
Dorr, Dunlap, Finney, Finnegan, Gies, Guthard,

#### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits have examined the petition of C. A. Jeffrey, referred to them at the last session of the Council, and report that he wishes to raise a sloping roof on his kitchen three feet, so that the same shall be square, thus enabling him to place a gravel roof thereon. He also wishes to extend the said kitchen eight feet in length by six feet in width. His premises are situated on the northwest corner of Hastings and Congress streets, and in order to make these repairs it will be necessary for him to tear down an old shed, 18x3 feet in size, and the fire risk will consequently be diminished. Under these circumstances the committee report in favor of granting the prayer of the petitioner, provided he does not exceed the limits above described.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SEANAHAN.

Accepted and adopted.

#### SEWERS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Sewers to whom was referred the petition of Thomas Bourk, to be relieved from an assessment on his premises for the construction of a lateral sewer in the alley between Twelfth street and Harrison avenue, and Locust and Pine streets, for the reason that his premises are drained into Twelfth street sewer, respectfully recommend that the prayer of the petitioner be denied, the reasons assigned therefor not being sufficient for exemption.

Respectfully submitted,

GEO. W. HOUGH,  
J. A. KURTZ,  
C. C. BLODGETT.

Accepted and the recommendations were concurred in.

#### TAXES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petitions of numerous persons to be refunded assessments paid for opening streets, etc., report as follows:

John Lohr and Gunther Gegal were assessed for opening, an alley in the block bounded by Russell, Ridgelle, Catherine and Mullet streets; Phillip C. Kolb and Wm. Crawford for opening Sixth street; Hollis Jacobs and Messrs. Huff & Vandermeulen for opening Twenty-first street, and Adam Betzinger for the opening of Farnsworth street.

The proceedings taken for these improvements were all completed before the decision of the Supreme Court was given upon the late street opening law, and the awards were also paid. Peaceable possession was given by the parties interested, and the city accepted the possession, and has since continued to exercise it in each case. In some of the cases the streets have been worked and graded, and the others will be when necessities demand it. The people paid the assessments willingly, so far as we know, and they are now enjoying the benefits of the improvement. Your committee cannot conceive that the decision of the Supreme Court can operate so as to abrogate all proceedings for years past for the opening of streets and alleys, and to recognize such a claim would lead to interminable difficulties. The city has no money in its possession to be refunded, all the assessments paid in having been drawn out agreeable to the award of the jury in each case.

Under the circumstances your committee report the petitions back and recommend that the several requests be denied.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted, and the recommendations were concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Alfred Young to be relieved from the payment of the assessment

Its shape, it will thus be seen, is very irregular and we recommend that he be relieved from one half of the assessment and ask the adoption of the following resolution:

*Resolved*, That whenever the whole of the assessment for paving Sibley street in front of the lot referred to in the foregoing report, shall have been paid, the Controller be authorized to draw a warrant on the General Road fund in favor of Alfred Young, for twenty-two dollars and seventy-six cents (\$22 76)

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

FROM THE SAME.

To the Honorable the Common Council:

Your Committee on Taxes, to whom was referred the petition of T. A. Parker, complaining of an over-assessment, report:

The petitioner was assessed in 1874 upon 240 shares of American National Bank stock, when he only owned 200 shares. The mistake is attributed to the attaché of the bank, who made the returns to the assessor. We recommend that the defect be remedied, and ask the adoption of the annexed resolution.

*Resolved*, that the Controller be instructed to draw a warrant on the contingent fund in favor of T. A. Parker for forty-six dollars and seventy-seven cents (\$46 77).

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Shanahan, Wilks and the President—23.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of James Armstrong, to be relieved from a portion of the assessment on his lot for the paving of Eighteenth street, report:

The lot in question is triangular in shape and we recommend the adoption of the annexed resolution, to provide for a refunding of one-quarter of the assessment.

*Resolved*, That whenever the whole of the assessment upon lot No. 261 on the northwest corner of Eighteenth and Francis streets, for paving Eighteenth street shall have been paid, the Controller be authorized to draw a warrant on the General Road Fund in favor of James Armstrong, for one quarter of the cost of paving in front of said lot.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of A. Letekee, to be refunded an over assessment, report:

The petitioner was assessed the present year

upon a mortgage of \$1,850, which, as appears by the records, was discharged on October 2d, 1873, and should not have been placed on the rolls. We recommend that the tax be refunded, and ask the adoption of the following resolution:

*Resolved*, That the Controller be directed to draw his warrant on the contingent fund in favor of A. Letekee for eighteen dollars and forty-nine cents, (\$18 49.)

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—23.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes have examined the petition of Augustus Finguk for refunding a portion of a paving assessment, on account of the irregular shape of his lot. We are of the opinion that the shape of Mr. Finguk's lot is not sufficiently irregular to warrant allowing his claim: we therefore report adversely.

In regard to the petition of M. Rosenberger, asking the refunding of the amount paid by him in opening Canfield avenue, your committee would report that his petition is covered by a former report on Canfield avenue and the refunding of said amount is already provided for.

Relative to the petition of the Little Sisters of the Poor to be refunded the amount paid by them, as assessed for the opening of Dequindre street, we recommend the adoption of the annexed resolution. The city never appropriated any sum to pay the awards of the jury, and it is now too late to do so:

*Resolved*, That the City Treasurer be and is hereby instructed to prepare a refunding roll of the amounts paid by parties in the matter of opening Dequindre street from the north line of outlet 6, Dequindre farm, to Fremont street, and that the Controller draw his warrant on the proper fund for the amount of said roll.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—23.

*Nays*—None.

SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—The undersigned to whom was referred the petition of F. W. Henning and others, asking to have pro rated and divided between them moneys received for a house acquired and sold by the city, in the matter of opening an alley in the Sixth Ward, between Antoine, Hastings, Montcalm and Columbia streets, report the facts to be as stated by petitioners.

We find that a refunding roll ought to be made, and recommend the adoption of the accompanying resolution.

Very respectfully,

E. I. GARFIELD,  
Controller.  
F. G. RUSSELL,  
City Attorney.

*Resolved*, That the City Treasurer be and is hereby instructed to make out a refunding roll for the money received on account of the sale of a house (less expenses) in the above-mentioned alley, and the Controller is hereby authorized to draw his warrant on the Contingent Fund in payment of the same.

FROM THE COUNSELOR.

To the Honorable the Common Council:

The undersigned to whom, with the city attorney, was referred the resolution introduced by Ald. Gies at the last session "to report whether his honor the mayor has a legal right to veto the resolution in regard to allowing saloons, and other

places where malt and spirituous liquors are sold on Sunday, passed by this council on Friday, August 6th, 1875, under the State law approved May 2d, 1875, to regulate the Liquor Traffic law," reports, (the city attorney not concurring), that in his opinion there is no reason for excluding the resolution referred to from the approval or disapproval of the mayor.

The resolution of reference refers to the act as a State law, from which it is sought to be inferred that the act has no direct connection with the affairs of the city. But it will be apparent from examination that all general amendments to the charter and acts affecting the city in any way refer to the Common Council alone as the actor, and the mayor is not mentioned as having any duty to perform under them; yet the approval or disapproval by the mayor of proceedings under all of them has never been raised until now so far as the proceedings of the council show.

The provisions of the act do not even by implication purport to repeal sec. 5, chap. 5, of the charter which distinctly declares: "That every ordinance and resolution (except those relating to offices, salaries and debts) shall before it takes effect be presented by the clerk to the mayor; if the mayor approve thereof he shall thereon write his approval with the date thereof and sign the same, and thereupon such ordinance, resolution or proceeding shall go into effect, and such as he shall not approve and sign he shall return to the Common Council with his objections thereto in writing under cover, sealed, and addressed to the Common Council.

The mayor has in this instance disapproved of the resolution, and returned the same with his objections.

If, as is contended in this case, the mayor has no right to act, then he has in effect been already legislated out of office; and the person who above all others is bound to guard the interests and welfare of our citizens, has become a mere non-entity. In this case he has exercised the right which I claim he has, and as it was his duty to prevent, as secured by law, the desecration of the Sabbath, and the traffic during that day of the very article which causes more deaths, misery and destruction than any other in our city.

I am under the impression (after an examination so far as I am at present able) that the Legislature cannot confer upon the Common Council of this city or the trustees of a village the power to repeal by resolution a statute of the State. Therefore, if I am correct, the resolution of the 6th of August, if passed over the mayor's veto, will have no legal force or effect.

Respectfully submitted,

D. C. HOLBROOK,

City Counselor.

Accepted and placed on file.

FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—Upon the question of the right of the mayor to veto the resolution regulating the time for the opening and closing of saloons on Sunday, although regretting the absence of a common conclusion on this very important subject, I must respectfully differ from the learned and experienced city counselor.

Under our system of government, national, State and municipal, the rule is, that each department, the legislative, executive and judiciary, must act within its own natural and clearly defined limits. The intention of the fundamental law certainly is, that the one man power, that is, the executive, shall not interfere with or attempt to set aside an act of that branch of the government most numerous and directly representing the people except for reasons most serious and conclusive, and to prevent hardship and injustice.

Judge Dillon, in his excellent work upon municipal corporations, says: "Properly and primarily his (the mayor's) duties are executive and administrative, and not judicial or legislative;" again, that "It is important to bear in mind that all his (the mayor's) powers and duties depend entirely upon the provisions of the charter or constituent acts of the corporation and valid by-laws passed in pursuance thereof."

I have the honor to insist that the mayor

cannot lawfully or reasonably act beyond and outside of the provisions of the law creating this office, unless in compliance with some special act relating to the city of Detroit alone, or under some other act in which he is named and it is clearly declared that he may or shall act. Our charter provides, and the enactment was made nearly twenty years ago, that the mayor may act upon and veto any proceeding (certain proceedings excepted) of the Common Council; will any one insist, especially in view of the fact that the charter has been so amended that nobody can safely say what it is, that when the Legislature made this enactment it looked forward to the spring of 1875, contemplating that authority had been given to the mayor of Detroit to veto an act of the Common Council, passed under the terms of a general law of the State, a law nowhere naming or recognizing the office of mayor, but specially naming and conferring authority upon the Common Council?

If I am not mistaken in some of the cities or villages of the State the acts of incorporation do not permit or require that the action of the Common Council or Board of Trustees, as the case may be, shall have the approval of the mayor or president to become valid. If this be so, and the mayor of Detroit has a right to veto the proceeding in question, then we have a law permitting in some places liquor traffic throughout the entire week and desecration of the Sabbath, and absolutely prohibiting it in others. Surely it will not be claimed that a law having such effect would be good.

I think the presumption fair that the Legislature in passing the act known as the "Regulating Law" intended to confer upon the Common Council or Board of Trustees the power to say when saloons should be closed and opened, not only for the purpose of having uniform and general application of the law, but mainly because the legislators knew that aldermen and trustees were continually mingling with and most directly representing the people, and therefore best calculated to determine and direct what effect should be given to the law. I do not believe the Legislature dreamed that anyone would seek to make this general law a tall to every municipal charter of the State.

For the reasons stated, and in light of the fact that the Legislature of Michigan, since the enactment of our city charter, has established so many municipal boards, conferring unusual executive, and even legislative powers upon them, and thereby generally contributing to make the mayor of Detroit a simple figure-head, I feel justified in finding that the mayor had no legal right to veto the resolution in question.

In reaching this conclusion, I desire it to be distinctly understood that I favor no rowdism or desecration of the Sabbath. This liquor question should be met fairly and squarely and the whole liquor business should at least be regulated as stringent, and governed by the same rules as other business.

Very respectfully,

F. G. RUSSELL,  
City Attorney.

Accepted and placed on file.

FROM THE ATTORNEY AND COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned respectfully reports as follows upon the resolution of Ald. Baxter in relation to the right of aldermen to vote, who are liquor dealers, upon any question arising in the council regarding the opening or closing of saloons.

It is to be presumed that every alderman in voting upon any question before the council remembers the obligation of his oath and is acting in good faith, without prejudice or expectation of personal pecuniary gain.

It is also to be understood that, as a rule, Common Councils and other legislative bodies in this country are the sole judges of the qualifications of members, and have full power to determine the rights and settle all questions as to the privileges of members.

If in the question submitted the real point were whether the aldermen alone should open and close

their respective saloons at certain times, the interest would be so direct and personal as to relieve the matter of all doubt. If, however, as in this case, the interest is simply that which a large class of our citizens pursue, and such that, if it barred him from voting, would take from him the power and liberty to carry on a business lawful to be carried on by any and all of his constituents, it would be absurd to hold that he has no right to vote. If the aldermen of this council because of interest in liquor business cannot vote upon the question under consideration, for like reasons many of the best men could be kept out of legislative halls, and very often legislation be hampered and the welfare of the people endangered. On the gold coin bill before the British Parliament in 1811, the point was raised that certain members of the House were members likewise of the corporation of the Bank of England, and therefore interested in the pending bill. In deciding the matter, Speaker Addington gave his opinion as follows: "The rule was very plain. If they opened their journals they would find it established 300 years ago, and then spoken of as an ancient practice, that a personal interest in a question disqualified a member from voting. But this interest, it should be further understood, must be a direct pecuniary interest, separately belonging to the persons whose votes were questioned, not in common with the rest of His Majesty's subjects or on a matter of state policy."

This question was raised February 19th, 1840, in the House of Representatives of Massachusetts, on a bill to increase the capital stock of the Boston and Sandwich Glass Company, three members of the company voting against an amendment. Speaker Winthrop, referring to previous decisions of his on the same point, in a very elaborate opinion, sustained by the House, on appeal decided that the votes of the members who were stockholders of said company could not be excluded. In many other cases of like character, of much later and even recent date, both in England and in our own country, in Congress and State Legislatures, the same decisions have been made; so that the rule may fairly be stated to be, that the intent of a legislator in order to exclude him from voting must be separate and distinct, and not merely enjoyed by him in common with his fellow-citizens.

The undersigned therefore concludes that "aldermen who are dealers in liquor" have a right to vote upon any question lawfully arising in the council relative to the keeping open or closing of saloons, etc.

Very respectfully,

F. G. RUSSELL,  
City Attorney.

I concur fully in the above.

D. C. HOLBROOK,  
City Counselor.

Accepted and placed on file.

FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—Janet C. Smith, claiming to be a citizen or subject of the Kingdom of Great Britain, has commenced suit against the city to recover damages on account of alleged injury from a defective sidewalk in this city. I recommend a reference of the matter to the City Counselor with the usual instructions.

Very respectfully,

F. G. RUSSELL,  
City Attorney.

Accepted, and the recommendations were concurred in.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of Peter Koschitz and others, for a lateral sewer from the west line of lot 191 Cass subdivision of the Mullett farm, on the north side of Antietam street to Russell street, respectfully recommend that the prayer of the petitioners be granted.

Respectfully, etc.,

HARVEY KING,  
President.

Accepted, and on consent being granted, Ald. Hough offered the following:

*Resolved*, That a lateral sewer is hereby ordered to be constructed on the north side of Antietam street, from the west line of lot 191, Cass subdivision of the Mullet farm, to Russell street, and that the Board of Public Works shall, and is hereby ordered to advertise five days for proposals for constructing the same.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—22.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of George F. Fuller and others, for the removal of the large elm tree in the centre of Brady street, at its intersection with Woodward avenue, report:

That in grading Brady street preparatory to paving the same, the roots of the tree will be brought to a level with the surface of the street, thereby leaving it to the mercy of the elements, liable at any time to be blown over. It is also conjectured by those who have had experience in such matters, that when deprived of its roots the tree will soon wither and die, and instead of being an ornament will become an eyesore to the community. The tree is also an obstruction, and should it be permitted to remain will be an impediment to travel on said street. Therefore, there being no particular benefit to be derived therefrom, except as an old landmark, the Board recommend that the prayer of the petitioners be granted.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and on leave Ald. Guthard offered the following:

*Resolved*, That the Board of Public Works be and they are hereby directed to cause to be cut down and removed therefrom the old elm tree in center of Brady street at its intersection with Woodward avenue.

Objected to and laid over.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works respectfully report that the paving of St. Aubin avenue is fully completed from the north line of German street to the south curb of Gratiot avenue.

The pavement is of wood and has this day been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractors for paving said street as follows:

For intersections, etc., etc., being the whole amount for work as far as completed. . . . . \$ 294 00

For cost of advertising, etc. . . . .

On parts 2, 3, 4 of assessment roll, payable in street paving bonds . . . . . 2,768 40

Total amount. . . . . \$2,968 00

Very respectfully,

HARVEY KING,

President.

Accepted, and by unanimous consent, Ald. Horn offered the following:

WHEREAS, it appears from communication from the Board of Public Works that the paving on St. Aubin avenue from the north line of German street to the south curb line of Gratiot avenue, has been fully completed; and

WHEREAS, said avenue has been examined by the Board of Public Works, and the pavement of said avenue has been found to have been done in accordance with the contract and specifications for the same; therefore

*Resolved*, That the pavement on said St. Aubin avenue be, and is hereby accepted, from the north line of German street to the south curb line of Gratiot avenue; and further

*Resolved*, That the City Controller be, and is hereby authorized to draw his warrant on the City Treasurer in payment of the intersections, etc., of said St. Aubin avenue to the amount of \$294 00, the same being the whole amount due the contractors for paving said avenue, and also to issue and deliver to the contractors for paving said avenue, street paving bonds to the amount of \$2,768 40 in accordance with parts 2, 3 and 4 of the assessment roll, said bonds to be dated and delivered 30 days after the date of the confirmation by this Council of said assessment roll.

Adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks and the President—22.

*Nays*—None.

FROM THE BOARD OF FIRE COMMISSIONERS.

To the Honorable the Common Council:

GENTLEMEN—The Fire Commission, to whom was referred the petition of D. E. Rice, praying for permission to put a new roof on his mechanic shop, respectfully report an examination of the premises, and that it is the intention of said petitioner to substitute a gravel for a shingle roof, which change will tend to decrease the fire risk. It is therefore recommended that the prayer of said petitioner be granted.

The Fire Commission would also report adverse to allowing J. H. Bearss to erect a frame office on the corner of State street and Park place, as the said location is in the heart of the fire limits.

By direction of the Board.

Very respectfully,

FRED. H. SEYMOUR,

Secretary.

Accepted and concurred in.

FROM THE CITY CLERK.

That he presented the proceedings of the last Council to the Mayor on the 14th inst., and they were approved on the same day.

REPORTS OF COMMITTEES.

STREETS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Streets to whom were referred the petitions of Jas. A. Jackson and J. W. Curtis for ornamental lamp posts in

front of their premises respectfully report in favor of granting the same. We report adversely to the petition of Abbott & Mathews to hang a canvass sign in front of their premises, for the reason that such permission would be contrary to the ordinance regulating signs. We ask the reference of the petition of Arthur Bassett for the refunding of a street opening assessment to the Committee on Taxes.

J. HORN, JR.,  
M. P. CHRISTIAN,  
WM. A. OWEN.

Accepted and adopted.

#### SEWERS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Sewers to whom was referred the remonstrance of L. Nolan and others against constructing a lateral sewer in the alley north of Michigan avenue between Second and Third streets from Second to L-wis street, for the reason that their sewer is good, and drainage complete, report:

The attention of the Board of Public Works has been repeatedly called to the condition of the sewer in this alley, and on examination found it not only clogged up but falling into decay, and it was deemed advisable by said Board that a brick sewer be substituted therefor. Notwithstanding this fact the property owners seem adverse thereto, and in deference to their wishes the Committee recommend that further proceedings in the premises be discontinued.

Respectfully submitted,

GEO. W. HOUJH,  
J. A. KURTZ,  
C. C. BLODGETT.

Accepted and the above recommendations were concurred in.

#### TAXES.

To the Honorable the Common Council:

Your Committee on Taxes, to whom was referred the petition of Geo. Moeb, assignee of the Weber Furniture Company, and also Henry Weber, asking to be relieved from the taxes assessed the present year upon the real estate on the corner of John R and Montcalm streets, and also the buildings and stocks destroyed by the conflagration of April 29th, report:

The application is one that elicited the fullest possible sympathy of the committee, and while we may regret the result of the disaster, we are unable to find any authority under the charter which will enable the Council to grant the prayer of the petitioner.

We therefore report the petition back and ask to be discharged from the further consideration of the subject.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and the above recommendations were concurred in.

#### SPECIAL.

## COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT, {

MAYOR'S OFFICE, August 30, 1875. {

To the Honorable the Common Council:

GENTLEMEN—I return to your honorable body without approval that part of your proceedings on the 17th inst., by resolution authorizing the keeping open on Sundays, in this city, from half-past one P. M. to ten o'clock P. M., which resolution,

although not very definite in terms, I understand to mean all places of public resort where liquors are sold, and the reasons for disapproval thereof were set forth in my message to your honorable body on the 10th inst. I also send you herewith the additional reason that the original State Sunday law was partially enforced by the police on the last Sunday, and that quiet and good order prevailed in our city to an extent heretofore unknown for many years.

Very respectfully,

H. MOFFAT, Mayor.

Ald. Gies moved that the communication be rejected and returned to His Honor the Mayor.

Ald. Christian moved to amend by accepting the communication and reconsidering the vote by which the resolution referred to was adopted.

Carried as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Wilks and the President—21.

And the motion prevailed.

## FROM THE COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned to whom was referred the petition of A. E. Cooke to sell temperance drinks on Campus Martius, report that petitioner in effect asks the Council for leave to obstruct the street, which violates the ordinance, and the Council cannot permit a street to be used for any such purpose.

Respectfully submitted,

D. C. HOLBKOOK,  
City Counselor.

Accepted and placed on file.

## FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of Thomas Carroll for a lateral sewer in the alley between Congress and Fort streets, and Rivard and Russell streets, and the remonstrance of Patrick Connolly and others against the same, report: That for ordinary purposes there is no doubt but the box drain in the alley will answer, but for draining cellars and deep vaults it has proved inadequate, as is shown by the petitioner for said sewer in his being compelled to employ the Odorous Pumping Machine, in keeping his premises free from water, etc. The premises have been examined by the Board, and it is evident from the shallowness of the box drain that a brick sewer should be substituted therefor, and recommend that the prayer of Thomas Carroll be granted.

Respectfully submitted,

HARVEY KING,  
President.

Accepted and on leave, Ald. Hough offered the following:

*Resolved*, That a brick lateral sewer is hereby ordered to be constructed in the alley between Congress and Fort streets and Rivard and Russell streets, and that the Board of Public Works shall, and is hereby directed to advertise five days for proposals for constructing the same.

Objected to and laid over under the rules.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—In reply to a resolution adopted by you honorable body on the 17th inst., requesting the Board to inform the Council why there is no action taken in regard to repairing the paving between the street railway track from Congress street to Monroe avenue, and thence along Croghan street to the middle of Antoine street, the Board would inform you that the Fort street and Elmwood Avenue Railway Company is now repairing its track on Fort street preparatory to paying inside thereof, as required by the ordinance, and will, when completed, repair so much of

said track as is required by the resolution of your honorably body.

Respectfully submitted,  
HARVEY KING, President.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works respectfully report that the paving of Ninth avenue is fully completed from the north line of Leverett street to the north line Howard street.

The pavement is of wood and stone, and has this day been examined by the Board of Public Works, and found to be in accordance with the contract and specifications for the same.

There is due the contractors for paving said avenue as follows:

For intersections, etc., etc., being the whole amount for work as far as completed	\$2,632 69
For cost of advertising, etc.	50 00

Respectfully, etc.,

## REPORTS OF COMMITTEES.

### WAYS AND MEANS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom were referred the reports of various city officers for the week ending August 14th, 1878, respectfully report that we have carefully examined the same and believing them to be correct recommend their adoption.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

Accepted and adopted.

### CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of the 17th of August, 1878, respectfully report that they have examined the same, and believing them to be correct would recommend that they be paid from the proper funds.

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Wilks and the President—21.

Nays—None.

### TAXES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of H. Rosenfeld & Co., to be relieved from the payment of their liquor tax, report: It appears by sworn testimony submitted to your Committee that the petitioners have not sold any liquor at wholesale since the last day of April, 1878; that they have a stock of liquor on hand which they purpose closing out at retail with a view of retiring from the

business entirely. They were assessed as wholesale dealers and now ask that their assessment be changed for the reason before stated. There is no way set forth in the liquor taxing law for changing any such assessment, after it is once made, consequently we cannot recommend any. As, however, the petitioners became retail liquor dealers before the assessment rolls were made out, and were only prevented from making the correction by the absence of the senior member of the firm from the city, we think that the prayer of the petitioner should be granted. And to effect this result, we recommend the adoption of the annexed resolution.

*Resolved*, That whenever it shall appear that H. Rosenfield & Co., have paid the whole of the liquor tax assessed against them, as wholesale dealers, and that the money has actually been paid into the city treasury, the Controller be authorized to draw a warrant in their favor on the contingent fund for \$150.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted, objected to and laid over under the rules.

#### GAS LIGHTS

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Gas Lights to whom was referred the resolution of Ald. Baxter, in relation to the necessity of erecting an additional number of gas lamps on Jefferson avenue, respectfully report that the blocks east of Dubois street range in length from 600 to 900 feet, and the street is very wide and thickly studded with heavy shade trees. We believe that additional light is needed and we recommend that one lamp be erected on the north side of the avenue between Dubois and Chene streets, and that an additional lamp be placed in the same block on the south side, and also that the lamp now on the south side should be removed further eastward. We recommend that one additional lamp be erected on the south side between Chene street and Campan avenue, and that the one now there in the center of the block be removed further eastward. Also that three lamps be erected between Campan and McDougall avenues, two on the south side and one on the north; also one on the south side between McDougall avenue and Walker street; one on the north side between McDougall and Elmwood avenues, and one on the north side and one on the south side of the avenue, between Leib street and Mt. Elliott avenue.

We ask the adoption of the following resolution:

*Resolved*, That the Board of Public Works be directed to erect public gas lamps in localities specified in the foregoing report, and also change the location of others therein also specified.

*Nays*—None.

GENTLEMEN—The Fire Commission, to whom was referred the petitions of Geo. E. McCulley, Frank Northrop and J. T. Whiting, respectfully report as follows, after having caused due examination to be made of the respective localities in which the petitioners desire to make improvements:

Adverse to allowing Mr. McCulley to erect a frame barn on the corner of Brush and Beacon streets.

In favor of allowing J. T. Whiting to make repairs to the roof of his house, corner of Woodbridge and Rivard streets, as the change contemplated will not increase the fire risk.

With regard to the petition of Frank Northrop, under the ordinances he is entitled to do what he petitions for.

By direction of the Board,

Very respectfully,

FRED. H. SEYMOUR,  
Secretary.

#### REPORTS OF COMMITTEES.

##### WAYS AND MEANS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom were referred the bonds of John Peter Dimmel, John Hein, John West, Nikolaus Dellechneider, Jacob Ackerman, Conrad M., John Block and John Schnitz, Jr., respectfully report that we have examined the same and finding them correct and satisfactory, recommend their approval.

WM. A. OWEN.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Wilks, and the President pro tem—21.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom were referred the communication of the City Controller relative to the bids for coal for City Hall and market, respectfully report that

as there would probably be nothing gained by re-advertising for bids we recommend the adoption of the accompanying resolution.

Respectfully submitted,  
GEORGE DUNLAP,  
WM. A. OWEN.

*Resolved*, That the Controller be and is hereby instructed to contract with A. E. Viger and C. E. Letts for supplying the City Hall and market with coal for one year dividing the amounts evenly between them as nearly as may be.

Accepted, objected to and laid over under the rules.

On motion Ald. Gies was excused from further attendance at this session.

#### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee have examined the petition of John Schlitt from which it appears that he wishes to raise the roof of the main portion of his house, No. 71 Croghan street, between Beaubien and St. Antoine streets, the distance of 2½ feet, and to place a gravel roof on the same. The committee believe that the change will in no wise enlarge the fire risk, and they recommend he be allowed to proceed under the supervision of the Fire Marshal. The petition of Messrs. Purrell & Leonard asks that they be permitted to construct a small wood office, 8x10 feet in size, on Brush street, near Adams avenue. The building will be 20 feet distant from any dwelling, and the committee think the fire risk will not be increased and recommend the prayer of the petitioner be granted. Mr. C. E. Smith wishes to move his frame building a distance of 65 feet towards the front portion of his lot, No. 370 Howard street, and to change the position of a wing attached thereto. The dwelling in its present location abuts upon the alley, and a barn recently constructed adjoining it shuts out the light, thereby making the premises almost useless as a dwelling. The building, when removed, will be distant from any other structure, and as the fire risk is not enhanced, the committee report in favor of granting the prayer of the petitioner.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

#### TAXES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of the House of Providence, asking that the sale of lots 72, 77 and 78, on the Godfrey farm, on the west side of Fourteenth street, for the taxes of 1874, be set aside, report:

The lots in question are actually owned for the purposes for which this charitable institution was incorporated, and as such, we are advised by the City Counselor, they are, by statute, exempted from taxation. We therefore recommend the adoption of the following resolution:

*Resolved*, That the City Treasurer be directed to cancel the sale to the city of Detroit of lots 72, 77 and 78, Godfrey farm, on the west side of Fourteenth street, for the city taxes of 1874.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted, and the recommendations of the committee were concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks and the President pro tem—30.

*Nays*—None.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom were referred the petitions of Charles Wittenberg, Arthur Bassett and Christian Burk have considered the questions and report thereon as follows: Mr. Wittenberg asks for a reduction of the assessment on his lot on Eighteenth street for

paving. Your Committee, as in many other similar cases, are of the opinion that the lot in question is not sufficiently irregular in shape to entitle the owner to any reduction and we therefore recommend that the prayer of the petition be denied.

The subject matters of the claims of Mr. Bassett and Mr. Burk have heretofore been reported upon, and we recommend that they be earnestly requested to walk up to the Treasurer's office and there obtain the money that awaits their coming.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of Thomas Pitts, representing that he was assessed upon the tax rolls of 1876 for a mortgage amounting to \$15,000, which had been transferred to another party in 1874, and claiming exemption on that account, report:

The Assessor's books do not show that the petitioner is assessed upon a mortgage but upon personal property of an entirely different character, the value of which seems to have been passed upon by the Board of Review. We are, therefore, compelled to recommend that the claim be rejected.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of Brig. Gen. Phillip St. George Cooke, asking to be exempted from taxes assessed in 1874 and 1875, upon two horses, report:

The animals in question comprise a portion of the petitioner's personal estate. They are not owned by the United States, and consequently, under the State Statutes, are not exempt from taxation. We are unable, under the circumstances, to afford the petitioner the relief prayed for, and report the petition back, with the recommendation that we be discharged from the further consideration of the subject.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in.

## COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT, }

MAYOR'S OFFICE, August 30, 1875. }

To the Honorable the Common Council:

GENTLEMEN—A distressing and fatal accident happened on the Campus Martius on the 27th inst. on the line of the Gratiot Avenue Street Railway, and as there are seven distinct and often crowded thoroughfares centering there I beg to recommend that your honorable body pass an amendatory ordinance compelling the managers of all street cars which traverse the square to reduce their speed to a slow walk upon crossing the line and entering the said Campus Martius, and continue to walk their horses through the same; also that they shall on each and every car display a sign designating their route painted on both sides of each of said cars with conspicuous letters, so as to be easily read across the whole width of the Campus Martius.

I also further recommend that street car drivers be licensed and enter into bonds for their good behavior the same as hack drivers, and that the brakes on each street car throughout the city be examined by the police, and that provision be made to fine the companies where any brakes are found out of order.

Very respectfully,  
H. MOFFAT, Mayor.

## FROM THE COUNSELOR AND ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—Conforming to the requirements of a resolution of your honorable body adopted, the undersigned respectfully report that they are of the opinion that under the law and the decisions of the Supreme Court, every plank road company having a toll gate within the city limits has the legal right to keep and maintain such gate within said limits, and will retain possession of said right until the same be terminated by release, abandonment or decree of the proper court.

We further report, that any plank road company still having the legal right to operate and maintain a plank road on any street within the city, has the legal right to demand and collect toll from any person seeking to pass its gate for using and passing over such road within the city, although the entire of such road and the street in which it is, is paved and kept in repair wholly by the city or adjoining property owners.

We believe that no such company, under such circumstances, are equitably entitled to collect, but are of the opinion that it may lawfully until a proper judicial tribunal has decided such right to have been forfeited or the company has released or abandoned it.

Very respectfully,  
D. C. HOLBROOK,  
City Counselor.  
F. G. RUSSELL,  
City Attorney.

Accepted and placed on file.

## FROM THE COUNSELOR, ATTORNEY AND ENGINEER.

To the Honorable the Common Council:

GENTLEMEN—As instructed by resolution of your honorable body the undersigned report that they have made examination of the plate and records and find that streets are legally open to the channel bank of the Detroit River as follows:

Adair street.  
Joseph Campan avenue.  
Orleans street.  
Riopelle street.  
Rivard street.

Randolph street.  
Bates street.  
Woodward avenue.  
Griawold street.  
Wayne street.  
First, Second and Third streets.  
Eighteenth-and-a-half street.  
Twenty-fourth street.  
Mt. Elliott, McDougall avenues and Seventeenth and-a-half street appear to be open to the margin of the river only.

Very respectfully,

D. C. HOLBROOK,  
City Counselor.  
F. G. RUSSELL,  
City Attorney.  
H. D. LUDDEN,  
City Engineer.

Accepted and placed on file.

## FROM THE COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned to whom was referred the resolution introduced by Ald. Gies, to report whether a person can legally hold the office of City Treasurer, who is a stock holder in a printing office or newspaper, that has a contract for the city printing reports: That in his opinion a stock holder in a corporation does not come within the prohibition of the charter relating to officers being interested directly or indirectly in contracts with the city.

A corporation is an individual known and recognized by law as distinct from its share holders who have no interest in its profits and dividends until actually declared to be paid to such stock holder. Whether such dividends will ever be declared is a contingency too remote to say that any interest in any such contract, can exist.

If stockholders in a corporation are excluded from holding offices under the city, then a large body of worthy citizens would consider it an objection to holding an office, for the reason that such corporation has or might have dealings with the city.

The above reasons would not apply to a mere partnership, where each partner would be held by law directly liable and directly entitled to a share of the profits. Respectfully submitted,

D. C. HOLBROOK,  
City Counselor.

Accepted and placed on file.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, by resolution offered by Ald. Christian, being required to give his opinion as to whether the junior alderman of the Seventh ward "is legally entitled to hold his seat as a member of this council, as it appears from the records of the Board of Public Works that the firm of Paul Gies & Co., of which firm said alderman is a senior member, has at various times during the present summer entered into agreements with said board for the performance of labor, and the furnishing of materials for said city; and since it further appears from the books of the controller's office, that on one of such agreements, said firm on the 18th day of July last received the controller's warrant on the city treasurer for the sum of \$208 75, with the presumed intent to get gain thereby, contrary to the provisions of section 11, chapter 2, of the charter of the city of Detroit," reports: That the resolution quoted assumes an agreement was entered into between the Board of Public Works and the firm of Paul Gies & Co. The facts are that there was not as the undersigned is informed by the board) any agreement entered into; but the board ordered at different times lumber and materials to be furnished and labor to be performed by the firm of Paul Gies & Co., in the usual and ordinary way, in such cases as was convenient without any previous agreement on the part of said firm to furnish the same.

I have no hesitation in saying that if this lumber and work had been furnished under an agreement, written or verbal, it would have the effect to vacate the office held by the alderman; but I do not think an alderman forfeits his seat by filing the orders of the city, as was done in this case.

If it should, then the city could not purchase any article of an alderman, nor have any dealings with him, and thereby the city might be put to great inconvenience and expense.

Respectfully submitted,

D. C. HOLBROOK,  
City Counselor.

Accepted and placed on file.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—It is recommended that authority be given to the Board of Public Works to advertise five days for proposals for furnishing the labor and such material as may be required for constructing a basin in the Adelaide Campau Park.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—It is recommended by the Board of Public Works that said Board be authorized to advertise five days for proposals for furnishing the city with 50 cords of cedar timber cut in such lengths as will be suitable for repairing the pavement on streets paved with pine blocks. Respectfully submitted,

HARVEY KING,  
President.

Accepted, and on leave, Ald. Horn offered the following:

## COMMUNICATIONS FROM CITY OFFICERS.

FROM THE CONTROLLER.

To the Honorable the Common Council:

GENTLEMEN—In reply to the resolution of Ald. Dunlap, inquiring what amount of money, if any, the city receives for rent of wharves at the foot of streets, I submit the following:

Adair street, nothing.  
Jos. Campan avenue, nothing.  
Orleans street, nothing.  
Riopelle street, fifty dollars per annum.  
Rivard street, nothing.  
Randolph street, nothing.  
Bates street, nothing.  
Woodward avenue, nothing.  
Griswold street, kept in repair by tenant.  
Wayne street, nothing.  
First street, nothing.  
Second street, nothing.  
Third street, nothing.  
Eighteen-and-half street, nothing.  
Twenty-fourth street, nothing.

The docks at the foot of streets are very valuable, and should bring in a good revenue to the city.

It is well known that certain parties have used and are using these docks, for which they pay nothing, thus saving a large sum of money to themselves, while the city gets no benefit. I have no doubt but that properly managed, the revenue from docks, markets, etc., could be trebled, and our annual tax levy would be that amount less.

I fail to see why the city should furnish, free of rent, facilities for doing business to a few, when all others pay large sums either in rent or taxes for the same.

Respectfully, etc.,

E. I. GARFIELD,  
Controller.

Accepted and referred to the Committee on Ways and Means.

Ald. Thompson being present was called to the chair.

FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—At your last session you referred to me a resolution in relation to enforcement of the statutes of the State, without instructions Supposing that you desire the resolution consolidated, I herewith submit it.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Resolved, That the Superintendent of Police be and he is hereby requested to use all diligence in causing an enforcement throughout the city of all statutes of the State, and particularly of sections 1, 2, 3 and 4 of chapter 55 of the Compiled Laws, relating to observance of the Sabbath.

The communication was accepted, and Ald. Guthard moved the adoption of the resolution.

The motion prevailed.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—It is recommended that the Board of Public Works be authorized to advertise ten days for proposals for constructing a public sewer in Eleventh street, from Fort to the south side of Woodbridge street, the same having been ordered to be constructed, and the cost thereof provided for in the estimates.

That the season being far advanced, and as the time for visiting the parks is now drawing to a close, it is deemed inexpedient to place a drinking fountain in the Grand Circus Park this year; the Board therefore recommend that the subject matter be postponed until next spring.

Respectfully submitted,

HARVEY KING,

President.

Accepted and placed on file.

FROM THE CITY CLERK.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom was referred the communication of the City Counselor asking that the Controller be authorized to employ a proper accountant to examine the books and state the accounts of the "late City Treasurer," respectfully report:

That we have carefully considered the whole matter, and find that the said books have been examined by persons better qualified to perform the service than any who are now available, and that it is not probable that any new information can now be acquired by another examination.

The case has been repeatedly tried, and in different courts, and from developments in these trials we believe that no jury will ever agree on a verdict in favor of the city, especially when the proceeding is against a single one of the bondsmen.

In view of these facts, and also of the apparent injustice of continuing a suit against any one man selected from fourteen, many of whom are equally liable with him, asking him in the event of a judgment being rendered against him to prove to the satisfaction of a jury what the city has been unable to prove, viz: in what terms Mr. Leadbeater's defalcations occurred and what amounts in each item we think that true economy as well as justice dictate a discontinuance of the suits and ask the adoption of the following resolution.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

*Resolved*, That the City Counselor be and is hereby instructed to discontinue all suits and other legal proceedings against the bondsmen of E. S. Leadbeater, the late City Treasurer.

Laid on the table for one week.

CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of the 31st of August, 1878, respectfully report that they have examined the same, and, believing them to be correct, would recommend that they be paid from proper funds.

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

ORDINANCES AND ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—The undersigned herewith submit an ordinance authorizing the construction of a transit railway on Woodbridge street, between Eighth and Eleventh streets, in accordance with the resolution of your honorable body.

Very respectfully,

M. P. CHRISTIAN,  
PAUL GIES,  
GEO. W. HOUGH,  
Committee on Ordinances.  
F. G. RUSSELL.

City Attorney.

Accepted, and the ordinance was thereupon read a first and second time by its title, as follows: "An ordinance authorizing the construction of a transit railway on Woodbridge street, from Eleventh street to a point 90 feet easterly of Eighth street, in the city of Detroit."

Laid on the table and ordered printed in the journal.

#### AN ORDINANCE

Authorizing the construction of a transit railway on Woodbridge street from Eleventh street to a point ninety feet easterly of Eighth street, in the city of Detroit.

It is hereby ordained by the Common Council of the city of Detroit:

Sec. 1. Consent, permission and authority are hereby given to David M. Richardson and his assigns of Detroit, Michigan, to construct, operate and maintain a train or transit railway of a single track from Eleventh street along Woodbridge street easterly to a point ninety feet easterly of Eighth street, and also to construct, operate and maintain a switch or side and branch track from said railway across the sidewalk to the lands occupied by the Richardson Match Company so-called so as to connect the land so occupied by said company with the said railway.

A diagram of the route, track and switch of said railway shall be filed with the City Clerk and Engineer within thirty days from the taking effect of this ordinance. Said railway shall be known as the "Woodbridge Street Transit Railway."

Sec. 2. Said grantee is also authorized to connect said railway with the Michigan Central Railroad by means of the necessary turn-outs, branch tracks or switches, and on first obtaining the consent of the Common Council said transit railway may be connected by proper switches and side-tracks with the manufacturing and business establishments occupying lots along the line of said railway on the northerly side of Woodbridge street.

Sec. 3. The track of said railway shall be laid as near as practicable to the northerly curb stone of said Woodbridge street. The rail shall be flat. The lower surface shall be at least three inches wide, the upper surface shall be not to exceed one and three-fourths inches higher than the lower surface, and shall be laid flush with the pavement of the street. Said rails shall be laid four feet eight (8) and a half inches apart, with the upper surface of the rail flush with the surface of the street, and in such a manner as not to interfere with ordinary travel, and particularly of wheeled vehicles, and shall conform to the grade of the streets as existing or hereafter altered.

Sec. 4. If it shall become necessary to relay said rails, the same shall be done at the expense of the grantee, and in all streets or parts of streets which are not paved, the rails shall be laid in such manner as shall least interfere with the public travel thereon, and as shall be authorized and approved by the City Engineer. The grantee and his assigns shall keep the surface of the streets from the northerly curb of Woodbridge street to a line fifteen feet from and parallel therewith in good order and repair, and all snow, ice, dirt and filth cleaned and removed from the same at his own sole expense, in such manner as not to ob-

struct travel in any part of the street. And said grantee and his assigns shall fully indemnify and save harmless the city from and all claims or damages for which he might be made or become liable to pay by reason of the construction, making or operating of said railway, or the giving and allowing of the license, right and privileges hereby granted.

SEC. 5. Said railway shall be laid down subject to the right of the city, or of any gas company, or of the Water Commissioners, to lay down, take up, change or remove any works of any kind on or beneath the surface of the street without any claim for damage on the part of said railway.

SEC. 6. Steam power may be employed to propel the cars to be used on said railway, and said cars may be run at irregular hours, the entire design of said grantee being to transport freight and to accommodate the heavy traffic along the front of said Woodbridge street.

SEC. 7. The trains on said railway shall at all times be entitled to the track, and vehicles on the track shall turn out when any car comes up, so as to leave the track unobstructed, and the driver of any vehicle refusing so to do shall be liable to a fine as provided in section 16 of this ordinance. The rate of speed of any car or engine on said railway shall not exceed five miles an hour.

SEC. 8. Cars drawn in the same direction shall not approach each other within a distance of one hundred feet, except in cases of accident, or at stations, or for the purpose of connecting cars together. All cars shall have rear and front lights as usual on railroads.

SEC. 9. No car, or the engines thereto attached, shall be allowed to stop on a crosswalk, sidewalk or in front of any intersecting street, except to avoid collisions and to prevent danger to persons or property in the street, and conductors shall not allow any person to enter or leave the cars while in motion. Nor shall any engine or car be allowed to remain or stop at the intersection of any street so as to obstruct the free and ordinary use of it.

SEC. 10. The grantee and his assigns shall employ careful, sober and prudent agents, engineers and conductors to take charge of the cars while on the road, and it shall be the duty of all such agents, engineers and conductors to keep vigilant watch for all carriages and persons on foot, especially children, either upon the track or moving toward it. At the first appearance of danger to such teams, carriages, footmen, children or other obstructions, the cars shall be stopped in the shortest time and space possible.

SEC. 11. If hereafter the pavement on said streets, or on any streets occupied by said grantee or his assigns, shall be extended, or any such street shall be ordered paved or repaved, the said grantee and his assigns shall, contemporaneously with the paving or repaving of said streets, at his own expense, excavate, grade and pave or repave, with the same material, or with material in a manner satisfactory to the Common Council, all the portion of the street or streets which lies within the track of said railway switches or turnouts belonging thereto, and two feet four inches on either side thereof, such expenses to include the cost of paving, repaving, grading, excavating, removing of earth, and all expenses necessary for paving or repaving the street to the extent above specified, and at all times keep or cause to be kept in good order or repair such pavement within said track and distance on either side thereof.

SEC. 12. Said grantee and his assigns shall provide and keep in repair at all times such substantial and permanent approaches to the track of said railway at all street crossings that teams, vehicles and persons on foot will be enabled to cross the track conveniently at all times.

SEC. 13. It is hereby reserved to the Common Council of the City of Detroit the right to make amendments to this grant and ordinance, and such further rules, orders or regulations as may from time to time be deemed by the Common Council necessary to protect the interest, safety, welfare or accommodation of the city and public in relation to said railway.

SEC. 14. This ordinance shall be void and of no

effect unless the grantee shall, within one month from the date of the approval thereof, notify the Common Council in writing of his acceptance of and agreement to the provisions of this ordinance and shall, within nine months thereafter, commence the work of constructing and building said railway, and complete the same as soon as the public necessity requires it, and the Common Council shall be the judge of such necessity.

SEC. 15. The powers and privileges conferred by the provisions of this ordinance shall be limited to thirty years from and after its passage.

SEC. 16. Any wilful violation of, or failure to comply with the provisions of this ordinance by said grantee or his assigns or by any agent, conductor, or any person in the employ of said grantee or his assigns, or if the driver of any vehicle shall refuse to turn out as required by section 7, the same shall be punished by a fine not to exceed one hundred dollars and costs, and in the imposition of any such fine and costs the court may make a further sentence than the offender be committed to the county jail, or the Detroit House of Correction, until the payment thereof, for any period of time not exceeding six months.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The undersigned Committee on Ordinances and the City Attorney, to whom was referred the message of His Honor the Mayor in relation to street car regulations, beg leave to report as follows:

We are of the opinion that the Council has no power over the Police Department to secure an examination and supervision by it of the brakes upon street cars; we also doubt the right of the city to require and enforce the licensing of street car drivers.

We submit herewith an ordinance to meet the other recommendations of His Honor.

Very respectfully,

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GIES,  
Committee on Ordinances.  
F. G. RUSSELL,  
City Attorney.

Laid on the table and ordered printed.

#### AN ORDINANCE

Regulating the operation of street railways.

It is hereby ordained by the Common Council of the City of Detroit:

SECTION 1. On any street railway track crossing or entering the Campus Martius in the city of Detroit, no conductor, driver or other person in charge of any street car used or operated upon such track shall permit the horse, horses or other animals attached thereto, or used upon such car to be driven, or to go at a faster pace or rate of speed than a walk on said Campus Martius, or within fifty feet from the boundary lines thereof.

SEC. 2. Every street car for the conveyance of passengers upon any track within the city shall have painted upon each side thereof in large, plain letters, so that the same may be readily seen and read, the number of the car and the route or distance over which the same is operated.

SEC. 3. Any person violating any of the provisions of this ordinance shall be punished by a fine not to exceed the sum of five hundred dollars, and costs, and the offender may be sentenced to be imprisoned in the Detroit House of Correction until the payment thereof, for a term not exceeding six months.

## COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT,

MAYOR'S OFFICE, September 6, 1875. }

To the Honorable the Common Council:

GENTLEMEN—I hereby recommend to your honorable body section 25 of the Police Act, being Section 362 of the City Charter, and on page 300 thereof, where I think you will find that the late report of your Committee on Ordinances and the City Attorney is contrary to the plain letter of the said act, in reporting to your honorable body that the City Council have no power to make requests on, or to pass ordinances to be obeyed by the Police Department in protecting property and the public tranquility, the words in the section reading, "to preserve the public tranquility," must mean the protection of life and limb by the examination of street car brakes, or any other article used in the transportation of passengers. Therefore I again recommend that a clause be inserted in a pending ordinance now before your honorable body to regulate the operation of street railways, to the effect that the Police Department of this city shall be required to examine all street car brakes on street railway cars in this city, and that they shall deal with all delinquents in accord-

ance with your ordinance, to be made in reference thereto.

Very respectfully,

H. MOFFAT, Mayor.

Accepted and referred to the Committee on Ordinances and Attorney.

FROM THE ATTORNEY

To the Honorable the Common Council:

GENTLEMEN—In obedience to your instructions I caused complaints to be made for the purpose of testing the validity of the ordinance imposing taxes upon insurance companies.

The cases were duly brought before the court and His Honor Judge Swift discharged the defendants, holding the notice to make returns served upon them to be void. This decision is unquestionably correct. The particular trouble is that the ordinance in itself is inconsistent and does not conform to the statute. The notice given by the Assessor conformed to the statute and one section of the ordinance; if it had conformed to the 11th section of the ordinance, it would have been worse, for it would not then have conformed to law.

The ordinance was amended September 18th, 1871, but not sufficiently I have doubts, and always have had, of the legal right and power of the city to collect this tax, under existing statutes, and am certain that it cannot do so without a remodeling of the ordinance. Awaiting your further directions, I am

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted and referred to the Committee on Ordinances and Attorney.

# FROM THE BOARD OF PUBLIC WORKS.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, who were directed by your honorable body to transmit the proper resolutions for paving Lafayette avenue from the bridge west to Twelfth street, report:

The resolution evidently contemplates the paving of but a part of a city block, and as chapter 8, section 29 of the City Charter provides that in no case shall a city block be divided in making an assessment district, the Board are of the opinion that the resolutions for paving said avenue could not be legally adopted, inasmuch as the assessment on the lots abutting thereon cannot, under this clause be enforced, and therefore, unless the opinion of the Counselor to the contrary should be obtained, recommend that the further consideration of the matter be postponed until an opportunity is afforded to extend the paving.

Respectfully submitted,

HARVEY KING,

President.

Accepted and placed on file.

##### TAXES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of the Detroit and Saline Plank Road Company for the cancellation of the sale of a lot owned by them for the city taxes of 1871, report:

The lot in question is, by statute exempt from taxation, therefore we recommend the adoption of the following resolution:

*Resolved*, That the City Treasurer be directed to cancel the sale to the City of Detroit of lot No 2, of the subdivision of private claims 62 and 63 of the George B. Porter farm on the north side of Michigan avenue.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted, and the recommendations were concurred in by the following vote:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly,

Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—22.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of P. J. Walsh that he be refunded a highway tax levied on lots 19 and 20 on the south side of Alfred street between Brush and John R streets, respectfully report that we find the facts stated in petition mainly correct but said Walsh is entitled to a refunding of the tax for 1875 only as the assessment roll for paying said Alfred street was confirmed after the levying of the general taxes of 1874. As all persons owning property on Alfred street between Brush and John R streets are affected the same as Mr. Walsh, we ask the adoption of the annexed resolution.

*Resolved*, That the City Treasurer be and is hereby directed to make a refunding roll of all highway taxes levied in 1875 upon all property abutting Alfred street between Brush and John R streets and that the Controller draw his warrant on the proper fund for the amount of said roll.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—22.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of Messrs. Parker, Botsford & Co., claiming that they had been over assessed upon their packing house property in the Twelfth Ward, report:

The valuation now upon the assessment rolls, on which a reduction is asked, was placed there by the deliberate action of the Board of Review, and this being the case the Common Council has now no authority to make any change. We ask to be discharged from the further consideration of the petition.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petitions of Mrs. Herza, Josephine Huber, Honora O'Donnell and A. D. Denny & Co., report thereon as follows:

Mrs. Herza's petition refers to a matter that has before been reported favorably upon, and if there is any money due her she can get it by applying at the office of the City Treasurer.

Josephine Huber claims to own a "tyrannical lot" on the corner of Antoine and Clinton streets, and she asks that the paving assessment be reduced: The lot in question is of a regular shape and was assessed according to law.

Honora O'Donnell wants an alleged alley opening assessment returned, but your Committee cannot find that she has any claim.

A. D. Denny & Co., paved a portion of Michigan avenue in 1868 and they want a reduction allowed in favor of the owner of a triangular lot on the corner of Michigan avenue and Church street.

They do not own the lot referred to, and under the circumstances, should the Council allow the reduction, it would have to be paid to the owner when the whole of the original assessment, and also the costs and charges, should have been paid.

None of these matters, your committee believe

require any serious consideration, and we report them back and ask that they be placed on file.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in.

#### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Fire Limits have examined the petition of Mrs. Fannie E. Terry, to move a shed in the rear of No. 195 Howard street, to the alley. It will not affect the fire risk whatever, and the committee recommend that she be allowed to proceed.

In relation to the petition of Messrs. Holland & Keith, to build a small wood office on Michigan avenue, near Eighth street, we would state that we have inquired at the premises, but have been unable to find either of the above named parties, and we ask to be relieved from further consideration of the matter.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

#### SPECIAL—LINDEN PARK.

To the Honorable the Common Council:

GENTLEMEN—Your Special Committee to whom was referred the communication of the Hon. Moses W. Field, tendering a magnificent gift to the City of Linden Park and proposing to dedicate the same for the free use and benefit of the people forever, have visited the site of the proposed Park and have made a close inspection of the same.

It is located about two and a half miles from the City Hall with approaches by Jefferson avenue, the Mack road, and Gratiot road. It lies about one half a mile north of Jefferson avenue and extends to near one half a mile south of the Mack road and between Lincoln and Townsend avenues, both of which are well graded avenues, and on Lincoln avenue there are nine shade trees on both sides.

The land rises gradually from the south end of the Park to the north, with easy and graceful intermediate undulations. There is a high plateau about the centre and north of that the ground falls gradually to the line of the Bloody Run which crosses the site from about west to east, and at about 900 feet from the upper or north end of the land.

From this point the land rises again gradually to the north end of the Park and the east corner is the highest ground.

A topographical survey has been made of the land by Mr. Field and the whole staked out at every hundred feet, and levels have been taken over the whole showing the relative heights above high water in the Detroit river.

This information has been used in making the plan of the Park, and shows all that is required in laying out the necessary drainage and the sewerage of the Park avenues.

We found the land well wooded all over it and with a great variety of trees, including many varieties of oak and elms, of which there are some very fine specimens. Linden, hickory, yew, more cottonwood, sassafras, balsam of gilead, wild apple, wild plum, wild grapes, the wild scented rose and an innumerable variety of shrubs and undergrowth all of which, by cultivation and care, can be made a most valuable botanical display, and now form one of the most important elements in the construction of the proposed Park.

The ground is composed of a good rich light soil on clay and is well tilled all over.

On account of the contour of the ground the drainage is very good which is an important point in the healthy growth of the trees, the dryness of the drives and walks after rain and the general condition of the Park.

The city water supply is already laid to Lafayette street and will no doubt eventually be laid through to the Gratiot road. This will form a supply for the lakes and fountains shown on the

design of the Park, and for the private residences on the adjacent avenues.

Another prominent and beautiful feature in the site is that from the high ground in the centre and north end, a commanding view will be obtained over the Park grounds and Lake St. Clair.

A plan has been made by the landscape Architect W. G. Clive, of this city, and is now deposited at the City Hall for the inspection of the public. Mr. Field would wish this plan adopted and carried out as it is the result of a good deal of study of the features of the ground combined with a long course of special practice and study in the construction of Public Parks.

We have very carefully examined the plan on the ground and with one slight objection in the widening of a road we consider it a practical and very beautiful design and one which if carried out will form a delightful and highly attractive Park of the city.

The design is based upon the nature and form of the site. The principal and central building, the "Pavilion," is shown upon high ground. The "concourse" for carriages is in front of it, divided from the "parterre," or ornamental flower grounds, by a white stone terraced wall with vases at each angle, and by a broad flight of white stone steps leading on to the parterre, at the lower end of which are two large fountains and an upper terrace, from which, by a broad walk with three flights of steps, the lower terrace at the head of the lower lake is reached. Between the upper and lower terrace and on the sides of the broad walk there will be cascades formed by the water from the fountains falling over rough white stone pitching the sides of which will be planted with water lilies and other aquatic plants.

The lower lake is treated as a natural sheet of water, with sloped sides, planted with evergreens and deciduous plants.

An ornamental Chinese pagoda at the lower end of the lake forms a "point d'appui" in the view from the verandah of the Pavilion, which will embrace in a continuous and direct line the concourse, Parterre, fountains, upper and lower terraces, and Broad walk, cascades, lower Park Lake, with islands and bridges, and beyond a fine view of Lake St. Clair. On the north side of the Pavilion there will be a broad drive, croquet grounds, ornamented at sides with large flower vases and flower beds.

Fountains, and open space with statue, and a central Mall or Broad walk, the end of which will pass under a vine-covered elliptical trellis archway leading onto an ornamental bridge over the upper Lake.

On either side of the Mall, diverging from the statue, will be a broad avenue of elms leading to ornamental seats at foot of large elms now growing.

The upper lake is located on the line of the "Bloody Run," and there will be an island on it for water fowl.

There is a large space of ground at the lower end of the park reserved for base ball and other games. This will be enclosed, as shown on the design, by a raised terraced walk, with seats dividing it from the rural part of the park. There will be a raised ornamental mound, with flagstaff, at the head of the base ball ground. There is a raised platform for band on the east side of the parterre, near the pavilion. There will be ornamented seats provided for visitors under trees, clumps, and at other numerous points in the park, and walks are shown leading to them from the main walks.

There will be an ornamentally treated greenhouse, built on the most modern principles, for raising rare plants and for supplying the ornamental grounds of the Park.

A botanical museum will be erected next to this, both being on the west side of the croquet grounds. The collection will consist principally of American polished woods, wax models of fruits, cereals, etc., birds, fishes, insects, Indian collection of curiosities, etc.

The lower lake is designed in a rural manner, has two islands with arbors, and three ornamental rustic bridges carrying a road connection throughout. This arrangement will in the winter also make a good skating park, and with the addi-

tion of the amusements in the large room of the pavilion will form a great winter resort.

That part of the design outside of the pavilion or ornamental grounds is devoted to a rural treatment of the ground. Walks are laid out from all principal to other points and to the entrances, of which there are ten, including four for carriages, and along the sides of the walks and elsewhere. The grouping and arrangement of the trees, as shown on the design, will give the best and most pleasing vistas and effects. There will be long and wide open stretches of park lawn, without walks, with trees grouped naturally round the sides, and also extensive picnic grounds provided at the north or upper end of the Park and on the highest ground.

The rural treatment will include rustic natural arbors, most of them being made out of existing clumps of trees.

There are two principal carriage entrances on Lincoln avenue with driveways to the concourse and round the pavilion, and a double carriage entrance on Townsend avenue. There are statues shown at each entrance.

There will be an asphalt sidewalk laid round the outside of the Park boundary, and two public drinking fountains, one at each end and outside of the Park.

Mr. Field proposes to furnish all the trees required for planting at his own expense.

It will require five or six years to carry out the improvements and embellishments upon the Park according to the design herewith submitted, and the cost of making the same as per estimate of the architect herewith also submitted, will not exceed \$15,476, and this amount divided into five yearly appropriations will require only \$3,093 per annum to cover the expenditures upon the Park.

#### CONDITIONS.

The conditions upon which Mr. Field proposes to dedicate the land for a Public Park are as follows:

First—That its improvement and ornamentation be carried out by the City of Detroit in accordance with the design above mentioned, and that an annual appropriation be made for the purpose of not less than \$3,000, and that the City shall assume the care and maintenance of the Park forever.

Second—That the ground shall be forever kept for the sole purpose of a Public Park for the health, recreation and pleasure of the people, and shall not be used or diverted for any other purpose whatsoever.

Third—That the use of the stable, gas house, and the two brick cottages now standing on the grounds be reserved until their use or removal be required by the progress of the improvements.

The above furnishes a full description of the grounds and of the project, and your Committee after due deliberation unanimously agree in recommending to your honorable body the acceptance of the munificent gift of Mr. Field, and believing the conditions imposed by him to be liberal, reasonable and proper. We recommend that the City Attorney be directed to prepare the necessary conveyance and dedication for execution, and on the conditions above mentioned.

Very respectfully,

#### SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—Your Special Committee and the City Attorney to whom was referred the petition of Henry Stork and others, relating to building of a lateral sewer in the alley between Antietam, Jay, Chene and Dubois streets, report as follows:

We find that on the 25th day of January, 1865, James Campau leased a large piece of land including that portion of the block where the alley in question is said to be situated, and including the space covered by said alley—no alley then existing; that said lease was for ten years from the 1st of May, 1865; that said lease was assigned, with the consent of said Campau, to Jacob Cronbach March 11th, 1865; that on the 28th day of April, 1869, said Campau and Cronbach executed to F. W. Stenael a lease of a portion of the land mentioned in Cronbach's lease, being 105 feet front on Chene street and 109 feet in depth and along Antietam street; that said portion was so leased according to a certain private plat in the possession of said Campau, showing an alley running westwardly from Chene street and including a part of the land now represented as an alley running north and south; that on the third day of January, 1870, said Campau and Cronbach entered into an agreement, by which the said Cronbach was authorized to sublet the premises or any part thereof, mentioned in the first lease herein referred to, for any time not exceeding ten years; the tenants of said Cronbach to become the tenants of said Campau on the 1st day of May, 1875, the date of expiration of Cronbach's lease; that on the 13th of September, 1872, said Campau caused to be recorded a plat by him made, in Liber 3, page 17 of plats, in the County Register's office, wherein it appears that said Campau dedicated an alley running across the premises mentioned in Cronbach's lease, from Antietam to Jay street, and 104 feet from and parallel with Chene street; that said Cronbach sublet under his agreement certain lots represented on said private plat, and including a portion of the alley represented upon the recorded plat.

It will thus be seen, by noticing the dates herein stated, that the alley as platted and recorded, running north and south, will not become fully and practically open until all leases given prior to September 18th, 1872, the date of said recording, and covering land in said alley, have expired or been abandoned. The lateral sewer desired cannot be constructed until such expiration or abandonment, or unless all parties having the interest and right give to the city a right of way. We find, however, that a sewer may be constructed in said block, connected with the first block south of the same, so as to accommodate all owners of lots on the Dubois farm, and we do hereby recommend the construction of such sewer, presenting herewith the proper resolution.

Very respectfully,

J. B. ROULAND,  
H. HEAMES,  
JACOB GUTHARD,  
Special Committee.  
F. G. RUSSELL,

ORDINANCES AND ATTORNEY.

To the Honorable the Common Council:  
GENTLEMEN—The undersigned herewith submit an ordinance amendatory of sections 9, 11 and 14 of the Revised Ordinances relating to the taxation of insurance companies.

Very respectfully,

M. P. CHRISTIAN,  
PAUL GIES,  
GEO. W. HOUGH,  
Committee on Ordinances.  
F. G. RUSSELL,  
City Attorney.

Accepted, and the ordinance was read twice by its title as follows: "An ordinance to amend sections 9, 11 and 14 of chapter 31 of the Revised Ordinances of 1871."

Laid on the table and ordered printed.

An ordinance to amend sections 9, 11 and 14 of chapter 31 of the revised ordinances of 1871.

It is hereby ordered by the Common Council of the City of Detroit:

SECTION 1. That sections 9, 11 and 14 of chapter 31 of the revised ordinances of 1871, be and the same are hereby amended so as to read as follows:

SEC. 9. All fire insurance companies who do business and have agencies in the City of Detroit shall pay as a tax the sum of one per cent upon the amount of premiums upon all policies issued. *Provided, however*, That no such tax shall be levied upon premiums for insurance upon property owned and situated without the limits of said city at the date when such policy issued, or such premium was paid or contracted to be paid.

SEC. 11. It is hereby made the duty of the City Assessor to give to all persons doing the business of fire insurance within the limits of said city, as agents or controlling officers, a written or printed notice to make and file with such Assessor a full and complete statement, under oath, showing the gross amount received by the company or companies for which he or they are agents or officers, for premiums such as specified in section nine of this ordinance, for the period of one year next preceding the first day of March in each year, previous to the service of such notice. Such

notices shall be served on the first day of March in each year, or as soon thereafter as may be.

Sec. 14. All taxes collected under the provisions of this ordinance shall be credited to the General Fund, and paid into the same.

Sec. 2. This ordinance shall take immediate effect.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—At your last session you referred to the undersigned a communication from his Honor the Mayor, in relation to the regulation of street cars.

Upon examination of the Council proceedings it will be seen that on August 31st ult., his honor recommenced the enactment of an ordinance requiring an examination of street car brakes by the police and punishment of the companies in case of brakes found out of order.

Upon this recommendation the undersigned reported September 30, in language as follows, to wit: "We are of the opinion that the Council has no power over the Police Department to secure an examination and supervision by it of the brakes upon street cars;" to this language, in view of the Mayor's last communication on the subject, we respectfully invite the attention of your honorable body. In this last communication, his honor says, in calling attention to section 362, page 218, of the charter, "I think you will find that the late report of your Committee on Ordinances and the City Attorney is contrary to the plain letter of the said act, in reporting to your honorable body that the City Council have no power to make requests on, or to pass ordinances to be obeyed by the Police Department, in protecting property and the public tranquility."

Your honorable body will see from the record that the undersigned have neither directly nor indirectly reported as represented by his Honor, and we know of no reason why we should have been thus misrepresented.

As to the main question we further report: That the Metropolitan Police Act is not a part of the charter; it is one of the special statutes of the State enacted for the government of the City about and for the support of which the people of the City have practically nothing to say. According to recent views upon said questions and decisions of our Supreme Court, the Police Department is independent; a corporation by itself, separate and distinct from the authority of your honorable body. On this account we reported that the Council had no power to require the examination recommended. But if all this were not so, we should still be of the opinion that such an examination and supervision could not be enforced. In our judgment, the language in section 362 "to comply with all the requests of the Common Council or Mayor" \* \* to preserve the public tranquility" gives no authority to your honorable body to make policemen examiners of street car brakes, back and omnibus axles and ferry-boat machinery. The Council may make requests, but why make them, if there is no legal way to secure compliance with them?

Very respectfully,

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GIES,  
Committee on Ordinances.  
F. G. RUSSELL,  
City Attorney.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Ordinances to whom was referred the petition of Moses Duncan, asking for an amendment of section 4, chapter 90, of the Revised Ordinances, and the resolution of Alderman Rouland, for an amendment to section 4, chapter 90 of said Ordinances, report as follows:

First—As to the petition of Moses Duncan, your Committee believe that ordinance as adopted for the protection and good of the public in general should not be changed for the pecuniary benefit of a few individuals, and more especially do your Committee believe that the care and management

of horses attached to public conveyances should not be entrusted to boys in our already overcrowded streets, and we therefore report adverse to granting the prayer of Mr. Duncan.

Second—As to the resolution of Ald. Rouland, we have considered as to the purpose and effect of said resolution, and are satisfied that if policemen should not interest themselves to impound animals running at large in the public streets, the Pound Ordinance would be practically a dead letter, and animals would go unrestrained from one end of the city to the other. We therefore report against the adoption of the recommendation contained in said resolution.

Respectfully submitted,

M. P. CHRISTIAN,  
GEO. W. HOUGH

Accepted and concurred in.

SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ordinances and Streets to whom were referred the petition of the "New York Wire Sign Co." and several citizens of Detroit asking a modification of the ordinances so as to permit the suspension in streets of wire signs respectfully submit that they have carefully considered the matter and have observed several very large wire signs projecting into the streets and erected in violation of the ordinances and report as follows:

First—We desire herein to express our decided disapproval of the custom or practice which has grown up of boldly violating plain provisions of important city ordinances and then petitioning your honorable body either by resolution or permission or amendment of the ordinance to ratify the violation.

The petitioners ask that an ordinance be passed permitting the putting up of a particular style of sign at least fifty feet from the sidewalk. Such an ordinance in our judgment would be invalid in this that its operation would not be uniform; some citizens could have them and others could not although justly as much entitled to have them as they would be if their buildings were fifty feet in height; then, persons not caring for such signs, but preferring wood signs or signs of other material would be confined to a projection, as at present, of but three feet into the street.

Second—The public generally have rights in streets, and equal rights in the use and occupation of the same, and we do not believe that the Council can give to any person or persons the right to use and occupy streets in the manner proposed; we believe such a use and occupation would be contrary to the spirit of our charter and of the law generally upon the subject of street uses.

Third—If the laws permitted it we should still be of the opinion that the permission should not be granted, for the reason that the putting up of signs in the manner proposed would make our fine streets unsightly and work injustice to many business men owning lots and doing business thereon, and because we believe such signs would be dangerous. We therefore report adversely upon the petition.

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GIES,  
Committee on Ordinances.

FROM THE ATTORNEY AND COUNSELOR.

To the Honorable the Common Council:  
GENTLEMEN—Upon the petition of Joseph Picard, Jr., and others asking the placing and maintenance of a gate at the railroad crossing on Fort street east the undersigned respectfully submit that authority to require the same lies in the State Commissioner of Railroads, under section 17, as amended of act 79 of the session laws of 1873.

The railroad companies entering the city with their tracks have heretofore manifested a commendable readiness to contribute to the welfare and security of the citizens of Detroit and we believe that the Detroit and Milwaukee Railway Company will do what is proper and necessary in the premises upon their attention being called to the annexed resolution.

Very respectfully,

D. C. HOLBROOK,

City Counselor.

F. G. RUSSELL,

City Attorney.

Resolved, That the Detroit and Milwaukee Railway Company be and he is hereby requested to erect and maintain a gate at the intersection of

their road with Fort street east, and to keep a person in charge of the same; also that the City Clerk furnish said company with a copy of this resolution.

Accepted and adopted.

FROM THE CITY COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—A resolution was introduced, and is now on the table, instructing the undersigned to discontinue the case of the City against Alanson Sholey.

The undersigned takes the liberty of stating that, as a judgment has been entered for a very small amount on the third bond, and as that bond is not signed by all the sureties in the other bonds, such judgments as to the items allowed and disallowed on the third bond are not binding, and I have no doubt that at least \$12,000 which was credited to the sureties on the third bond will, as it is already insisted upon, be again allowed on the second bond. If it should be it will be lost.

There is great danger to the city in the discontinuance of this suit, and the undersigned advises that it be not done; but that an account be employed to separate the liability on each bond if possible.

Respectfully submitted,

D. C. HOLBROOK,

City Counselor.

Accepted, and referred to the following Special Committee, Ald. Hough, Owen, Horn, Baxter and Schmitt

On motion of Ald. Finnegan and Dunlap, Ald. Shanahan and Blodgett were excused from attendance at the present session.

#### REPORTS OF COMMITTEES.

##### FIRE LIMITS.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Fire Limits report as follows upon the several petitions referred to them for examination: L. L. Farnsworth asks that he be allowed to raise the central portion of the building on the northwest corner of Woodward and Michigan avenues about 6 or 8 inches, as the said building sags in the center, and to place a support underneath. We recommend he be granted permission under supervision of the Chief Engineer of the Fire Department. James W. Lewis asks permission to erect a wooden shed at No 55 Clinton street. The shed as he wishes to construct it will cover a large space at present vacant, and thus materially enhance the fire risk, and the committee therefore report adversely thereto. In relation to the petition of George W. Hudson to cover a shed on the dock between First and Second streets, your committee report that there are three sides of a large shed already erected there, enclosed in which is an engine, and as any additional woodwork in the locality would increase the fire risk, they report adversely thereto.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Fire Limits have examined the petition Mr. John Burt to make some trifling repairs to his dwelling on the northeast corner of Park street and Adams avenue. He wishes to extend a porch on the side of his house out flush with the front of the same and also to construct a lintel on one side of the said dwelling. While the repairs sought would be a material improvement to the premises, the danger to the locality would be no wise increased, and we recommend he be allowed to proceed under supervision of the Chief Engineer of the Fire Department.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY.

Accepted and adopted

##### PUBLIC BUILDINGS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Public Buildings, to whom was referred the application of the

Wayne County Pioneer Society for rooms in the fourth story of the City Hall, have held a consultation with the applicants and also with one of the officers of the Historical Society.

The object for which these rooms are desired is well known, and of such interest to all of our citizens as to require no commendations from our hands. We would therefore recommend that the centre room on the west side of the fourth story and the one adjoining on the south side be set apart for the use of said societies jointly, and that the Board of Public Works cause the same to be put in suitable shape for their occupancy—under the direction of the Committee on Public Buildings. We recommend the adoption of the annexed resolution:

Very respectfully,

J. B. ROULAND,  
J. A. KURTZ,  
H. HEAMES.

*Resolved*, That the Board of Public Works cause the rooms mentioned in the accompanying report to be put in suitable condition for occupancy by the Wayne County Pioneer Society and the State Historical Society, under the supervision of the Committee on Public Buildings.

Accepted, objected to and laid over under the rules.

Beaubien farm, on St. Antoine street, have examined the matter carefully and find that in 1889 he was assessed \$35 45 on which he paid \$10, his lot was sold afterwards by the city for said assessment. He has since paid the assessment, expense and interest footing up to \$79, or more. Therefore he is entitled to have said over-payment refunded, and interest on the same from time of payment, and we submit the accompanying resolution.

Respectfully, etc.,

GEO. W. HOUGH,  
J. A. KURTZ.

*Resolved*, That the Controller be, and he is hereby directed to draw his warrants on the proper fund for \$15 in favor of S. Elsey, the same being an over-payment and interest on a sewer assessment when he shows the City Treasurer's receipt for the amount paid by him:

## AN ORDINANCE

Authorizing the construction of a transit railway on Woodbridge street from Eleventh street to a point ninety feet easterly of Eighth street, in the city of Detroit.

It is hereby ordained by the Common Council of the city of Detroit:

Sec. 1. Consent, permission and authority are hereby given to David M. Richardson and his assigns of Detroit, Michigan, to construct, operate and maintain a train or transit railway of a single track from Eleventh street along Woodbridge street easterly to a point ninety feet easterly of Eighth street, and also to construct, operate and maintain a switch or side and branch track from said railway across the sidewalk to the lands occupied by the Richardson Match Company so called so as to connect the land so occupied by said company with the said railway.

A diagram of the route, track and switch of said railway shall be filed with the City Clerk and Engineer within thirty days from the taking effect of this ordinance. Said railway shall be known as the "Woodbridge Street Transit Railway."

Sec. 2. Said grantee is also authorized to connect said railway with the Michigan Central Railroad and other railroads by means of the necessary turn-outs, branch tracks or switches, and on first obtaining the consent of the Common Council said transit railway may be connected by proper switches and side-tracks with the manufacturing and business establishments occupying lots along the line of said rail on the northerly side of Woodbridge street.

Sec. 3. The track of said railway shall be laid as near as practicable to the northerly curb stone of said Woodbridge street. The rail shall be flat. The lower surface shall be at least three inches wide, the upper surface shall be not to exceed one and three-fourths inches higher than the lower surface, and shall be laid flush with the pavement of the street. Said rails shall be laid four feet eight (8) and a half inches apart, with the upper surface of the rail flush with the surface of the street, and in such a manner as not to interfere with ordinary travel, and particularly of wheeled vehicles, and shall conform to the grade of the streets as existing or hereafter altered.

Sec. 4. If it shall become necessary to relay said rails, the same shall be done at the expense of the grantee and his assigns and in all streets or parts of streets which are not paved, the rails shall be laid in such manner as shall least interfere with the public travel thereon, and as shall be authorized and approved by the City Engineer. The grantee and his assigns shall keep the surface of the streets from the northerly curb of Woodbridge street to a line fifteen feet from and parallel therewith in good order and repair, and all snow, ice, dirt and filth cleaned and removed from the same at his own sole expense, in such manner as not to obstruct travel in any part of the street. And said grantee and his assigns shall fully indemnify and save harmless the city from any and all claims or damages for which he

might be made or become liable to pay by reason of the construction, making or operating of said railway, or the giving and allowing of the license, right and privileges hereby granted.

Sec. 5. Said railway shall be laid down subject to the right of the city, or of any gas company, or of the Water Commissioners, to lay down, take up, change or remove any works of any kind on or beneath the surface of the streets without any claim for damage on the part of said railway.

Sec. 6. Steam power may be employed to propel the cars to be used in said railway, and said cars may be run at irregular hours, the entire design of said grantee being to transport freight and to accommodate the heavy traffic along the front of said Woodbridge street.

Sec. 7. The trains on said railway shall at all times be entitled to the track, and vehicles on the track shall turn out when any car comes up, so as to leave the track unobstructed, and the driver of any vehicle refusing so to do shall be liable to a fine as provided in section 16 of this ordinance. The rate of speed of any car or engine on said railway shall not exceed five miles an hour.

Sec. 8. Trains moving in the same direction shall not approach each other within a distance of one hundred feet, except in cases of accident, or at stations, or for the purpose of connecting cars together. All trains shall have rear and front lights as usual on railroads.

Sec. 9. No car, or the engines thereto attached shall be allowed to stop on a crosswalk, sidewalk or in front of any intersecting street, except to avoid collisions and to prevent danger to persons or property in the street, and conductors shall not allow any person to enter or leave the cars while in motion. Nor shall any engine or car be allowed to remain or stop at the intersection of any street so as to obstruct the free and ordinary use of it.

Sec. 10. The grantee or his assigns shall employ careful, sober and prudent agents, engineers and conductors to take charge of the cars while on the road, and it shall be the duty of all such agents, engineers and conductors to keep vigilant watch for all carriages and persons on foot, especially children, either upon the track or moving toward it. At the first appearance of danger to such teams, carriages, footmen, children, or other obstructions, the cars shall be stopped in the shortest time and space possible.

Sec. 11. If hereafter the pavement on said streets, or on any streets occupied by said grantee or his assigns, shall be excavated, or any such street shall be ordered paved or repaved, the said grantee and his assigns shall, contemporaneously with the paving or repaving of said streets, at his own expense, excavate, grade and pave or repave, with the same material, or with material in a manner satisfactory to the Common Council, all the portion of the street or streets which lies within the track of said railway switches or turn-outs belonging thereto, and two feet four inches on either side thereof, such expenses to include the cost of paving, repaving, grading, excavating, removing of earth, and all expenses necessary for paving or repaving the street to the extent above specified, and at all times keep or cause to be kept in good order or repair such pavement within said track and distance on either side thereof.

Sec. 12. Said grantee or his assigns shall provide and keep in repair at all times such substantial and permanent approaches to the track of said railway at all street crossings that teams, vehicles and persons on foot will be enabled to cross the track conveniently at all times.

Sec. 13. It is hereby reserved to the Common Council of the City of Detroit the right to make amendments to this grant and ordinance, and such further rules, orders or regulations as may from time to time be deemed by the Common Council necessary to protect the interest, safety, welfare or accommodation of the city and public in relation to said railway.

Sec. 14. This ordinance shall be void and of no effect unless the grantee or his assigns shall, within one month from the date of the approval thereof, notify the Common Council in writing of his acceptance of and agreement to the provisions

of this ordinance and shall, within *nine* months thereafter, commence the work of constructing and building said railway, and complete the same within a period of twelve months.

Sac. 15. The powers and privileges conferred by the provisions of this ordinance shall be limited to thirty years from and after its passage.

Sac. 16. Any wilful violation of, or failure to comply with the provisions of this ordinance by said grantee or his assigns or by any agent, conductor, or any person in the employ of said grantee or his assigns, or if the driver of any vehicle shall refuse to turn out as required by section 7, the same shall be punished by a fine not to exceed one hundred dollars and costs, and in the imposition of any such fine and costs the court may make a further sentence than the offender be committed to the county jail, or the Detroit House of Correction, until the payment thereof, for any period of time not exceeding six months.

Sac. 17. This ordinance shall take immediate effect.

Approved September 10, 1875.

## REPORTS OF COMMITTEES.

### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Upon various petitions referred to them the Committee on Fire Limits report as follows: James Finley, No. 30 Harriet street, wishes to rebuild a frame kitchen and substitute a composition for a shingle roof. This is rendered necessary by the caving in of his cellar, and as it is not proposed to increase the size of the building, we report favorably thereto. Messrs. Holland & Keith wish to build a small wood office 6x12 feet and 6 feet high on the premises at the corner of Seventh street and Michigan avenue. The committee believe that a building of these dimensions will not increase the fire risk, and as it will afford them facilities for carrying on business the coming winter, they recommend the prayer of the petitioners be granted. Messrs. Dwyer & Vhay ask for permission to cover a space in the rear of their store, No. 18 Jefferson avenue, for the purpose of storing a wagon therein. They intend to remove a lot of old barrels, boxes and rubbish, at present occupying these premises, which will be a great benefit to the locality, and the committee recommend permission be granted to cover a space sufficient for the above purpose. Mr. J. E. Bolles, No. 94 Farrar street, petitions to erect a temporary woodshed, 6x12 feet. As the fire risk is not affected thereby, and it will be a great convenience to the occupants, the committee recommend that permission be granted.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

### SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—Your Committee, to whom was referred the claims for royalty on certain wood pavement laid upon streets in the city during the year, have devoted much time to the consideration of the subject, and beg leave to submit the following:

At first your committee were unanimous in their opinion in favor of paying over to the claimants the amount as certified to by the Treasurer. We believed that the claimants had the sole right to lay the pavement, and that they had the entire control of the patent. This, together with the contracts which contained a clause authorizing the city to withhold the royalty, in the plainest terms, seemed to your committee to be as perfectly plain and as straight-forward as any business transaction could be.

A short time before the report was to be submitted to your honorable body, new developments took place, which, while it does not involve the city, had a tendency to render the committee cautious in their action. The report was withheld, and after mature deliberation your committee would recommend that, as the amount of royalty is in the city treasury, the safest plan would be to retain the money until such time as this Council shall be satisfied that there is a patent covering this particular style of pavement.

Your committee, for themselves, do not believe that this pavement is covered by any patent whatever, and therefore report against the payment of the claims.

Respectfully submitted,

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

# COMMUNICATIONS FROM CITY OFFICERS.

## FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works respectfully recommend that said Board be authorized to advertise eight days for proposals for constructing the outlet and sewer at the foot of Griswold street, from the channel bank to the north line of Larned street.

This sewer, when completed, will relieve the Grand River and Woodward avenue sewers above Clifford street, which sewers are not of sufficient capacity to convey the great volume of water that must necessarily find its way to the river, without flooding the cellars along the line thereof.

It is proposed to tunnel the street, therefore the changes of weather incident to this season of the year will in no way retard the progress of the work, and it is to be hoped that by next spring the sewer will be so far advanced as to enable the Board to extend the same to its final terminus next year.

Respectfully submitted.

HARVEY KING,

President.

Accepted, and on leave Ald. Hough offered the following:

Resolved, That the Board of Public Works be directed to advertise eight days for proposals for constructing an outlet and sewer at the foot of Griswold street, from the channel bank to the north line of Larned street.

Adopted as follows:

Yeas—Ald. Barter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President—22.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of Mrs. Mary Wirtz to be relieved from an assessment for constructing a lateral sewer on the north side of Antietam street, between Rivard and Russell streets, for the reason that she cannot connect her premises therewith, report: The petitioner's lot is triangular in shape, and the part fronting on Antietam street is about thirteen inches in width, which, if she was desirous and would avail herself of the privilege afforded, might make the necessary connection. But the premises being drained in the Russell street sewer, her claim of not being benefited by the lateral sewer is only a pretext by which she might secure exemption. The Board, therefore, recommend that the prayer of the petitioner be denied.

Respectfully submitted,

HARVEY KING,

President.

Accepted and placed on file.

## FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of J. D. Hayes for a lateral sewer on the north side of Woodbridge street, from the east line of the Woodbridge farm

President.

Resolved, That a branch lateral sewer is hereby ordered to be constructed on the north side of Woodbridge street, from the east line of the Woodbridge farm to the west line of lot C, on said farm, and that the Board of Public Works is hereby directed to advertise three days for proposals for constructing the sewer.

Adopted as follows:

Yeas—Ald. Barter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President—22.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Ordinances and City Attorney to whom was referred the petition of the Detroit City Railway asking authority to construct a double track in Michigan avenue from Woodward avenue to Fourth street, respectfully submit the following ordinance.

Very respectfully,

M. P. CHRISTIAN,  
PAUL GIES,  
GEO. W. HOUGH.

#### AN ORDINANCE

Authorizing the Detroit City Railway Company to maintain a double track on Michigan avenue from Woodward avenue to Fourth street.

It is hereby ordained by the Common Council of the City of Detroit:

SECTION 1. Permission, consent and authority are hereby granted to the "Detroit City Railway Company" to construct a second and maintain a double track in, on and through Michigan avenue from Woodward avenue to Fourth street in the City of Detroit. It is, however, expressly understood and provided: That if hereafter said avenue shall be ordered paved or repaired, the said grantee or company shall contemporaneously with such paving or repaving, at its own sole expense, excavate, grade and pave or repave all the portion of said avenue lying within the rails of each track, and between the tracks, and shall also keep their portion of the said tracks and two feet nine inches outside the outer rail of each track in proper condition and repair, and the two inner rails shall be laid equi-distant from the center of the street. Said company shall thus pave or repave with the same material as shall be used for the paving or repaving of the balance of said avenue, or with material satisfactory to the Common Council, and the expense thereof shall include the cost of paving, repaving, grading, excavating, removing of earth and all other necessary work, and the whole shall be done in a manner satisfactory to the Common Council.

Sec. 2. In case of failure on the part of said

company to comply strictly with the provisions of this ordinance the privileges and consent hereby granted shall be forfeited.

Sec. 3. This ordinance shall take immediate effect.

Accepted, and the ordinance was read twice by its title, as follows: "An ordinance authorizing the Detroit City Railway Company to maintain a double track on Michigan avenue, from Woodward avenue to Fourth street."

Laid on the table and ordered printed.

#### SPECIAL.

To the Honorable the Common Council:

**GENTLEMEN**—Your special committee to whom was referred the resolution of Ald. Gies, of August 20th, granting permission to restaurant and saloon keepers to keep open Sundays, from two till ten P. M., respectfully report that we have had the same under consideration, and report as follows:

The subject matter of the resolution has been acted on more than once by your honorable body, and notwithstanding the fact that it met the approval of a majority of the Common Council, his honor the Mayor and a sufficient minority of the council opposed and defeated it; we are not aware that any change has taken place that looks any more favorable for the passage of the resolution, and regard any more effort to pass it at present as a waste of time, if nothing worse. As a social question it must be settled by the courts, and if we are rightly informed, steps are now being taken by liquor dealers, to bring it there. In view of these facts we deem it the part of wisdom not to throw any obstacle in its way by unavailing efforts to grant relief beyond our power.

Respectfully submitted.

JAS. DALY,

WM. H. BAXTER,  
SEYMOUR FINNEY.

Accepted and placed on file.

#### REPORTS OF COMMITTEES.

##### FIRE LIMITS.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Fire Limits to whom was referred various petitions at the last session of the Council would report that we have examined the petitions and the premises and submit the following: Mr. E. Grabo represents that he wishes to cover a space in rear of his premises, No. 31 Lafayette street, for the purpose of a temporary woodshed, to enable him to store his fuel the coming winter. He intends to build a brick barn the coming year, and the Committee recommend permission be granted. John P. Fluke asks to rebuild an addition to his house, No. 249 Congress street east, which repairs will consist of squaring off the roof of the said addition and elevating the center several feet. The addition will not occupy any more space than at present, and will be supplied with a gravel roof, thus tending to decrease the fire risk, and the Committee report in favor thereof. Mr. E. A. Brush wishes to construct a patent fruit house at his residence on Randolph street. The structure he purposes building it will be thoroughly fire-proof, and we recommend permission be granted. Mr. E. Hamblur desires to erect a small office on the south side of Gratiot between Russell and Ripelle streets that he may thereby be enabled to prosecute the lumber business in which he is largely interested. The Committee believe that the best interests of our citizens will be subserved by extending a helping hand to enterprises of this character and to encourage by all legitimate means the immigration to our city of people of his well-known indomitable energy and perseverance, and they therefore recommend that the prayer of the petitioner be granted under supervision of the Fire Marshal.

Very respectfully,

JACOB GUTHARD,

SEYMOUR FINNEY,

DANIEL SHANAHAN.

Accepted and adopted.

##### SEWERS.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Sewers to whom was referred the petition of J. H. Granger for refunding him 2½ per cent. of the assessment for constructing a lateral sewer in the block on the corner of Marion and Brush streets, for the reason that there was no superintendent employed on said sewer, report:

The Board of Public Works employed a general superintendent, whose duty it was to superintend the construction of all lateral sewers, among which was included this sewer; therefore, the reason assigned for refunding this amount being erroneous

your committee respectfully recommend that the prayer of the petitioner be denied.

Respectfully submitted,  
GEO. W. HOUGH,  
J. A. KURTZ,  
C. C. BLODGETT.

Accepted and the recommendations were concurred in.

*Resolved*, That the City Controller be directed to draw a warrant on the contingent fund in favor of Mrs. C. S. Elbert for four dollars and ninety-one cents.

#### SPECIAL—MAJORITY REPORT.

To the Honorable the Common Council:

*GENTLEMEN*—The Special Committee, to whom was referred the claims of E. Robinson & Co. for certain sums of money due on contracts performed by them, have had the matter under consideration, and respectfully report that the moneys so retained were for the work pavement laid by them. We see no object in retaining the money, and recommend that it be paid to them, and ask the adoption of the following resolution.

GEO. W. HOUGH,  
H. HEAMES,  
GEORGE DORR,  
J. B. HINCHMAN.

*Resolved*, That the Controller be and is hereby authorized and directed to pay to E. Robinson & Co. all moneys which have been retained from contracts performed by them.

Accepted, whereupon Ald. Finney of the above special committee submitted the following

#### MINORITY REPORT.

To the Honorable the Common Council:

As member of the Special Committee, to whom was referred the petition of E. Robinson & Co. for payment to them "of the moneys retained by the city for royalties for pavements laid by them this season," said Robinson & Co. claiming to be "the owners of the patent." I beg to disagree with the other members of the committee and their report.

A committee previously appointed by the Council, consisting of the Committee on Claims and Accounts, the Comptroller and Nicol Mitchell, Esq., of the Board of Public Works, had this "royalty subject" referred them. They gave the matter a thorough and careful investigation. As shown by the report of that committee adopted by the Council on the evening of the 21st instant, the members at first were of an opinion substantially similar to the report now presented. Nearly three weeks were taken by the former committee, and the result of careful investigation was such that the opinion of every member was changed and they became convinced unanimously that these pavements were not covered by any patent whatever. The money in question was raised to pay royalty upon pavements laid under patent. These pavements not being laid under any patent the Messrs. Robinson & Co. are no more entitled to these moneys than any other person who may wish to petition for them.

With no desire to criticize the expeditious action of my brother members of this committee I cannot but feel sure that if a full and careful examination and investigation of the claim for these moneys had been made, a different conclusion would have been reached.

SEYMOUR FINNEY.

On motion of Ald. Owen the matter was laid upon the table for one session.

COMMUNICATIONS FROM CITY OFFICERS.  
FROM THE BOARD OF PUBLIC WORKS AND CITY COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, to whom it was referred to take into consideration the best means to be adopted to protect the rights and interests of laborers upon city improvements from loss by irresponsible contractors, report that in their opinion the only remedy would be by requiring a separate bond conditioned to pay such laborers, and giving such laborers a right to sue the same.

Respectfully submitted.

HARVEY KING,  
President Board of Public Works.  
D. C. HOLBROOK,  
City Counselor.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of Samuel Smith and others, representing that the paving on Eighteenth street was done in an unworkmanlike manner, report:

Owing to the sinking of the earth over the sewer, notwithstanding it has been built about two years, the paving on said street settled, thereby causing complaint to be made as to the manner in which the work was done. In justice to the con-

tractor, the Board would here state that to him no blame can be attached, for had the foundation been firm the pavement would compare favorably with any that has been laid this year.

Until the earth becomes thoroughly packed it would be a useless expense to attempt to put the street in proper repair, and the Board would suggest that it be permitted to remain undisturbed until spring, when the pavement can be raised to its proper grade without expense to the owners of property on said street.

Respectfully submitted,  
HARVEY KING,  
President.

Accepted and placed on file.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of E. S. Glogner and others for a sidewalk on the west side of Joseph Campan avenue from German street over cloudy Run, report:

The lay of the land referred to will not, in its present condition, permit the laying of a permanent sidewalk, and as it is contemplated to construct a sewer near or through said premises, and filling up the run, next spring, the Board are of the opinion that if a temporary walk could be laid, the present difficulties will in a measure be obviated until a firm foundation is made, when a permanent walk may be constructed. It is therefore recommended that a temporary walk two feet wide be constructed in front of out lot 10 on the west side of Joseph Campan avenue, the expense thereof not to exceed \$25, and payable out of the Tenth Ward road fund.

Respectfully submitted,  
HARVEY KING,  
President.

Accepted, and on leave Ald. Rouland submitted the following:

Resolved, That the Board of Public Works be directed to cause a temporary sidewalk two feet wide, to be constructed in front of out lot 10 on the west side of Joseph Campan avenue, Joseph Campan farm, the expense thereof not to exceed \$25, and payable out of the Tenth Ward road fund.

Adopted as follows:  
Yeas—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilke, and the President—22.  
Nays—None.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of J. P. Morris for a public sewer in Twelfth street, between Fort and Lafayette streets, and have the same extended west on Lafayette street to an outlet on the south side of Woodbridge street, would respectfully inform your honorable body that inasmuch as no appropriation was made for the above described sewer it cannot be constructed this year, and therefore recommend that the prayer of the petitioner be denied.

Very respectfully,  
HARVEY KING,  
President.

Accepted and placed on file.

## REPORTS OF COMMITTEES.

## WAYS AND MEANS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Ways and Means, to whom were referred the reports of the various City officers for the week ending September 25th, 1875, and also the report of the Clerk of the Recorder's Court for the months of August and September, respectfully report that we have examined the same and believing them to be correct recommend their adoption.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHEMAN,  
WM. A. OWEN.

Accepted and adopted.

## CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of the 23rd of September, 1875, respectfully report that they have examined the same, and believing them to be correct would recommend that they be paid from the proper funds.

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and adopted as follows:

*Yas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Ronland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—22.

*Nays*—None.

## MARKETS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Markets, to whom was referred the petition of Martin Meenar, have carefully investigated the matter and find it pretty well mixed up. After careful investigation of said parties we find that Mr. Peterkin sold his fixtures of said fish stall to Martin Meenar for ten dollars, given for pay one note of seven dollars, at ten days time, which was about the 15th day of May, which note never has been paid by said Martin Meenar; also that Mr. Meenar has no receipt in his own name to show for it; all the receipts are in Mr. Peterkin's name, for what reason we do not know, being also told by the Clerk of the Market that he had considerable trouble to collect his rent of Mr. Meenar, therefore the committee recommend that the stand be retained by Mr. Peterkin.

Respectfully submitted,

J. A. KURTZ,  
GEORGE WILKS.

Accepted and adopted.

## POUNDS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Pounds, to whom was referred the petition of Rosa Magree, praying to have two dollars and ten cents refunded which she was compelled to pay to redeem her geese from the Western Pound, respectfully report that they have considered the subject matter of the petitioner and have come to the conclusion that the prayer of the petitioner should be granted, and present herewith a resolution recommending that it be adopted.

J. SCHMITT,  
J. B. HINCHEMAN,  
GEORGE DORR.

*Resolved*, That the Controller draw a warrant on the City Treasurer in favor of Rosa Magree for the sum of two dollars and ten cents, for money paid by her to release her geese from the pound in the Western District.

Accepted and adopted as follows:

*Yas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Ronland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—22.

*Nays*—None.

## SPECIAL.

To the Honorable the Common Council:

**GENTLEMEN**—The Special Committee to whom was referred the petition of William Mayer for

an abatement on an assessment on Lot 1, Block 95, Woodbridge farm, for paving Ninth avenue, respectfully report:

The petitioner's lot has a frontage on three streets, to wit: on Grand River avenue, 50 feet, on Ninth avenue 95.70 feet, and on Myrtle street 39.74 feet. His assessment for paving Ninth avenue is \$367.92, and the assessment on said lot for paving Grand River avenue was \$240.98, making a total assessment thus far of \$608.90. It will be observed that this lot is irregular in shape and being very shallow in depth and width the three fronts could not be made available for business purposes and consequently Grand River avenue being more desirable for doing business, that portion of said lot fronting on Ninth avenue would have to be used for purposes less productive, thereby depreciating the value of the lot. If the lot was of such dimensions as to permit its use advantageously on the three streets, then there would be no cause for complaint, but as at present situated, your committee are of the opinion that an abatement of one-eighth of the assessment should be made, and in accordance with the usual course pursued in like cases recommend that the following resolution be adopted:

*Resolved*, That the Controller be directed to draw his warrant on the general road fund in favor of William Mayer, or the proper owner of lot 1, block 95, Woodbridge farm, for the sum of \$46, when it shall be made to appear by the receipt of the Receiver of Taxes that all the assessments, costs and charges against said lot for paving Ninth avenue have been paid.

Respectfully submitted,

GEO. W. HOUGH,  
PAUL GIES.

Accepted, objected to and laid over under the rules.

Accepted and referred to the Committee on Ways and Means.

FROM THE SAME.

To the Honorable the Common Council:  
GENTLEMEN—I desire to call the attention of your honorable body to an item of expense which has assumed considerable proportions of late years, and one that will increase with the growth of the city.

Under the ordinances as at present provided, all cases of small pox are taken charge of by the city, and the entire expense for care, destruction of clothing, &c., has been borne by the City Treasury. The amounts so paid out aggregate a large sum.

By reference to vol. 1, chap. 46, sec. 15, page 562, compiled laws of 1871, it will be found that the statute provides that "When any person from abroad, or residing within any township in the State, shall be infected with the small pox, or other sickness dangerous to the public health, the Board of Health shall make effectual provision, in the manner in which they shall judge best for the safety of the inhabitants, by removing such sick or infected person to a separate house, &c., and by providing nurses, and other assistance and necessities, which shall be at the charge of the person, his parents, or other person liable for his support, if able; otherwise at the charge of the county to which he belongs."

I also refer you to a decision of the Supreme Court in January, 1855, in the case of *Bristow vs. Supervisors of Macomb County*—3d Mich., page 476.

I do not suppose that any portion of the money paid from the City Treasury can be recovered from the county, as the city has assumed voluntarily to bear the expense, but I would recommend that this matter be referred to the proper committee and the ordinance so modified that the city shall pay only its just share, instead of bearing its own burden and its large proportion of the whole county.

Very respectfully,

E. I. GARFIELD,

Controller.

Accepted and referred to the Committee on Ordinances and City Attorney.

## REPORTS OF COMMITTEES.

### WAYS AND MEANS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom were referred the reports of the various City officers for the week ending October 2d, 1875, and also the report of the Clerk of the Police Court for the quarter ending September 30th, respectfully report that we have examined the same and believing them to be correct recommend their adoption.

### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits, to whom was referred the petition of Michael Martz to repair his dwelling at No. 38 Howard street, recently damaged by fire, would report that they have examined the premises and ascertain that the building, as at present standing, is worth about \$2,000, and Mr. Martz wishes to repair it so that it will be tenable, but does not desire to enlarge the size thereof. It is surrounded on either side by brick structures, and the residents in that locality are not opposed to the repairs being made, as it will undoubtedly be beneficial to themselves and a matter of simple justice to Mr. Martz. The committee, in view of the above facts, recommend that the prayer of the petitioner be granted.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

In 1874 the petitioner, in paying his city taxes received a receipt for another person's lot, and his own in consequence, was sold and bid in for the city. *Resolved*, That the City Treasurer be directed to cancel the sale of lot five L. Beaubien farm of the subdivision of out lot 179, subdivision of lot four on the east side of Beaubien street, upon the payment of the taxes assessed in 1874 against said lot.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

Henry Collins being the lowest responsible bidder, the Board recommend that he be awarded the contract.

Respectfully submitted,

HARVEY KING,

President.

Accepted, and on leave, Ald. Hough submitted the accompanying resolution:

Resolved, That the Board of Public Works be directed to contract with Henry Collins for constructing an outlet and sewer in Griswold street, from a point 160 feet south of Atwater street to the north line of Larned street, he being the lowest bidder therefor.

Adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kuriz, Owen, Rouland, Schmitt, Schmittidiel, Shanahan, Wilks and the President—21.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works, to whom was referred the petition of C. F. Moore and others for paving the alley in the block bounded by Abbott, Porter, Second and Third streets, report:

A majority of the property owners along the line of this alley not being represented in the petition, as required by section 12, chapter 25, of the Revised Ordinances of 1875, the Board are of the opinion that the improvement cannot legally be made, and therefore recommend that the prayer of the petitioners be denied.

Respectfully submitted,

HARVEY KING,

President.

Accepted and placed on file.

FROM THE CITY CLERK.

That he presented the proceedings of the last session of the Council to the Mayor on the 9th inst., and they were approved on the same day. Accepted and placed on file.

REPORTS OF COMMITTEES.

TAXES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to

whom was referred the petition of Walter Sanderson, representing that he has been assessed upon several houses which had no existence, report that we find his claim founded upon fact, and we recommend the adoption of the following resolution:

*Resolved*, That the Controller be directed to draw his warrant on the contingent fund in favor of Walter Sanderson for eight dollars and fourteen cents, (\$8 14.)

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted, and the recommendations contained in the above were concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnean, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—22.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of Amanda M. Blair for a remission of certain personal property taxes, report:

The petitioner was assessed upon a mortgage for \$4,000 which was discharged in January last, and consequently the tax is erroneous. The amount of the mortgage was transferred to the city assessment rolls shortly before the discharge and the holder was duly notified of the assessment, but owing to her absence from the city, no answer was returned, hence the tax remained, though, as will be seen, by no fault of the assessor. We recommend that the tax be refunded, and ask the adoption of the following resolution:

*Resolved*, That the Controller draw a warrant on the contingent fund in favor of Amanda M. Blair for \$8 58 whenever it shall appear by the receipt of the Receiver of Taxes that she has paid the tax assessed against her on a mortgage of \$4,000.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnean, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks and the President—22.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Jacob Barker for a remission of a portion of the tax assessed against him for the sale of malt liquors, find that the petitioner ceased to be a dealer and closed his saloon on the 30th day of September, and is now engaged in other business. He having paid his tax of \$40, we recommend that he be assessed only for the time he was actually engaged in the business, and that he be refunded the balance, and to effect this we ask the adoption of the following resolution:

WHEREAS, It appears that Jacob Barker was assessed \$40 as a retail dealer in malt liquors, and that he has discontinued the business; therefore,

*Resolved*, That the Controller be directed to draw a warrant on the contingent fund in favor of Jacob Barker for \$26 66, when it shall satisfactorily appear that the tax paid by Mr. Barker has actually reached the city treasury.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnean, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks and the President—22.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

Your Committee on Taxes, to whom was referred the petition of Frank Harff for a remission of a portion of his wholesale liquor tax, report:

The petitioner was engaged in the business of wholesaling liquor up to and including September 6th, and considering the fact that at that time he quit the business, we report in favor of assessing him for the time he was actually engaged in the traffic, viz., three months and five days, and we recommend the adoption of the annexed resolution:

WHEREAS, It appears that Frank Harff was assessed \$300 as a wholesale dealer in intoxicating liquors, and that he has discontinued the business; therefore,

*Resolved*, That such assessment be vacated upon the payment of \$79 90, the amount payable in proportion for the time he was so engaged in said business.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnean, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks, and the President—22.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of Severin Karter claiming exemption from a portion of his assessment for paving St. Aubin avenue, report:

The petition set forth that his lot is irregular in shape. It is situated on the southeast corner of Gratiot and St. Aubin avenues, and a glance at the map will show that although it is irregular in shape it has the narrowest side on the street which has been paved. If the opposite or widest part of the lot fronted upon the pavement the owner might have some claim for reduction, but the contrary is the fact. We recommend that the prayer of the petition be denied.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of George A. Patterson claiming to have been assessed for two horses and carriages that he does not own, report: According to the statement of the petitioner the property referred to belonged to James Moore, to whom he rented his barn. There is no claim that the horses and carriages are not subject to taxation, but that they were assessed to the wrong person. They were found upon the petitioner's premises, and were clearly liable to be assessed, and were assessed. As Mr. Patterson failed to notify the Board of Review concerning the property in question, no change was made upon the assessment rolls, nor could any be made. His proper remedy is to collect the tax from Mr. Moore if the latter is really the owner. We report the petition back and ask to be discharged from the further consideration of the subject.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petitions of Joseph Andre and Joseph Ruefer, alleging that they had been over-assessed for the paving of Clinton street, report:

We find that the petitioners are assessed for precisely the number of feet front that the records

show them to own. We also find that there is a question of ownership of three feet existing, owing to a survey that was made in 1871, and that, in consequence, the property owners in this vicinity are at variance. The tax stands against the real estate, and not against the individual owners, and we see no way by which this Council can settle any disputes of this character. We therefore report the petitions back, and ask to be discharged from their further consideration.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in.

#### ORDINANCES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ordinances, to whom was referred the petition of A. M. Bartholomew and others, asking permission to use three feet on the outside of the sidewalk on Michigan avenue for the purpose of receiving, shipping and exhibiting goods, herewith submit an ordinance embodying the views of the committee.

M. P. CHRISTIAN,  
PAUL GIES,  
GEO. W. HOUGH.

This section shall not be construed to prohibit merchants and other business persons from using and occupying the side of the sidewalks next to their places of business, for a distance of three feet, for the purpose of displaying their goods and wares or merchandise; nor to prohibit them from using five feet of the outside of all walks twenty feet in width, and three feet of all walks less than twenty feet and over fifteen feet in width; nor shall it be construed to prevent the moving of goods, wares or merchandise across any sidewalk in the way of trade or for the use of families.

Sec. 2. This ordinance shall take immediate effect.

Accepted and the ordinance was read twice by its title, as follows: "An ordinance to amend section 5 of chapter 37 of the Revised ordinances of 1871."

Laid on the table and ordered printed.

#### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits report upon various petitions referred to them as follows: The trustees of the Jefferson Avenue M. E. Church wish to improve and remodel their church edifice on Jefferson near St. Aubin avenue. The repairs they contemplate will enlarge the building very considerably, and while the committee are desirous of exercising a liberal policy in all matters of a religious or philanthropic nature, they cannot, on latent with a proper discharge of their duties, report in favor thereof. Mr. Horace M. Dean wishes to raise the roof of the addition of his house, No. 50 State street. The repairs if completed will enlarge the present size of the building, and thereby increase the fire risk, and they therefore report adversely thereto. David W. Beam asks permission to erect a frame house on the corner of Fort and Twenty-fourth streets. We have examined the premises and find the building partly completed. The premises are in the fire limits, and the committee believe that citizens should pay a proper regard to the laws and ordinances governing them, and should not be permitted to violate the same with impunity, and they report adversely thereto. Martin Schneider asks the kindly permission of the Council to construct a frame stable on Michigan avenue between Thirteenth and Thirteenth-and-a-half streets. While it would be a matter of convenience to Mr. Schneider to grant the permission, the committee believe that the fire risk would be increased to such an extent that they cannot consistently report in favor thereof, and they therefore report adversely to the petitioner.

Very respectfully,

JACOB GUTHARD.

DANIEL SHANAHAN.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your committee have examined the petition of Henry Roediger for permission to raise his house and repair the same, No. 78 Fort street east, and would report in favor of allowing him to raise the same a distance of two feet, provided the size will not thereby be enlarged, and also to make such repairs as will not enlarge the dimensions of the dwelling nor enhance the fire risk in that locality, the same to be done under supervision of the Chief Engineer of the Fire Department, and subject to his approval.

Very respectfully,

JACOB GUTHARD.

DANIEL SHANAHAN.

Accepted and adopted.

#### TAXES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of James Goffinet, proprietor of the Hotel Goffinet, asking that a reduction be made in the liquor tax assessed against the former occupant, report:

That C. C. Munson was assessed as a retail dealer at this place, but he has left the city and State, and since September 18th no business has been carried on. We recommend the adoption of the following resolution:

WHEREAS, It appears that Charles C. Munson was assessed \$50 as a dealer in intoxicating liquors, that he has discontinued the business; therefore,

Resolved, That such assessment be vacated upon the payment of \$43 75, the amount payable in proportion for the time he was so engaged in said business.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Dorr, Dunlap, Finnegan, Gies, Guthard, Heames,

Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—21.

*Nays—None.*

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Christopher Shank to be relieved from his liquor assessment report:

The petitioner has not for over six months been engaged in selling liquor and the placing of his name upon the assessment rolls was undoubtedly the result of misinformation. We recommend that the assessment be canceled and ask the adoption of this resolution:

Resolved, That it appearing that Christopher Shank was assessed the sum of \$150 00 as a dealer in malt and distilled liquors, under the laws of this State, which was unjust, he not having dealt in such liquors, such assessment is vacated and set aside.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—21.

*Nays—None.*

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of John Considine, asking to be refunded the amount of a road tax paid by him, report: We find the claim set forth in the petition to be correct, and we recommend the adoption of the following resolution:

Resolved, That the Controller be directed to draw a warrant on the contingent fund for two dollars and seventy-eight cents in favor of John Considine.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—21.

*Nays—None.*

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of J. W. Todd, asking the refunding of an assessment for opening Sixth street, from Brigham to Lyander, would respectfully report: That sixth street was long since opened, all proceedings completed and the fences ordered back by the Council, and that before the decision of the Supreme Court in relation to street openings the matter was entirely finished, so far as the city was concerned. We are of the opinion that the said decision does not cover Sixth street, and we therefore report adversely.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in.

#### MARKETS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Markets, to whom was referred the petition of Christian Gottwerth and other butchers, presented to the Council October 1st, asking privilege to peddle meat by the carcass, would report that we have examined into the merits of said petition, and find that a change in the ordinance would be necessary in order to accommodate said petitioners, and therefore recommend that the matter be referred to the

Committee on Ordinances. All of which is respectfully submitted.

J. A. KURTZ,  
GEORGE WILKS,  
J. SCHMITT.

Accepted and concurred in.

To the Honorable the Common Council:

The petition of Henry F. Lintz and others, for a lateral sewer in the alley in the block bounded by Detroit Watson and Dequindre streets and St. Aubin avenue; and

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of Andreas Band, lessee of the south part of lot 1, Elizabeth street, C. Moran farm, to be exempt from an assessment thereon, for a lateral sewer in the alley between Elizabeth, Columbia, Hastings and Antoine streets, report:

On examination it is found that this lot has not been subdivided, but leased out in parcels as may be for the interest of the owner. When these leases expire the lot reverts to the owner, who, should the petition be exempt, will derive all the benefit afforded in the construction of this sum without paying his pro rata towards the cost of the same. The Board are therefore of the opinion that this lot will be benefited thereby, and recommend that the prayer of the petitioner be denied.

Respectfully, etc.,

HARVEY KING.

President.

Accepted and placed on file.

#### FROM THE ENGINEER.

To the Honorable the Common Council:

GENTLEMEN—I herewith transmit to your honorable body assessment rolls Nos. 2,422 and 2,423, for the construction of lateral sewers:

Very respectfully,

H. D. LUDDEN,  
City Engineer.

Accepted, and the assessment rolls confirmed as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Gies, Guthard, Heames, Hinchman, Horn, Kurtz, Owen, Rouland, Schmitt, Schmitt-diel, Shanahan, Thompson, Wilks and the President pro tem.—20.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—An assessment roll for the construction of a lateral sewer in the block bounded by Morse, Watson, Prospect and Russell streets was reported to your honorable body in June last and confirmed. Subsequently on the petition of property owners the roll was referred to the Board of Public Works, and in accordance with their recommendation a resolution was passed July 27th by the Common Council setting aside said roll and substituting a new one. This was accordingly done and the roll confirmed. Previous to this however, it appears that the original roll had nearly all been paid up; so that the new roll is to all intents and purposes worthless. I, therefore, request as the easiest way out of this complication that your honorable body will rescind the last roll (No. 2350), and that I be authorized to report a re-assessment and refunding roll.

Very respectfully,

H. D. LUDDEN,  
City Engineer.

Accepted, and referred to the Committee on Ways and Means.

FROM THE CITY CLERK.

That he presented the proceedings of the last session of the Council to the Mayor on the 18th inst., and they were approved on the 19th inst.

## ORDINANCES.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Ordinances, to whom was referred the report of the petition of the Western Transit Railway Company, for permission to build and operate a railway track through Woodbridge street from the Michigan Central Depot to the western limits of the city, and also the remonstrances of A. E. Hamlin, David Fleming, Sylvester Larned and forty-seven others remonstrating against the same, have visited the locality and respectfully report, that Woodbridge street, in the locality under consideration, follows the line of what was known some years ago as the old river road; that the lines of said street have never been legally established, and that the street is of irregular width and in its course seems to follow the sinuosities and course of the river. That in many places the fences encroach upon the curb-stones, so that pedestrians have to take the traveled roadway. Your committee believe the construction of a railway track through said street in its present condition would operate as a complete monopoly of the use of the street, and although we believe that all possible aid should be extended to manufacturing and commercial enterprises, yet we must not entirely overlook the rights and interests of private individuals in matters of this kind. Until Woodbridge street is widened and sidewalks provided it would be injurious to property and dangerous to parties compelled to travel said street to encumber it with a

railway track, and more especially so if the cars upon said track were to be propelled by steam. Your committee therefore feel compelled to report adverse to the prayer of the petitioners.

Respectfully submitted,

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GIES.

Accepted and concurred in.

GENTLEMEN—Your Committee on Ways and Means to whom were referred the reports of the various city officers for the weeks ending October 20 and November 6, respectfully report that we have examined the same, and finding them correct recommend their adoption.

WM. A. OWEN.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom were referred the liquor bonds of Eva Sommer, Wm. and John Monaghan, John P. Bens, John Dwyer, John Zender and Adolph Kurts, Charles Koch, Francis Hesse, Harvey Marrell, would respectfully report that we have examined the same and finding them satisfactory recommend their approval.

Respectfully submitted,  
GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

Accepted and adopted as follows:

Yeas—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurts, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks and the President—23.

##### CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts, to whom was referred the Controller's

list of approved accounts of the 9th of November, 1878, respectfully report that they have examined the same, and believing them to be correct would recommend that they be paid from the proper funds. Also vouchers No. 27, 28, and 29, which were rejected October 15th, but are now approved.

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

##### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—Your committee would report that they have examined the petition of Mr. George A. Ross, at No. 247 Brush street, and ascertain that he wishes to enlarge his frame kitchen attached to his house, six feet wide by eleven in length, so that it will be flush with the side of his dwelling. We believe there will be no material increase to the fire risk, and as no objection is offered to the change, we report favorably thereto. The petition of Cyrus Johnson, 418 Michigan avenue, shows that he wishes to repair the addition to his dwelling, and as his premises are already covered with woodwork and combustible material, any further additions of this character would necessarily increase the fire risk, and the committee report adversely thereto. The petition of J. M. Staring, corner Michigan avenue and First street, asks that he be allowed to enlarge his shed located immediately on the corner of the above thoroughfares. The Committee have heretofore expressed themselves opposed to improvements of this questionable character, and for the reasons there set forth they report adversely thereto. Benjamin Sparling petitions for permission to remove an old house and rebuild an entire new one, on the corner of First and Lewis streets. The Committee are astonished to find a gentleman of his legal experience and capacity seeking to infringe upon the ordinance in case made and provided, and they submit that it would be contrary to precedent and opposed to the interests of that locality to concur in his prayer, and they report adversely thereto.

Very respectfully,  
JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

To the Honorable the Common Council:

GENTLEMEN—John Taylor, Jr., the collector for the Ninth Ward, has so far failed to file the bonds required by law, and the personal tax rolls of that ward are still in this office. WM. A. THROOP,  
Receiver of Taxes.

Accepted and placed on file.

FROM THE BOARD OF FIRE COMMISSIONERS.

GENTLEMEN—The Fire Commission, to whom was referred the petition of Chas. E. Smith, in which he asks permission to move a small frame building and erect a large shed on Congress street, near Randolph street, respectfully report an examination of the locality, and that in their opinion the granting of said petition would entail a material enhancement of the fire risk, as the locality mentioned is in the heart of the city, and it should be an objective point, not only not to increase but to reduce the already too large number of wooden structures, situated near and endangering valuable business property in the central part of our city.

By direction of the Board.

Very respectfully, etc.

FRED. H. SEYMOUR,  
Secretary.

To the Honorable the Common Council:

GENTLEMEN—Jacob Martin has commenced suit against the city to recover money paid in the matter of opening Labrosse street.

I recommend reference to the City Counselor with usual instructions.

Very respectfully,

F. G. RUSSELL,

FROM THE COUNSELOR AND ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—The undersigned with the City Attorney being requested to inform the Council whether in his opinion the Common Council has authority to appoint a person to fill a vacancy in the office of Justice of the Peace reports, that by section 17, article 6, of the constitution of this State Justices of the Peace are to be elected: "and a justice elected to fill a vacancy shall hold his office for the residue of the unexpired term;" and the Legislature may increase the number of justices in the city. Section 14, of article 13, declares judicial officers of cities and villages shall be elected, and all other officers shall be elected or appointed at such time and in such manner as the Legislature shall direct.

There is no general law of the State for filling a vacancy in the office of justice of the peace by appointment.

A justice of the peace is a judicial affair of the State, and not a municipal affair.

By section 6, chapter 2, of the charter it is enacted that there shall be six justices of the peace for this city, who shall be elected on the general ticket at the annual city election in the same manner; shall hold their office for the same terms, and by the same terms as provided by the general laws of this State in relation to the election of justices for townships.

By section 26, chapter 2, of the charter it is provided that if a vacancy occurs in any elective office other than that of Mayor, Recorder or Alderman, the Common Council shall appoint some person eligible under this act to serve as such officer until the next annual election, when the vacancy shall be filled for the residue of the official term.

This section cannot be construed to apply to justices of the peace, they not being municipal officers, to which it refers, and it conflicts directly with the constitution.

I am therefore clearly of the opinion that a vacancy in the office of justice of the peace cannot be filled by appointment.

Respectfully submitted,

D. C. HOLBROOK,

City Counselor.

I have no present hesitation in concurring in the opinion of the City Counselor. August 4th, 1874. I reported to your honorable body, in the case of the departure from the city of Herman Kaha, justice of the peace, that if satisfied of the existence of a vacancy you might fill it by appointment under section 26, chapter 2, of the charter. This opinion was given on the basis of a justice of the peace for Detroit being a city officer. From further and considerable reflection and investigation I frankly admit the conviction that the opinion given as aforesaid was unsound. The office of Justice of the Peace is not municipal; it can be filled only by election, and all a city in this State can do towards filling a vacancy therein is to put in operation the machinery for election.

Respectfully,

F. G. RUSSELL,

City Attorney.

Accepted and placed on file.

**GENTLEMEN**—Your Committee on Ways and Means, to whom were referred the bonds of Robinson and Lambert, John Thorp, Endolpha Edmonds and Flora Lane, liquor dealers, and also the official bond of Luther B. Willard, Director of the Poor, respectfully report that we have examined the same and finding them correct recommend their approval.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Ways and Means, to whom were referred the reports of various city officers for the week ending November 18th, respectfully report that we have examined the same and believing them to be correct, recommend their adoption.

GEORGE DUNLAP,  
J. B. HINCHMAN,

##### CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of the 16th of November, 1875, respectfully report that they have examined the same, and believing them to be correct would recommend that they be paid from the proper funds.

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and adopted as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks and the President—22.

*Nays*—None.

##### MARKETS AND CONTROLLER.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Markets to whom was referred the petition of James Crowley for a third scale on the Central Market, have examined the matter carefully and would report, that an additional scale could not be practicable, for the amount of business in the Central Market, because there has been two scales already permitted by this Council, and licensed by the Mayor, for

which they pay \$25 each, and find their own scales, and for this reason and others your committee will report adverse to it.

On the petition of H. H. Day and several others, asking for permission to enclose their stands at the new vegetable market for this winter so that it will enable them to keep away the wolf from their doors, we would report that they have no objections to enclose them until the last day of March 1876, but in case the Common Council should find it necessary to make some changes on said stalls, they will reserve the right to have them removed with six days notice from the clerk of the market.

On the petition of James Fitzpatrick and many others, to equalize the rent of the several stalls in the vegetable market, we have examined the prayer carefully, and find that there can be no such charges made at the present time. Also, your committee is of the opinion that most of their trade is increasing during the winter months, and we therefore have to report adverse to it; but your committee and the Controller would recommend a change in the ordinance in regard to the stalls, or stands in the vegetable markets, so as to abandon this dissatisfactory claim between the lessors of said stands, and if so changed your committee would be of the opinion that justice and peace would be restored to such lessors.

Respectfully submitted,

J. A. KURTZ,  
GEO. WILKS,  
J. SCHMITT,  
Committee.

E. I. GARFIELD,  
Controller.

*Resolved*, That the Committee on Ordinances be and they are hereby directed to change section 3, chapter 50, as amended, so as to equalize the rents of said stands for the entire year.

Accepted and adopted.

##### SEWERS.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Sewers to whom was referred the petition of the Second Congregational Church protesting against being assessed for a lateral sewer in the alley between Bibley and Sprout streets, west of Woodward avenue, for the reason that the premises belonging to said church is drained into the Woodward avenue sewer, report:

The lots owned by this church front on Woodward avenue and are drained into a public sewer, and like many individuals who own property on thoroughfares through which public sewers run, are desirous of being exempt from taxation at the expense of the adjoining property. By reference to former reports of the committee it will be seen that it has been its uniform custom to report against exemption in like cases, and there being no good and sufficient reason assigned for changing the course thus far pursued, recommend that the prayer of the church be denied.

Respectfully submitted,

GEO. W. HOUGH,  
J. A. KURTZ,  
C. C. BLODGETT.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Sewers, to whom was referred the petition of Robert Miller, representing that he is perfectly content to pay one sewer assessment, and asking to be relieved from paying the second assessment, respectfully recommend that inasmuch as there will be no second assessment made on his lot for lateral sewers, that the prayer of the petitioner be granted.

Respectfully submitted.

GEO. W. HOUGH,  
J. A. KURTZ,  
C. C. BLODGETT.

Accepted and adopted.

##### JUDICIARY AND COUNSELOR.

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned, to whom was referred a resolution introduced by Ald. Finney relative to employing Alfred Russell, Esq., to assist in

defending the suit of Messrs. Robinson & Farwell against the city, report that considering the amount and questions involved, we would recommend the passage of the resolution.

Respectfully submitted,

GEORGE DUNLAP,  
WM. H. BAXTER,  
JAMES DALY,  
Committee on Judiciary.  
D. C. HOLBROOK,  
City Counselor.

Accepted and concurred in as follows:

*Yeas*—Ald. Baxter, Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Wilks, and the President—21.

## REPORTS OF COMMITTEES.

## WAYS AND MEANS.

To the Honorable the Common Council:  
GENTLEMEN—Your Committee on Ways and Means, to whom were referred the bonds of Caroline Jeffrey, Charles Funke, Frederick Funke, Dennis Dulles, Wm. Darmataester, Julius Strallinger, John Wecker, and Jacob Darmataester, respectfully report that we have examined the same and finding them correct and satisfactory recommend their approval.

Respectfully submitted,  
GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rosland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—21.

## CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:  
GENTLEMEN—Your Committee on Claims and Accounts would respectfully report that they have examined the pay roll of the city officers, likewise the pay roll of those employed by the Board of Public Works contained in the Controller's list of approved accounts, and believing them to be correct would recommend that they be paid from the proper funds on Wednesday instead of Saturday, the usual pay day.

Very respectfully,

SEYMOUR FINNEY,  
JOHN D. FINNEGAN,  
JACOB GUTHARD.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rosland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—21.

## FIRE LIMITS.

To the Honorable the Common Council:  
GENTLEMEN—The Committee on Fire Limits have examined the petition of M. Goldman, who asks to be allowed to extend the front portion of his house, No. 120 Lafayette street east, a distance of 5 x 16 feet and 10 feet in height, for the purpose of displaying his goods, the houses adjoining on both sides projecting out, thus preventing his goods being seen. We believe there will be no material increase to the fire risk, and recommend that permission be granted, providing he does not exceed the limits above set forth. Joseph Corns petitions to erect a wooden shed. The shed has already been constructed, but the committee ascertain that Mr. Corns pulled down a larger shed on his premises than the one recently built; and as there was no wilful intention on his part to violate the ordinance, he believing he had a perfect right so to do, the committee recommend that the prayer of the petitioner be granted.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and concurred in.

## TAXES.

To the Honorable the Common Council:  
GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of C. Moran to be refunded an over paid tax, reports: The petitioner and also a tenant of his paid the taxes assessed the present year on the east twenty feet of lot three, C. Moran farm, on the south side of Larned street. The property is assessed to the tenant, who is required to pay the taxes and the owner paid the money by mistake. We recommend that the amount paid in be refunded and recommend the adoption of the following resolution:

*Resolved*, That the Controller be directed to draw his warrant on the contingent fund in favor of C. Moran for twenty-one dollars and nineteen cents.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rosland, Schmitt, Schmittidiel, Shanahan, Wilks, and the President—21.

*Nays*—None.

## FROM THE SAME.

To the Honorable the Common Council:  
GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Philip Schmitt, asking that there be paid to him five dollars awarded in the matter of opening an alley in the block bounded by Antoine, Hastings, Division and

Alfred streets, would report that the appropriation for said award, together with others for the opening of said alley, has long since been made and the warrant drawn for the same, and so far as this Council is concerned there is no obstacle to Mr. Schmitt's obtaining his money from the City Treasurer.

Respectfully submitted,

WM. H. BAXTER,  
JAS. DALY,  
C. C. BLODGETT.

Accepted and placed on file.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Dennis Falvey and Henry Rose, the former to be relieved from a portion of the amount assessed against his property for paving Baker street, and the latter to be relieved from the payment of the regular city taxes, report, the petitioners reside and own lots adjoining each other on the southeast corner of Baker and Eighth street, and a dispute has existed for a number of years as to which of them really own a fractional part of the corner lot. The question is one for the courts to decide, and one of which the Council has no jurisdiction. We therefore report both petitions back and ask to be discharged from their further consideration.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The subject matter of the petition of Patrick Barry, transmitted to your Committee on Taxes, has heretofore been reported upon by the Committee on Judiciary and the City Counselor. They think that he is not entitled to claim the amount paid by the estate he represents for the opening of Labrosse street, and the Council has adopted said report, consequently we report his petition back and ask to be discharged from its further consideration.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of John N. Ford, claiming to have been over-assessed for city taxes in 1873 and 1874 upon personal property, report: After a careful examination we find his claim to be, to some extent, founded on fact. It is not a question of value, but a question of the existence of property, which seems to have been assessed from year to year through his negligence. Your committee have adjusted the matter upon an equitable basis, and find that Mr. Ford is entitled to \$90.28. We ask the adoption of the following resolution:

*Resolved*, That the Controller be directed to draw his warrant on the contingent fund in favor of John N. Ford for ninety dollars and twenty-eight cents.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and the recommendations concurred in as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—31.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Edmond Green claiming that the subdivision of lot 43 and out-

lots 44, 45, 46 and part of 47 Labrosse farm had been over assessed, report:

We find that the property in question, owing to an imperfect description, was, substantially, twice assessed, and to remedy the defect complained of we recommend, provided the original taxes have all been paid, that the controller be directed to carry out the following resolution.

*Resolved*, That the Controller be directed to draw his warrant on the contingent fund as follows: in favor of Edmond Green for \$39.36; in favor of Daniel Storey for \$17.75; and in favor of Patrick Falvey for \$18.16

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—31.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Charles Freer, asking that the city refund to him the cost of constructing a plank sidewalk on the south side of Walnut street, for the alleged reason that the city owns a strip of land between his lot and the south side of the street here named, report, the street in front of the petitioner's lot, and in front of several others adjacent is 28 feet wide, and all of the property owners here have fenced in twelve feet of it. The sidewalk referred to was constructed in obedience to a resolution of the Common Council, and is in the street. The petitioner has, in our opinion, no claim whatever to have any of the cost refunded, and we recommend that the prayer of the petition be denied. We also recommend that the Board of Public Works be directed to cause all obstructions to be removed from Walnut street, in the locality here referred to.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of John Egan, report: The petitioner, formerly a retail liquor dealer, quit the business on the 12th of October, and we recommend, as in other similar cases, he be refunded a pro rata amount of his whole tax, and ask the adoption of the following resolution:

*WHEREAS*, It appears that John Egan was assessed \$40 as a dealer in intoxicating liquors, that he has discontinued the business; therefore,

*Resolved*, That the Controller be authorized and directed to draw a warrant on the contingent fund in favor of John Egan for \$35.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—31.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of George H. Gies, asking that the tax for the sale of liquor assessed against him be canceled, report: The petitioner formerly did business at No. 54 Monroe avenue and simply removed his stock in trade, etc., to No. 10, on the same street. As he has been carrying on but one place for the sale of liquor we recom-

mead that the assessment last made against him be set aside, and we ask the adoption of the following resolution:

**WHEREAS**, It appears that George H. Gies was assessed \$115 as a dealer in intoxicating liquor, at No. Monroe avenue and that he merely moved his saloon from one building to another; therefore,  
**Resolved**, That such assessment be vacated upon the payment of \$150, the amount assessed against the said business at No. 54 Monroe avenue.

Respectfully submitted,

WM. H. BAXTER,  
 C. C. BLODGETT,  
 JAMES DALY.

Accepted and adopted as follows:

**Yeas**—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittiel, Shanahan, Wilks and the President—21.

##### FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—I herewith submit an ordinance dividing the Sixth Ward into two wards, to be known as the Sixth and Eleventh Wards, in obedience to your instructions of last session. After the adoption of this ordinance it will be necessary to pass the proper ordinance establishing election districts; also a resolution as required by section 2 of the Act of March 27, 1867, directing when the first election shall be held in the Eleventh Ward. For the purposes of registration and appointment of inspectors of election in cases of new wards and election districts, I am of the opinion that a general ordinance should be passed conforming to the provisions of an amendment to the charter dated March 29, 1874. Under this act, unless the ordinances are amended, a question may sometime arise in relation to the sufficiency of the boundary descriptions of some of the election districts. To place the matter beyond doubt, I recommend the passage of amendments to the ordinances dividing the Fourth, Seventh, Eighth, Ninth, and Tenth Wards into election districts.

I further beg leave to call your attention to the fact that the Act of the last Legislature adding certain territory to the city of Detroit, makes it the duty of your honorable body to attach the same to the several wards of the city. For assessment and other purposes, action should be taken very soon.

Very respectfully,

F. G. RUSSELL,

City Attorney.

Accepted, and the ordinance was read twice by its title, as follows: "An ordinance dividing the Sixth Ward, of the City of Detroit, into two wards, to be known and designated as the Sixth and Eleventh Wards."

Laid on the table and ordered printed.

An ordinance, dividing the Sixth Ward of the City of Detroit into two wards, to be known and designated as the Sixth and Eleventh Wards. It is hereby ordained by the Common Council of the city of Detroit:

**SECTION 1.** That the Sixth Ward of the city of Detroit be and the same is hereby divided into two wards, to be known and designated as the Sixth and Eleventh Wards.

**SEC. 2.** The Sixth Ward of said city shall comprise all the territory included within the following boundaries, to wit: Commencing at the intersection of the northerly boundary line of the city, with the center line of Woodward avenue and running thence southerly along said center line to a point where it would intersect the center line extended of Monroe avenue; thence along said center line extended and the center line of Monroe avenue, the center line of Randolph street and the center line of Gratiot avenue to the center line of St. Antoine street; thence northerly along the center line of St. Antoine street to the center line of Montcalm street; thence easterly along said last mentioned center line to a point where the center line extended, of an alley running north and south in the block bounded by Montcalm, High, Hastings and St. Antoine streets, would intersect the said center line of Montcalm street; thence northerly along the said center line extended of said alley and the center line of said alley to the center line of High street; thence westerly along said last mentioned center line to the center line of St. Antoine street; thence along said last mentioned center line and the same in the same direction extended to the northerly boundary line of the city, and thence westerly along said boundary line to the place of beginning.

**SEC. 3.** The Eleventh Ward of said city shall comprise all the territory included within the following boundaries, to wit: Commencing at the intersection of the center line of St. Antoine street and Gratiot avenue and running thence along the center line of said avenue northerly to its intersection with the center line of the Detroit and Milwaukee Railroad, or Dequindre street, so called; thence northerly along said last mentioned center line to the northerly boundary line of the city; thence westerly along said boundary line to a point where it would intersect the center line of St. Antoine street extended; thence southerly along said last mentioned line and the center line of St. Antoine street to the center line of High street; thence easterly along said last mentioned line to the center line of the alley described in section 2, preceding; thence southerly along said alley line to the center line of Montcalm street; thence westerly along said last mentioned line to the center line of St. Antoine street, and thence southerly along said last mentioned line to the place of beginning.

**SEC. 4.** At the regular city election in November, 1876, there shall be elected in the said Eleventh Ward two Aldermen, two School Inspectors, and two members of the Board of Estimates, one of each for the term of one year, and one of each for the term of two years, and annually thereafter one Alderman, one School Inspector, and one member of the Board of Estimates. All officers first elected under the provisions of this section shall qualify and enter upon the discharge of their duties at the time and in the manner provided in section 16, chapter 2, of the Charter.

**SEC. 5.** The Aldermen, School Inspectors and members of the Board of Estimates of the present Sixth Ward shall be and remain, unless sooner disqualified, Aldermen, School Inspectors and members of the Board of Estimates for the new Sixth Ward for and during the term for which they were elected. At the said election in Novem-

ber, 1876, and annually thereafter, there shall be elected one Alderman, one School Inspector and one member of the Board of Estimates, for the term of two years, and one Constable and one Ward Collector.

**SEC. 6.** An ordinance approved September 14th, 1873, dividing the Sixth Ward into three (3) election districts is hereby repealed.

Permission having been granted, Ald. Barter submitted an ordinance for the division of the Tenth ward into two wards, notice of the same having been previously given by him for that purpose.

Accepted, whereupon the ordinance was read a first and second time by its title, as follows: "An ordinance dividing the Tenth ward into two wards, to be known and designated as the Tenth and ——— wards."

#### SPECIAL.

To the Honorable the Common Council:

**GENTLEMEN**—Your Special Committee, to whom was referred the question of the advisability of a complete revision of the charter, would report that they have made an examination of the subject and are thoroughly persuaded that some action ought to be taken by this and the succeeding Council, to put the charter of our city in an understandable condition. At present, to the ordinary mind, it is impossible to comprehend by a reference to it what the law is in a given case. It comprises, at the present, including amendments, five hundred and sixty-one pages, and but few parts of the original act of 1857 have escaped the corrective hand of the Legislature. Such an instrument, if divided into reasonable sized volumes, would resemble a law library. Many parts of it have been declared by judicial authority either inoperative or unconstitutional. It is so constructed that the co-ordinate branches of the city government work with little or no harmony, the result being much useless and wasteful expense, and often much bad blood between the various officers of the corporation. The history of our municipal government for the last ten years so forcibly illustrates this view, that argument would seem to be unnecessary.

The charter has been so lumbered up with useless detail, with amendment after amendment, with the special and private interests of active and successful lobbyists, as to have become such an incongruous mass that experienced and efficient officers of the city seldom act upon it, outside of the routine work of their offices, without legal advice, and our legal advisers have sometimes found themselves at fault.

These things being so, it becomes almost imperative that a revision be made. Your committee therefore recommend that a special Advisory Committee, to consist of three Aldermen of this Council, who will be members of the next Council, the Comptroller and City Counselor be appointed by your honorable body, to investigate the cost of such revision and to recommend to you a proper person, or persons, to perform said work.

H. HEAMES,  
GEORGE W. HOUGH.

Accepted and concurred in.

The Chair appointed as the Special Committee for the above purpose Ald. Heames, Finney and Hough.

#### RESOLUTIONS.

FROM THE DIRECTOR OF THE POOR.

To the Honorable the Common Council:

GENTLEMEN—Last February, 1875, the Wayne County Board of Auditors compelled me to transfer nearly all persons who were receiving aid from the County Temporary Relief Fund to the City Poor Fund, they, the auditors, claiming that it was illegal to relieve paupers at the expense of the county after they had resided in Detroit one year. The doctrine that "once a county pauper always a county pauper," while necessary to extend relief, has prevailed in Wayne County from time immemorial, and its legality was never before questioned, because the Compiled Laws of the State of Michigan recognize the distinction between county and city or town poor (or paupers). This change adds to the city poor expenses from \$10,000 to \$12,400 annually, which was not provided for in the last appropriation for the maintenance of the poor, hitherto paid by the county.

The appropriation for the present fiscal year for the poor is \$25,000, of which, if I am correctly informed, only about \$20,000 is as yet collected, and some of it will probably never be collected, being personal taxes.

During the past year very many poor people, as is well known, could not obtain employment, and those who secured work received meagre pay, scarcely sufficient to enable them to subsist; consequently more temporary relief has been required at the hands of the city than in any year hitherto.

A dull and tedious winter is before us, with a prospect of a heavy demand upon the poor fund. The fiscal year closes with the end of January next. The City Poor Fund is nearly or quite exhausted. Under the circumstance, would it be inconsistent for your honorable body to transfer a reasonable amount of the liquor tax money to the City Poor Fund to meet the necessities of the unfortunate of our city until the close of the fiscal year.

I promise you that every cent placed in my hands shall be judiciously and faithfully expended for the benefit of the needy and worthy poor of the city. The case of every applicant is now most thoroughly and searchingly investigated, so that there is scarcely any opportunity for imposition. The utmost care and vigilance is exercised to discriminate between the worthy and the unworthy, and no relief is issued unless absolutely necessary. I take especial pains to seek out the aged, sick, decrepid, and those of good habits, who have seen better days, and who, by reason of some unavoidable misfortune, have been reduced to penury, want and suffering. The City Poor Fund relieves scores of this class of persons yearly, of whose cases the public is ignorant, for the reason that their native pride forbids a disclosure of the fact of their distress by them, and I have too much respect for their feelings to publish their humiliation to the world. But I keep an accurate record of these cases, and report the same monthly to your honorable body (as you are aware), with their names and residences plainly written at

length, with the character and amount of relief rendered to each person or family. Indeed a complete and intelligent record of every person aided by the city is kept in my office, to which any citizen or officer may at any time have access, and if anything is found wrong I shall be the first to correct it. All the recipients of relief can be easily found by inspection of my books. The most rigid scrutiny is invited. The city has on hand intact, 800 cords excellent hickory wood for the poor, which I hope will serve them through the winter; but more funds are needed for provisions, hospital and burial expenses, (the two last being heavy items,) transportation, vaccination of the poor, etc. To meet the actual wants of the poor during the ensuing winter, in my judgment at least \$10,000 will be necessary, which approximates to the amount that the action of the County Auditors, last winter, added to the city poor expense during the present fiscal year. The poor have had a hard struggle for subsistence since the "Panic." In Detroit hundreds of stalwart, sober, honest and industrious men are to-day, and have been for more than a year past, destitute of employment; they cannot obtain work, because there are more laborers than employment. These men apply for aid or work every day. They are ashamed to beg, but are clamorous for "something to do," to "keep the wolf from their doors," and save their helpless children from starvation. This being true, what must be the condition of the old and feeble men and women, widows, orphans and the sick, who are unable to earn a cent towards their support. I can show you, too, many such cases in this city—good, sober, honest, correct people, of all ages and sexes, many of whom have spent their lives in Detroit, and who must have perished were it not for the generosity of our tax-payers in instituting a poor fund for their protection. We have a large population, the city is rapidly increasing in numbers, but the Poor Fund does not increase in proportion to the growth of the city. The present appropriation is about the same as it was fifteen years ago, when Detroit was of much less population than it is to-day. We need a "House of Industry," or some kind of an institution, where the poor could be profitably employed at honest labor—not a penal institution, but one which would preserve the manhood of the people and the dignity of labor. The sooner Detroit resorts to some such plan the better for its inhabitants. "The poor ye always have with you."

Very respectfully,

LUTHER B. WILLARD,  
Director of the Poor.

Appended please find communication from Hon. E. I. Garfield, City Controller, relative to the condition of the City Poor Fund. All of which is most respectfully submitted.

L. B. WILLARD,  
Director of the Poor.

[COPY.]

CONTROLLER'S OFFICE, {  
December 1, 1873. }

Hon. L. B. Willard, Director of the Poor:

DEAR SIR—It becomes my duty to notify you of the condition of the "City Poor Fund," in order that you may fully understand how far you can go in extending relief, etc.:

Balance from last year ..... \$3,123 2  
Appropriation this year ..... 25,000 00

Total ..... \$28,123 20  
Claims paid to date ..... \$22,784 50  
Claims unpaid to date ..... 2,284 60  
Worthless taxes (estimated) .. 150 00  
\$25,219 20

Balance ..... \$2,908 61

As a large amount of the taxes of 1873, and quite an amount for previous years, remain uncollected, the above balance is simply on paper, and not a dollar of it in cash. My duty, under the charter, is plain. "God help the poor," for I fail to see how you or I can.

Very respectfully,

E. I. GARFIELD,  
Controller.

### ORDINANCES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ordinances, to whom was referred the resolution of Ald. Heames, of November 30th, directing said committee to report at the next session of the Council as to the expediency of "collecting, revising and compiling the city ordinances," respectfully

report that they have carefully considered the subject and are convinced that immediate action should be taken to procure an early and careful revision of the ordinances of the city. Since the present volume of ordinances was published numerous charter amendments have been passed, which have rendered necessary a complete remodeling of many of the ordinances now on our books. The act establishing a Board of Public Works alone has superseded and rendered invalid many entire chapters of our present ordinances, besides rendering necessary numerous changes in many others. Chapters 11, 12, 13, 16, and 25, relating to the duties of City Surveyor, Street Commissioners, Sewer Commissioners, Overseers of Highways and Superintendent of Parks, have been rendered entirely nugatory, as the duties of all these officers have been merged in the Board of Public Works. But there are more serious incongruities and difficulties than those arising from ordinances which have been superseded. Take for example those chapters relative to the Fire Department and the protection of the city from fire. These chapters seem to have been originally adopted before the act establishing a Board of Fire Commissioners was passed, and as a consequence we find scattered through them allusions to the "Fire Marshal," a functionary known to the old fire department, but long since defunct. But not to particularize, the whole volume is full of inconsistencies and absurdities, besides the numerous amendments of sections of ordinances which do not appear in the book, whereby the tenor of the section or chapter is entirely changed, thus operating to deceive and mislead those who may be guided thereby. This should not be. The city ordinances should be placed within the reach of our citizens, that all may have an opportunity to ascertain what are his duties as a good and law-abiding citizen, and not to operate as an ignis fatuus to draw him into the bog of the Police and Recorder's Courts. For the reasons above enumerated and many others which might be given, your committee recommend the adoption of the following resolution, and submit the same as a part of this report, viz:

*Resolved*, That the City Attorney and the City Clerk be, and they are hereby directed to proceed at once to revise, collect and compile the City Ordinances preparatory to the publication of the same, and that when so revised and prepared, they submit the same to this Council, for such further action as the Council may deem best.

Respectfully submitted,

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GIES.

The report was accepted and resolution adopted.

#### SPECIAL.

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned, to whom was referred the resolution at the last session in relation to the revision of the city charter, report that they deem it advisable to revise the charter, and they recommend that a committee, consisting of three Aldermen who are elected to hold their office during the following year, the City Controller and City Counselor, be appointed to superintend such revision, and that said committee have power to employ a suitable person, at an expense not exceeding \$500, to prepare such revision, and report the same by the 1st of July next.

Respectfully submitted,

H. HEAMES,  
GEO. W. HOUGH,  
SEYMOUR FINNEY,

## FROM THE COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned being requested to give his opinion whether the monies raised for the contingent fund, and particularly the taxes paid on the business of dealing in malt and distilled spirits can be used to relieve the poor of this city, states that the act of May 31, 1875, under which the liquor tax is collected, declares "that the money collected by the County Treasurer shall be by him placed to the credit of the contingent fund of the township, village, or city from which the same was collected and the same shall be by such township, village, or city applied as other contingent funds."

The charter, pages 14 and 15, provides for a "Contingent Fund" to defray the contingent expenses of the city, and a "Poor Fund" to defray the expenses of providing for and taking care of the poor of said city.

The charter requires the council to submit annually to the Board of Estimates a statement of the amount to be raised for each of these, and other funds, and the amount determined by such board cannot be increased nor a greater amount expended.

Sections 18 and 19, chapter 7, of the charter, prohibits the drawing of any warrant for the payment of which there is no money in the treasury raised or received for such purpose, or after the fund constituted or raised therefor has been exhausted by warrants previously drawn, nor for a greater amount in the aggregate than the money raised for and paid into such fund for the year, and every warrant is to be paid out of the fund constituted for the purpose and from no other; and by Section 30 "moneys shall not be transferred from one fund to another," except in certain cases, and then to the sinking fund only.

By Section 35, same chapter, any officer of the city (which includes Aldermen,) who shall directly or indirectly, and knowingly appropriate, use or convert any money to any other purpose than that for which it was raised, or any purpose not authorized by law, shall be deemed guilty of willful and corrupt malfeasance in office, and liable to be punished by imprisonment in the State prison not exceeding three years.

It is my opinion, therefore, that not one dollar of

the contingent fund, however raised, can be used to relieve the poor of this city.

Respectfully submitted,

D. C. HOLBROOK,  
City Concessor.

Accepted, whereupon Ald. Daly moved to refer the communication to the special committee appointed to revise the City Charter. Which motion prevailed.

## FROM THE BOARD OF FIRE COMMISSIONERS.

To the Honorable the Common Council:

GENTLEMEN—The Fire Commission, to whom was referred the petition of C. E. Smith, asking permission to move a frame office, respectfully report that on examination the granting of such privilege would tend rather to decrease than increase the fire risk, as another structure is to be torn down to accommodate it.

By direction of the Board.

Very respectfully,

FRED. H. SEYMOUR,  
Secretary.

Accepted and placed on file.

## FROM THE CITY CLERK.

That he presented the proceedings of the last Council to the Mayor on the 4th inst., and they were approved on the same day.

Accepted and placed on file.

Also, that Mrs. Eliza Greider, John K. Merrick and Frank Donnadieu have filed indemnity liquor bonds.

Referred to the Committee on Ways and Means. On motion of Ald. Finney, Ald. Dunlap was excused from attendance at the previous session of the Council.

## REPORTS OF COMMITTEES.

## WAYS AND MEANS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means to whom was referred the official bonds of John A. Wilkie, constable elect of the Third Ward, also, the bonds of E. J. Fetzere and Charles J. Visger, dealers in malt and spirituous liquors, have examined the same and believing them to be satisfactory, recommend their approval.

Very respectfully,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Giles, Guthard, Heames, Hinchman, Horn, Hough, Kurts, Owen, Bonland, Schmitt, Schmittidel, Shanahan, Wilkie, and the President—80.

*Nays*—None.

## FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits to whom was referred the petition of Charles Schuilenburg, No. 160 Randolph street, for permission to retain a temporary shed erected there recently, would state that on investigating the party they believe he was ignorant of any intentional violation of the fire ordinance, that the shed is a temporary structure only, built more especially for the protection of his horses the coming winter, and would recommend that he be allowed to retain the same on condition that he will construct a brick wall on the rear end thereof for the protection of the adjacent property.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and concurred in.

## TAXES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of John Come, asking to be refunded the amount of \$323 05 an over assessment by mistake of his personal property in the Second Ward on the north side of Michigan avenue, would respectfully report that the assessment on his property should have been \$3,500; another cypher was by error of one of the assistant assessors added, making the amount

\$25,000. The amount of \$331.08 is the amount of tax overcharged and should be refunded. We therefore ask the adoption of the annexed resolution.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

*Resolved*, That the Controller be and is hereby directed to draw his warrant on the proper fund for \$331.08 in favor of John Cone on his presenting to him a receipt of payment of his personal taxes.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Shanahan, Wilks, and the President—30.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes to whom was referred the petition of the Edmondson American Spectacle Company, alleging that they have been over assessed, and making an exhibit of their financial condition would respectfully report that in the opinion of your committee the case of the company is of such a nature as not to come under the duties of the committee or of this council at this time. The company should have made their representations to the Board of Review, whose duty it is to consider such matters and not wait until the assessments have been confirmed, and taxes levied. Your committee therefore ask to be discharged from further consideration of the petition.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and concurred in.

FROM THE SAME.

To the Honorable the Common Council:

Your Committee on Taxes to whom was referred the petition of Thomas Pitts, complaining of an assessment, report:

The petitioner was assessed the present year upon the proceeds of a mortgage of \$15,000, and he paid the taxes therefor. The mortgage in question belonged to the estate of the late H. Norton Strong, and on the first of August of the present year it was assigned to George Peck, and he paid the taxes assessed against it. The proceeds of the mortgage were applied upon the debts of the estate and this also was taxed. Under the circumstances the committee are of the opinion that the proceeds of the mortgage should not have been assessed against Mr. Pitts, and we think the tax paid by him should be refunded. We therefore recommend the adoption of the following resolution:

*Resolved*, That the Controller be directed to draw a warrant on the contingent fund in favor of Thomas Pitts for one hundred and seventy-two dollars and eighteen cents, (\$172.18)

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Shanahan, Wilks, and the President—30.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council.

**GENTLEMEN**—Your Committee on Taxes, to whom was referred the petition of Thomas W. Palmer, representing that he had been wrongfully assessed upon property valued at \$7,500, report:

We find that the petitioner is assessed upon three mortgages, one of which is recorded in liber 86, page 308, for \$2,000; one in liber 90, page 360, for \$4,400, and one in liber 106, page 158, for \$2,400, making an aggregate of \$9,800. The mortgage first referred to the petitioner claims, was given to secure certain endorsements

made by him, and to be cancelled when the notes shall be paid. This mortgage was discharged in part on June 15th, 1875, and with this exception, still remains on record. The question as to whether this is or is not an indemnity mortgage is one over which the Common Council has no jurisdiction except upon an appeal made in proper form and at the proper time. [See Charter, chap. 9, sec. 9, page 128.] from the action of the Board of Review. As no appeal was made, and especially as no application was made to the Board of Review to change the assessment, the Council is now debarred from any action in the premises, except to reject the application.

The mortgage for \$2,400 is still of record.

The mortgage for \$4,900 was discharged on February 19th, 1875, some time before the city assessment rolls were confirmed, and does not properly belong to the assessments for the present year. And we recommend that in this instance the relief prayed for be granted and we ask the adoption of the following resolution:

*Resolved*, That the Controller be directed to draw a warrant on the contingent fund in favor of Thos. W. Palmer for \$60.31 whenever it shall appear that he has paid all the taxes assessed against him on personal property for the year 1875.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittlidel, Shanahan, Wilks and the President—30.

*Nays*—None.

ORDINANCES.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Ordinances to whom was referred the question of the rental of the stalls in the vegetable and fish market herewith submit an ordinance embodying the views of the Committee.

Respectfully submitted,

M. P. CHRISTIAN,  
GEO. W. HOUGH,  
PAUL GINS.

Accepted, and the ordinance was read twice by its title, as follows: "An ordinance amending section 3 of chapter 59 of the Revised Ordinances of 1871."

Laid on the table and ordered printed.

The following is the ordinance:

AN ORDINANCE

Amending Section 3, of Chapter 59 of the Revised Ordinances of 1871.

It is hereby ordained by the Common Council of the City of Detroit:

**SECTION 1.** That section 3, of chapter 59 of the Revised Ordinances of 1871, be and the same is hereby amended so as to read as follows:

**SECTION 2.** It shall be the duty of the Controller to offer for sale at public auction on the first Monday in March of each year the use of the vegetable and fish stands in the public markets. Said Controller shall give notice of said sale by publication in the official daily newspaper of said city for at least three days successively. The bids for said stands at said sale shall be for rent by the month, and the purchasers thereof shall be entitled to possession on the first day of April succeeding, and for the term of one year thereafter, provided they shall execute the lease hereinafter provided for within one week after said sale. But should any of such purchasers neglect to so execute said lease, then said Controller shall again offer their stand or stands for sale at auction, posting a notice of said sale on such stands for two days previous to the time of sale; and should any of the stands in said markets, at any time during the year for any reason become vacant, the said Controller shall in like manner offer them for the time remaining between the time of offering them for sale and the first of April next succeeding. No person shall transfer a lease or sub-let a stand so purchased.

## SPECIAL.

To the Honorable the Common Council:

GENTLEMEN—The special committee to whom was referred the communication of the City Counselor suggesting the employment of an accountant to re-examine the books of the late E. S. Leadbeater, defaulting City Treasurer, with a view of further prosecution of the claims against the bondsmen of said defaulter, have given much time and consideration to the subject to them referred and respectfully report as their conclusions, the following:

The city has made several fruitless attempts to regain the losses by said defalcation. To continue these suits would involve no small expense. Mr. Leadbeater was elected for three successive terms. Three separate bonds were given. A long and somewhat tedious investigation has come short of showing in which term the defalcation occurred. Juries have declared they cannot solve the problem; neither has the court nor Counselor been able to tell. The hope of more light on the mystery is fading with each suit, and the new tactics of suing a single bondsman at a time has elicited much displeasure from our citizens, besides being attended with no satisfactory results. While we have reason to commend the diligence of our City Counselor in his struggles to secure the claim of the city, we are obliged to remember that no adequate degree of success has compensated his efforts.

We therefore feel it our duty to recommend a discontinuance of these litigations.

GEO. W. HOUGH,  
WM. A. OWEN,  
J. HORN, JR.,  
WM. H. BAXTER,  
J. SCHMITT.

*Resolved*, That the City Counselor be and is hereby directed to discontinue what are known as the Leadbeater bond suits.

The report was accepted, whereupon Ald. Daly moved to lay it over for one week.

Lost as follows:

*Yeas*—Ald. Christian, Daly, Finnegan, Gies, Guthard, Kurtz, Rouland, and Shanahan—8.

*Nays*—Ald. Blodgett, Dorr, Dunlap, Finney, Heames, Hinchman, Horn, Hough, Owen, Schmitt, Schmittiel, Wilks and the President—18.

*Nays*—Ald. Blodgett, Dorr, Dunlap, Finney, Hinchman, Horn, Hough, Owen, Schmitt, Wilks and the President—11.

## COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT, }

MAYOR'S OFFICE, December 10, 1875. }

To the Honorable the Common Council:

GENTLEMEN—I return to your honorable body, without my approval, that part of your proceedings on the 7th inst. cancelling the claim of the

city against the bondsmen of the late E. S. Leadbeater, for the reason that I know of no precedent for such action, and should we make one, the consequences to good government in this city would be baneful in the extreme.

Your committee report that the whole course of the law suit has been unsatisfactory, and that the new tactics of suing a single bondsman has elicited much displeasure among our citizens; in answer to which I have to say that among our citizens to-day there are two to every one of those who have expressed such displeasure that accuse the city government with inefficiency in the prosecution of these claims. It is very well known too, or shrewdly suspected by still a larger number of citizens, that at least a portion of these very bondsmen were fully cognizant of the auxiliary acts of the late treasurer towards the defalcation for months previous to the denouement.

I suggest further to your honorable body that had those displeased citizens watched the proceedings at the court in the first stages of this suit, they would have concluded, "which to all appearance was the case," that only one of the bondsmen was interested in the matter; that is, if the management of the defense be any criterion to judge by.

I submit for your further consideration that if we formally, by resolution, give up the prosecution of these claims, do we not turn the serious act of putting certain city officers under bonds into a farce that no dishonest incumbent would care to respect? Besides, we preclude the city's prerogative to again bring this case into court, even if juries be hereafter brought to understand that corporations have rights as well as individuals; and, in pursuing such a course, would it not be recant to the rights and interests of our constituents, and withal a violation of our oaths of office?

Very respectfully,

H. MOFFAT, Mayor.

The communication was accepted, and the vote by which the report was adopted, was reconsidered as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—21.

*Nays*—None.

The question then being upon adopting the report notwithstanding the objections of the Mayor, the same did not prevail, two-thirds of all the Aldermen not voting therefor, as follows:

*Yeas*—Ald. Blodgett, Dorr, Dunlap, Finney, Hinchman, Horn, Hough, Owen, Schmitt, Wilks and the President—11.

*Nays*—Ald. Christian, Daly, Finnegan, Gies, Guthard, Heames, Kurtz, Rouland, Schmittidel and Shanahan—10.

## COMMUNICATION FROM THE MAYOR.

CITY OF DETROIT, }

MAYOR'S OFFICE, December 13, 1875. }

To the Honorable the Common Council:

GENTLEMEN—I do hereby call your special attention to the state of the city poor fund, which you will see by the Controller's letter to the Director of the Poor is entirely inadequate to the wants of the poor of our population for the next ten or twelve weeks, when this fund can be replenished by our citizens through their representatives, the Board of Estimates.

Whilst for many reasons it would be very unwise and impolitic to augment our bonded debt for such a temporary purpose, I do most respectfully recommend that your honorable body take action at once to authorize the Controller, temporarily, to supply funds out of any money that may be in the treasury for the relief of the poor and destitute of our fellow-citizens.

If it be conceded that the city charter forbids the substitution of part of any one fund to augment another in the economy of our city government, I know of no construction of the law regarding the contingent fund that would forbid the city to use it for a contingency like the present, when necessarily knows no law, and whatever (if any) mismanagement on our part be the cause, the exigencies of existing circumstances will not permit time to enquire.

The Controller has called on the name of God in this matter, which pious invocation I shall reverence by saying that if the Almighty has prospered those of us who are not poor, we shall best obey the behests of our constituents, promote the welfare of our city, the cause of humanity and the holy injunction to remember the poor, by not leaving him empty away.

I am aware of many objections to the distribution of a large poor fund, among the most prominent is, that many of its recipients have been improvident and not entitled to help, but we have to face the facts as they are, and I am confident that no tax-payer will prefer the alternative of relieving the poor by private subscription, or issuing bonds for that purpose to the (so called) violation of the city charter by borrowing, for the time being, as it were, from Peter to pay Paul.

It is first in order for the city, in a public manner, to take care of its poor, and let all those who

prate about the sacredness of the city charter just for the moment imagine themselves in his place.

I have further to recommend to your honorable body that a strict enquiry be immediately made by a committee of aldermen assisted by private citizens, appointed by the Council for that purpose, into the direction, past and present management of the city poor fund.

Very respectfully,

HUGH MOFFAT,

Mayor.

Accepted, whereupon Ald. Christian moved to refer to the Committee on Ways and Means and City Counselor.

The motion prevailed.

## REPORTS OF COMMITTEES.

### WAYS AND MEANS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom were referred the bonds of John Opalewski, H. J. Smith, Joseph Linto, Anton Michenfelder and May Duval, liquor dealers, respectfully report that we have examined the same and finding them correct and satisfactory recommend their approval.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilks, and the President—20.

*Nays*—None.

### MARKETS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Markets, to whom was referred the petition of J. A. Smith and others for furnishing them with gas at the Central Market, report that they have investigated the matter carefully, and they are of the opinion that their wishes cannot be granted, because the owners of stands already are free from rent during the winter months; and we think it would be unjust towards the tax-payers to furnish them with gas and the city not deriving one cent of compensation for it. If this should be granted your committee do not hesitate in saying that the owners of said stands would ask the city for heating apparatus before long in said market. Your committee would have no objection for the owners of said stands to use the gas fixtures in said market; but let them pay jointly for the use of gas, so long as they do not pay any rent for the same. For this reason, and for the interest of the tax-payers of this city, your committee have to report adverse to it.

Respectfully submitted,

J. A. KURTZ,  
GEORGE WILKS,  
J. SCHMITT.

Accepted and adopted.

### JUDICIARY AND COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned to whom was referred the petition of Frances Small, K. McCowan and Charles Narhange to be refunded certain monies paid by them for assessments on opening Labrosse street report, that they have examined the matters referred, and they are advised by the City Collector and City Treasurer that all these payments were voluntarily made, and not under compulsion, and the city is not liable to refund under such circumstances; they therefore report adversely to granting the prayers of said petitions.

GEORGE DUNLAP,  
WM. H. BAXTER,  
JAMES DALY.

Committee on Judiciary.  
D. C. BOLBROOK,  
City Counselor.

Accepted and adopted.

### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, to whom was referred the petition of John Bigly, to be refunded the sum of \$325.50 for money paid by him to the City Collector for an assessment made against him for opening Twenty-first street from Fort to Woodbridge streets report that they find on examination of the matter that the proceedings for opening said street were illegal as declared by the Supreme Court, and the money was paid under compulsion by Mr. Bigly to prevent his property from being seized. We therefore recommend that the Controller draw his warrant on the contingent fund in favor of Mr. Bigly for the

sum of three hundred and twenty-five dollars and fifty cents.

Respectfully submitted,

GEORGE DUNLAP,  
WM. B. BAXTER,  
JAS. DALY,  
Committee on Judiciary.  
D. C. HOLBROOK,  
City Counselor.

Accepted, objected to and laid over under the rules.

#### COMMUNICATIONS FROM CITY OFFICERS.

FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—Wm. A. Porter, claiming to be an alien and a subject of Great Britain, has com-

menced suit in the Circuit Court of the United States for the Eastern District of Michigan, against the city to recover damages for an alleged injury to his wife from a defective crosswalk on Michigan avenue. The usual reference to the Counselor is respectfully recommended.

At your last session you directed me to report an ordinance dividing the Tenth and Thirteenth Wards into two election districts each, but without indicating the proposed boundary lines. Permit me to await your further instructions.

At your session one week ago you passed a resolution instructing me to report an ordinance providing for the letting of the use of the public scales to the highest bidder, such bidder to be weighmaster. I am of the opinion that no person can become a regular officer of this city by being the highest bidder therefor, and believe the charter must be amended before the purpose of the resolution can be effected.

From further reflection in relation to the effect of the recently adopted ordinances dividing the Sixth and Tenth Wards, and the ordinance now pending before you adding certain territory of the city to certain wards, I am satisfied that for the purposes of the assessment and collection of taxes for the year 1876, further ordinances are necessary, and have the honor to submit what I believe to be required in the matter.

Very respectfully,

F. G. RUSSELL.

City Attorney.

The communication was accepted, and so much as relates to the suit instituted against the city for damages by Wm. A. Porter was referred to the City Counselor, with instructions to defend the interests of the city.

The balance of the communication was placed on file.

The several ordinances were read twice by their titles, respectively, as follows: "An ordinance setting over to and attaching to the Sixth and Tenth Wards certain territory added to the city of Detroit by act of the Legislature, approved May 3d, 1875." "An ordinance amending section 7 of 'an ordinance dividing the Tenth Ward of the city of Detroit into two wards, to be known and designated as the Tenth and Thirteenth Wards,' approved December 9th, 1873." And "an ordinance amending section 7 of 'an ordinance dividing the Sixth Ward of the city of Detroit into two wards, to be known and designated as the Sixth and Eleventh Wards,' approved December 9th, 1873."

Laid on the table and ordered printed.

An ordinance setting over to and attaching to the Sixth and Tenth Wards certain territory added to the City of Detroit by act of the Legislature approved May 3, 1875.

It is hereby ordained by the Common Council of the City of Detroit:

SEC. 2. This ordinance shall take immediate effect.

#### FROM THE COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned, to whom was referred the resolution of Ald. Horn directing the Board of Public Works to make improvements in "Linden Park" as they may deem expedient, not exceeding \$3,500, to be paid out of the contingent fund, reports that the Board of Estimates reported the sum of \$3,500 for "Park Improvement Fund," when there is no such fund known or designated by the charter; it was raised either in part of the contingent fund or the general fund;

So

the amount was expended yet the fund is not exhausted, and I do not see any objection to the use of the contingent fund for the proposed purpose.

Respectfully submitted,

D. C. HOLBROOK,  
City Counselor.

Accepted and laid upon the table.

#### FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council:

GENTLEMEN—The Board of Public Works to whom was referred the petition of William Dowling and others for the construction of a bridge on the east side of Dequindre street, between German street and Gratiot avenue, report:

The right of way in Dequindre street is claimed by the Detroit and Milwaukee Railroad Company; and it is further claimed that the city has no authority except with the consent of said company to occupy said street. In submitting the matter to the superintendent of said company for consideration, he informs the Board that the company would construct a temporary bridge as asked for on condition that the company will in no way vacate its rights in said street, or be held for any damages that may occur by accident or otherwise to those in going to or returning from said bridge. Also with the understanding that the company shall have the right to remove said bridge at any time when the street shall be required for laying a double track.

The Board respectfully recommend that the company be requested to construct said bridge as proposed.

Respectfully submitted,

HARVEY KING,  
President.

Accepted and laid upon the table.

#### FROM THE ENGINEER.

To the Honorable the Common Council:

GENTLEMEN—I herewith transmit to your Honorable body assessment and refunding rolls Nos. 2,511 and 2,512, for defraying the expense of connecting lot 76, Riopelle farm, with the brick lateral sewer in the alley between Congress, Fort, Riopelle and Orleans streets, and refunding the same to the owners of property formerly assessed.

Very respectfully,

H. D. LUDDEN,  
City Engineer.

Accepted, and the assessment rolls confirmed as follows:

Yeas—Ald. Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittfeld, Shanahan, Wilks, and the President—19.

Nays—None.

#### FROM THE BOARD OF HEALTH.

To the Honorable the Common Council:

GENTLEMEN—The following report of a Special Committee submitted to the Board of Health on the first of December, was passed by that body on the 15th inst., and, as instructed, I herewith submit the same for your consideration.

Very respectfully,

CHAS. H. BORGMAN,  
Secretary.

To the Honorable the Common Council:

GENTLEMEN—Whereas, a properly organized and efficient Board of Health is indispensably necessary in all large or populous cities for the safety and protection of citizens against the ravages and spread of disease, and especially the invasion of malignant or contagious epidemics, therefore we, the members of the present Board of Health, would most earnestly and respectfully petition your honorable body to take immediate steps to organize a new Board of Health, with its powers and duties clearly and definitely set forth so as to more fully answer the great desideratum for which a Board of Health is designed, to wit, the protection of citizens against disease.

That the present Board with its imperfect organization is quite or nearly inoperative in carrying out the fundamental principles of hygiene in an adequate manner to render the needed protection no argument need be used. It is the sense of this

Board from past experience that the great number of its membership has in no small degree contributed to render it unwieldy and inoperative. We would recommend that the new Board be composed of seven working members, one of whom should be nominated by the Mayor (to be ratified by your honorable body) whose professional and executive ability, in connection with his knowledge of sanitary science, would be a sufficient guaranty that he would superintend the general operations of the board in a satisfactory manner. As city physicians in their attendance upon the sick are brought in more immediate contact with the sources and causes of disease than any other class of our citizens, thus qualifying them to act promptly and efficiently as health inspectors, we would suggest the propriety of their appointment on the board, with such increase of salary as would compensate them for the extra labor and responsibility. We would recommend that the Mayor, President of the Common Council, Board of Public Works and Water and Police Commissioners be *ex-officio* members of the Board.

A board thus organized would probably better meet the wishes and demands of the public than the present board has been able to do.

Hoping that the above brief recommendations may meet with your favorable consideration, we respectfully submit the foregoing to your honorable body.

The communication was accepted, and further consideration indefinitely postponed.

#### FROM THE CITY CLERK.

That he presented the proceedings of the last Council session to the Mayor on the 16th inst., and they were approved by the acting Mayor on the 17th inst.

Accepted and placed on file.

Also that Henry Zeiss, collector of the Sixth Ward, has filed his official bond; and Henry Arndt, Charles Solomon, P. Ulrich, Jr., and Charles Zigawe, have filed indemnity bonds for trafficking in liquors.

Referred to the Committee on Ways and Means.

#### REPORTS OF COMMITTEES.

##### WAYS AND MEANS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means to whom was referred the bonds of A. Conrad Roth and John Koch, liquor dealers, respectfully report that we have examined the same, and finding them correct and satisfactory recommend their approval.

Respectfully submitted

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

Accepted and adopted as follows:

*Yeas*—Ald. Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmitt-diel, Shanahan, Wilks, and the President—19.

*Nays*—None.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Ways and Means, to whom were referred the reports of the various city officers for the week ending December 11th, respectfully report that we have examined the same, and believing them to be correct, recommend their adoption.

Respectfully submitted,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN.

Accepted and adopted.

#### CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of the 14th of December, 1875, respectfully report, that they have ex-

amined the same, and believing them to be correct, would recommend that they be paid from the proper funds.

Respectfully submitted,

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and adopted as follows:

*Yeas*—Ald. Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmitt-diel, Shanahan, Wilks, and the President—19.

*Nays*—None.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts to whom was referred the bill of Wm. McKerrrow for clothing destroyed by the Board of Health have examined the same and find that the value of the articles, at the time of destruction was about \$60.

Your committee desire to call the attention of the council to section 15, chapter 46, Compiled laws of the State of Michigan, which provides that the Board of Health "shall make effectual provision in the manner in which they shall judge best for the safety of the inhabitants, by removing such infected person to a separate house, if it can be done without danger to health, and, by providing nurses and other assistance and necessities, which shall bear the charge of the person himself, his parents, or other person who may be liable for his support, if able; otherwise, at the expense of the county to which he belongs."

The Board of Health provided for the claimant as above, furnished a home, nurses, etc., and the city have paid out for him the sum of \$168.79. If this amount is refunded to the City Treasury (as your committee do not believe the claimant desires to place himself under the last claim, quoted above) then we recommend that the Controller be authorized to draw his warrant on the contingent fund in favor of Wm. McKerrrow for \$60 in full for his claim.

Respectfully submitted,

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Claims and Accounts, to whom was referred the recommendation of the Controller with a bill of wood, respectfully report, that they know not by whose authority this beech and maple wood came into the Eastern District; furthermore, they are unable to determine the price, as there is no price stated. We therefore recommend that Adams & Ferguson have liberty to amend their bill so as to show the price per cord, and the authority that permitted them to deliver this amount of beech and maple wood in the Eastern District.

Respectfully submitted,

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted, and the recommendations were concurred in.

#### FIRE LIMITS.

To the Honorable the Common Council:

GENTLEMEN—The Committee on Fire Limits have examined the petition of A. C. McGraw, referred to them at the last session, which petition sets forth that he wishes to move back on the lot northwest corner of Jefferson avenue and Orleans street, a frame building there located, so that it will adjoin a brick structure he intends erecting in its place. He will reduce the frame from two-story to a one-story building, substitute a composition for a gable roof, and thereby materially decrease the fire risk. He further desires to remove a small barn on the premises to the rear end of the lot, which change will still further decrease the fire risk, and the committee recom-

mend he be allowed to effect the changes sought for.

Very respectfully,

JACOB GUTHARD,  
SEYMOUR FINNEY,  
DANIEL SHANAHAN.

Accepted and adopted.

#### SEWERS.

To the Honorable the Common Council :

GENTLEMEN—The Committee on Sewers to whom was referred the petition of Eva Haas to be relieved from an assessment on 37 feet of the west part of lot 8, block 17, Witherell farm, for constructing a lateral sewer in the alley running north and south between Dequindre street, St. Aubin avenue, Scott and Pierce streets, report:

This lot has been subdivided into three lots, the part owned by the petitioner being on the southeast corner of Scott and Dequindre streets, and 74 feet from the alley, and derives no benefit from the lateral sewer, and relief should be afforded as asked for. Your committee therefore recommend that the prayer of the petitioner be granted, and that the following resolution be adopted.

Respectfully submitted,

GEO. W. HOUGH,

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Sewers, to whom was referred the petition of Robert Starks and others to be relieved from an assessment for constructing a lateral sewer in the alley between Elizabeth, Columbia, Hastings and St. Antoine streets, for the reason that their premises are drained into St. Antoine street sewer, respectfully recommend that the prayer of the petitioners be denied, the reasons given therefor not being deemed sufficient.

Respectfully submitted,

GEO. W. HOUGH,  
J. A. KURTZ.

Accepted and concurred in.

On motion of Ald. Owen and Guthard, Ald. Gies and Biddgett were respectively excused from attendance at the present session.

#### SPECIAL.

To the Honorable the Common Council :

GENTLEMEN—Your special committee to whom were referred the communications of Hon. L. B. Willard, Director of the Poor, and Hon. E. I. Garfield, Controller, relative to the Poor Fund, and also a communication from his honor the Mayor on the same subject, beg leave respectfully to report:

That on examination of the books and reports in the Controller's office we find that the poor fund is now practically exhausted, as was reported to your honorable body in the above-named communications, and that this condition of things is caused by the exceptionally long and severe winter of 1874-5, and partly by the practice of anticipating the appropriations for this purpose from year to year.

Thus the fund at the beginning of this fiscal year, though with a nominal balance of \$3,123 40, was actually in debt more than \$1,000 over and above that sum, leaving less than \$24,000 to be lawfully expended during the year.

We append tables showing the payments on poor orders proper in each month from December 1st, 1873, to December 1st, 1875, and also showing the cost of wood and other expenses to this fund each year during the same time.

The fact, however, remains that with a severe winter upon us, and many worthy poor clamoring

for assistance, there is no money in the treasury available for their relief and no means of providing any.

While we regret this unfortunate condition of affairs, and feel deeply the claims of humanity upon us, we are admonished as public servants that we are governed by law, and find that the report of the City Counselor on this subject is strictly correct, and this Council has no legal power to provide money, either by transfer from another fund or by ordering a temporary loan.

We have too much confidence in your regard for your official oaths to think that you will order or permit any misappropriation of city funds in direct violation of the charter.

We do not wish to "prate about the sacredness of the City Charter," nor do we wish to "just for a moment imagine ourselves in the place" of perjurers or felons liable to severe punishment for malfeasance in office.

We have, therefore, to recommend the adoption of the following resolution:

*Resolved*, That the Director of the Poor be, and he is hereby instructed not to draw any orders, or incur any expense for the care of the city poor any greater than can be paid out of moneys provided for by existing appropriations.

Very respectfully,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN,  
Committee on Ways and Means.  
D. C. HOLBROOK,  
City Counselor.

The report was accepted, and Ald. Dunlap moved the adoption of the resolution.

Ald. Hough, president pro tem. was called to the chair.

Ald. Baxter offered the following as a substitute for the pending resolution:

*Resolved*, That the controller be authorized and directed to borrow from the contingent fund \$6,000, without interest, and credit the amount to the city poor fund for immediate use.

After a protracted debate, the President was called to the chair.

Ald. Dunlap moved to lay both resolutions upon the table for one session.

Carried as follows:

*Yeas*—Ald. Christian, Dunlap, Finney, Finnegan, Heames, Hinchman, Horn, Kurtz, Rouland, Schmitt, Wilks and the President—12.

*Nays*—Ald. Daly, Dorr, Guthard, Hough, Owen, Schmittlidl and Shanahan—7.

Ald. Heames moved to adjourn.

Lost as follows:

*Yeas*—Ald. Dorr, Guthard, Heames, Hinchman, Schmittlidl, and Wilks—6.

*Nays*—Ald. Christian, Daly, Dunlap, Finney, Finnegan, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Shanahan, and the President—13.

## REPORTS OF COMMITTEES.

### WAYS AND MEANS.

#### STREETS.

To the Honorable the Common Council:

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Streets, to whom was referred the communication of the Controller asking instructions in regard to again leasing the foot of Therese alley, said lease having expired, would respectfully report that the policy of leasing any part of, or access to any public highway, thereby giving to lessees either exclusive or preferred rights inimical to those of the general public, whose property it is, is wrong in principle and dangerous as a precedent, and ought to be wholly discontinued. Your committee believe that the right of the public to free access to streets and alleys terminating at the channel bank of the river ought to be sacredly protected and preserved. They think, therefore, that no further lease ought to be made, and in this connection offer the annexed resolution.

Respectfully submitted,

J. HORN, JR.  
M. E. CHRISTIAN,  
WM. A. OWEN.

*Resolved*, That the Board of Public Works cause the obstructions at the foot of, and in Therese alley, to be removed within ten days.

#### TAXES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petitions of Joseph Flasker and Joseph Linto, dealers in malt liquors, report that the applicants are still engaged in the business, consequently they are not entitled to have any portion of their taxes refunded, as prayed for, and we therefore report adversely upon the same.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and concurred in.

#### FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Mrs. Naomi Brown, report that she was assessed upon a mortgage for \$1,800, which was discharged, as appears by Liber 811, page 511, on July 9th, 1873. This was an error, and to rectify it we recommend the adoption of the annexed resolution:

*Resolved*, That the Controller be directed to draw a warrant on the contingent fund in favor of Mrs. Naomi Brown for \$17 14.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,

FROM THE GAS INSPECTOR.

To the Honorable the Common Council:

**GENTLEMEN**—There is frequently required in connection with the labors of my department a force pump for the purposes of forcing from the gas pipes water that has accumulated therein. By diligent inquiry I have ascertained that the office has never been the possessor of the aforesaid apparatus, but has universally borrowed those used and owned by the gas companies. On assuming the duties of this office I followed in the footsteps of my illustrious predecessors, and have been a constant and reliable borrower ever since. Lately, however, the pumps used by the said gas companies have shown evidences of decay, and it being absolutely necessary that the pipes should be cleaned for the proper lighting of the lamps, I would respectfully ask that you furnish one as soon as practicable.

Very respectfully,

C. B. BLATTMEIER,

Gas Inspector.

Accepted and referred to the Committee on Gas Lights.

After a careful examination of the provisions of the charter we are satisfied:

First—That the Common Council have no power to transfer to the Poor fund moneys from any other fund provided for in the charter.

Second—That they have no powers to use money for the poor, either from the general or contingent fund.

Nor is the exigency so great as to require a departure from the clear provisions of the charter, or by an unauthorized precedent, break down the barriers thrown around the city treasury.

The need, however, that measures be taken to extend relief to the poor this coming winter is very great. Several suggestions have been made to your committee upon this subject, and have been by them carefully considered, but after a consultation with several members of the Common Council and City Government, we have come to the conclusion that the measure adopted by the Common Council last evening, if it meets the approbation of an informal meeting of the Board of Estimates for the ensuing year, together with such aid as may be extended by the Detroit Aid and Relief Society, will relieve the most pressing needs of the suffering poor. Sufficient credit can be obtained upon the confidence of the ultimate appropriation of the sum thus mentioned (\$10,000) to prevent any severe suffering for want of aid.

We earnestly recommend to the confidence of our citizens the Detroit Aid and Relief Society, and that liberal contributions be made to its treasury, to the end that they may act in conjunction with the city officers in relieving from suffering the families and individuals that imperatively need aid. The history of that society in the past, and the character of its present officers, entitle it to the highest confidence.

We think it within the clear province of our duty to suggest to this meeting of citizens the urgent need of a radical reform in our system of relief for the poor.

Without making animadversions upon the actual administration, the system as it actually exists tends inevitably to corruption and extravagance.

The director of the poor, who has the sole power under the ordinances of distributing relief and selecting the objects of public bounty, is elected by a popular vote, and it is the almost inevitable result that the incumbent of the office will use the power of his position to advance his own popularity and secure his re-election.

The actual mode of distributing this relief to the needy is to a large extent by orders drawn by the director of the poor upon corner groceries and dealers in provisions. From the nature of the case the holders of these orders have neither the capacity nor the disposition to use wisely the means thus furnished to them. The result is they pay the highest retail prices, and frequently purchase articles they do not need. Many of these grocers deal in intoxicating liquors, and the funds of the city are not unfrequently used to increase the sufferings of the poor rather than relieve them. Then, too, in this system there is the greatest opportunity for favoritism and corruption.

Some of the changes that are required are:

First—That this whole matter should be taken from the arena of party elections and placed under the control of a board of citizens, selected by the Common Council, to serve without compensation, who shall have the power to appoint a director or superintendent, who, subject to their control, should perform the duties now performed by the Director of the Poor.

Second—The supplies furnished for the relief of the poor should be purchased at first hands, and furnished directly to the needy. In this way a better quality could be procured, at a vast saving in the cost.

Third—Some provision should be made by which the able-bodied poor should be required to pay in labor for the supplies furnished. In this way the demand for aid would be lessened, the tendency to pauperism checked, and, if well managed, a saving made to the city.

Some of these changes can be effected by ordinance; others will require legislation.

In the meantime, we consider it of very great importance that the city officers should act in concert with those engaged in furnishing private relief, and especially with the Detroit Aid and Relief Society, already referred to, which so largely represents the substantial wealth and benevolence of the city.

We recommend that the Common Council be applied to to appoint a committee either partially or entirely of their own number, with power to act in concert with the Director of the Poor and the officers of the Aid and Relief Society in distributing both the public and private funds supplied for the relief of the poor.

In this way double relief would be prevented and both the public and private officers would obtain a much more perfect knowledge of the needs of the worthy poor, and better detect and expose those who have no real need of help.

There are many who deem it very important that soup houses should be established in various parts of the city to furnish a cheap, nutritious and wholesome diet to the needy.

It is believed that large contributions could be obtained from our benevolent butchers to furnish all needful meat for such houses and that others would furnish beans, peas and other vegetables for the same purpose. The officers above mentioned would be the very best body of men to determine the wisdom of establishing such houses, and, if established, the regulations by which they should be governed.

If the public funds could be distributed under such a supervision it would tend largely to restore confidence on that part of our city government, and we submit the following resolutions:

*Resolved*, That this meeting cordially and earnestly recommend to the Common Council that they appoint a committee in part or in whole of their own number, to supervise the expenditures which may be made for the relief of the poor, by the Director of the Poor, and to act in concert with the officers of the Detroit Aid and Relief Society

in relieving the sufferings of the poor, to the end that a more faithful and economical expenditure for this purpose, both of public and private funds shall be secured.

*Resolved*, That we recommend to the Common Council to take immediate measures for changing the system of administering relief to the poor so as to secure,

1. A more perfect supervision of the mode of administering relief and a more strict accountability in relation thereto.

2. So that the supplies furnished shall be purchased more wisely and economically, and

3. So as to require able bodied applicants for relief to labor not only as a means of compensation for aid rendered, but as a means of checking pauperism.

Respectfully submitted,

FROM THE COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The undersigned to whom was referred the report of the special committee estimating the damage sustained by Ralph Phelps and others, for injuries to their property caused by the erection of bridges on Fourteenth, Fifteenth and Baker streets across the Michigan Central Railroad tracks, and recommending that the Controller be directed to insert the amount of such damages in the annual estimate of taxes to be raised in the year 1876, reports that whatever the damages may be to the property the public demanded the construction of these bridges and it must be presumed that the owners of this property foresaw the changes which public necessity or convenience might require.

It was lately decided by the Supreme Court of this State that a city is not liable for damages to private property by reason of changing the grade or street: therefore the raising of money to pay such damages is for private use, and not for the benefit of the public.

The undersigned is, therefore, compelled to state that there is no authority in the charter to raise money to pay damages for which the city is not liable.

Respectfully submitted.

D. C. HOLBROOK,  
City Counselor.

**POUNDS AND COUNSELOR.**

To the Honorable the Common Council:

**GENTLEMEN**—The undersigned, to whom the petition of James Cumberford, praying that the sum of \$10 50, paid by him to the Poundmaster of the Eastern District, on a sale of a horse impounded, and also costs and expenses he sustained in a lawsuit in attempting to defend his title, report that it appears the sale was invalid by reason of the negligence or ignorance of Albert Peine, the Poundmaster, to post three notices of the sale, as required by the ordinances. The undersigned are of the opinion that there is, on the part of the city, an implied agreement that the proceedings to sell impounded property are regular and according to the ordinances, but there can be no further liability than the money received on the sale.

We therefore recommend that the Controller draw his warrant on the contingent fund, in favor of the petitioner, for \$10 50, the amount of his bid for the horse; and we further recommend that the Controller demand of said Albert Peine the loss to the city by reason of his failure to comply with the ordinance regulating sales of impounded property.

Respectfully submitted,

J. B. HINCHMAN,  
GEORGE DORR,  
J. SCHMITT,  
Committee on Pounds.  
D. C. HOLBROOK,  
City Counselor.

Accepted, objected to and laid over under the rules.

**SPECIAL.**

To the Honorable the Common Council:

**GENTLEMEN**—Your special committee to whom were referred the resolution of Ald. Baxter, directing the controller to charge the items of repairs to fences, interest on loans, printing and advertising, stationery, and rent of wood yards, in the years of 1870-1-2-3-4-5, to the contingent fund, have carefully examined the subject and find that the items alluded to in the resolution are the proper and legitimate expenses of the poor fund. Your committee fail to discover any difference between this proposed transfer and the one proposed a few sessions ago, both of which are plain violations of the charter. We therefore report against the resolution.

Very respectfully,

GEORGE DUNLAP,  
J. B. HINCHMAN,  
WM. A. OWEN,  
Committee on Ways and Means.  
M. I. GARFIELD,  
Controller.

the Gas Light Company and Messrs. Belknap & Drake, they paid such assessments voluntarily to the City Treasurer; that Messrs. Candler & Brothers and George H. ## COMMUNICATION.

To the Honorable the Common Council:

GENTLEMEN—The matter of furnishing employment for the poor to assist them to become self-sustaining is a matter that I have given some attention for many years. The manufacturing interests of our city are but in their infancy, if the proper means are used to develop them. There has been a very encouraging progress, however, in the past twenty years, especially for the past ten. The kinds now most needed are those that will give employment to boys and girls. Large families depend upon their father for support, and he depends upon the construction of improvements for his labor, which he can get only in the season of the year that they are in progress and in such weather as they can work upon them, the result is, he finds himself unable to make his income sufficient to support his family through the year, whilst if his children could be employed the difficulty would be removed.

Is not the result of giving money, fuel, food, clothing, etc, rather than employment, bad? Does it not increase idleness, shiftlessness, extravagance instead of self-dependence?

Would not the result be much better to furnish all that are able to work with what they can do, and pay them what it is worth?

Would it not be better for the city to maintain a manufactory where they could offer every applicant for aid and support, employment?

I see no reason why the city cannot make the same profits in manufacturing that individuals and companies do, if as well managed. In fact, I see reasons why they could make more, as there would be no reason for their selling on a dull market, at a dull season of the year, at reduced prices to realize money as individuals frequently have to do. If so, the profits on the labor of those who are able to work should aid materially in, if not support those that are not able.

That our business men would be liberal with their patronage of an industrial institution of this kind there can be no doubt, besides common humanity. Their taxes would be reduced.

As to the kinds of manufacturing this labor is best adapted to, I will only speak of the kinds I have practical experience in, where men, women, boys and girls of various ages, strength and capacity, can be employed to advantage, in a class of common articles that are largely used in our midst, and have a constant demand. This labor should be applied in groups under a working foreman, who will be responsible for the quality of a given amount of work per day, on the principle of he that is able to work and will not work must not be fed.

I have spent over twenty years in manufacturing in your midst, in that time with much effort, have overcome the difficulties incident upon the starting of new enterprises, sifting out what was not practical, pushing those

that were forward until I find myself with a patronage and facilities sufficient to give employment to from 400 to 500 men, women, boys and girls, still increasing with the growth of our city and country. These works are arranged with a river and railroad front, with tracks running to every department.

The question in my mind has been "how can I place this work of these many years so it will do the most good to the greatest number." If it be the poor of the city and the city wants it, they can have it, and I will donate thirty thousand dollars toward the making this industrial institution perpetual for the benefit of the poor of the city of Detroit.

Respectfully yours,  
MILTON FROST.

Accepted and referred to the special committee on the House of Industry.

#### COMMUNICATIONS FROM CITY OFFICERS. FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—I herewith submit, as directed, an ordinance amending section 5, chapter 37 of the Revised Ordinances of 1871.

Very respectfully,  
F. G. RUSSELL.

City Attorney.

Accepted, and read twice by its title, as follows:  
"An ordinance to amend section 5 of chapter 37 of the Revised Ordinances of 1871."

Laid on the table and ordered printed.

#### AN ORDINANCE

to amend section 5 of chapter 37 of the Revised Ordinances of 1871.

It is hereby ordained by the Common Council of the city of Detroit:

SECTION 1. That section 5 of chapter 37 of the Revised Ordinances of 1871 be, and the same is hereby amended so as to read as follows:

Sec. 5. No person shall obstruct or encumber any public walk, street, alley or other public space with any article or thing whatever, or encroach upon or permit to remain or maintain in any such street, alley or space any building, structure or thing owned, occupied or used by him or her. Provided, however, that upon the recommendation of the Board of Public Works the Common Council may by resolution permit a temporary obstruction of a sidewalk in front of business buildings for the purpose of elevating and receiving heavy merchandise; power to revoke such permit at any time, without notice, is expressly reserved. This section shall not be construed to prohibit merchants and other business persons from using and occupying the side of the sidewalks next to their places of business, for a distance of three feet, for the purpose of displaying their goods and wares or merchandise; nor to prohibit them from using for purposes aforesaid, five feet of the outside of all walks twenty feet in width, and three feet of all walks less than twenty and not less than twelve feet in width, nor shall it be construed to prevent the moving of goods, wares or merchandise across any sidewalk in the way of trade or for the use of families.

Sec. 2. This ordinance shall take immediate effect.

FROM THE COUNSELOR.

To the Honorable the Common Council:

GENTLEMEN—The report of the undersigned relating to the payment of damages to Ralph Phelps and others caused by the construction of bridges across the Michigan Central Railroad track having been referred back to state whether these claims can be paid from any particular funds, reports that on the 1st of December, 1874, a special committee, of which the undersigned was a member, reported that damages had been sustained by these parties and recommended that the amount be ascertained, and the means to pay the same be raised by general taxation, the question of the liability of the city not being taken into consideration. When the estimate for this purpose was before the Board of Estimates, an inquiry was made of the undersigned as to the actual liability of the city to which a report was made to the same effect as reported, that the city was not legally liable.

Thereupon the Board of Estimates rejected the estimate for the purpose, and the desire of the committee, and of this council, to pay these parties the amount they had really suffered for the good of the public, was defeated.

The undersigned upon examination of the whole matter is of the opinion that such damage cannot be paid by the city out of any fund, or under any circumstances.

Respectfully submitted,  
D. C. HOLBROOK,  
City Counselor.

Accepted and placed on file.

#### COMMUNICATIONS FROM CITY OFFICERS.

FROM THE ATTORNEY.

To the Honorable the Common Council:

GENTLEMEN—My regular annual report is herewith submitted, in conjunction with a brief resume of proceedings in this office during the three preceding years of my official association with the government of our prosperous, order-loving and beautiful city.

Actions for violations of ordinances, proceedings for opening streets and alleys, resolutions reported for opening streets and alleys, ordinances reported, opinions given and communications in writing.	Totals.	Fines and costs collected, for which I hold receipts.	1873.	1872.	1874.	1875.	Total.
			948	828	688	637	2,095
			28	47	104	35	208
			19	43	88	35	185
			16	35	25	23	108
			30	34	50	32	171
			1,035	961	960	781	3,737
			\$3,641 50	\$3,400 50	\$3,413 65	\$28 50	\$8,470 50

It will be observed that the actions for violating the ordinances have steadily decreased during my incumbency of the office, and the cause lies mainly, I believe, in the efficiency of the Police Depart-

ment and the growing disposition of our citizens to respect wholesome laws and regulations. The fines and costs for the present year are light, mostly because the offenses have not been of an aggravated character, and the kindness and good judgment of the Recorder have enabled him to conclude that the welfare of the public in these times of financial depression would not suffer by the imposition of light penalties.

Owing to the steady and substantial growth of the city's population and wealth, the necessity for making more extended and expensive public improvements every year, the general work and responsibility of this office are gradually increasing. The special and most burdensome work has for the time being ceased, on account of the late decision of the Supreme Court upon the street opening law. As grave questions are continually arising, and new street opening and other important laws must soon be enacted and in active operation, care should be taken to give the office such character and consideration that the best and most honorable legal gentlemen of the city will not hesitate to accept appointment or election to it.

The charter and ordinances of the city, on account of a multitude of amendments, the enactments of new and contradictory laws and ordinances, are in deplorable condition. To put them in good shape will require much time, patience, skill and good judgment, and I trust that the present effort at revision will result in giving to the people of Detroit a fundamental law and set of rules fair, explicit, effective, and that all can understand.

Some two years since your honorable body passed a resolution authorizing the expenditure of \$200 in the purchase of law books for the use of the Counselor and Attorney. So far as I am aware, this money has not been expended, and I recommend a rescinding of the resolution.

A year ago the Common Council increased the salary of this office \$200. I have paid back to the treasury of this increase \$143.32, and have turned over the balance to the Director of the Poor. The sum of \$1,800, has sufficiently paid me for all the work and duty performed for the city during the last year.

In closing this communication permit me to express to you, to all the city officers, to my efficient assistant, J. E. Jackson, Esq., and to all the people of Detroit with whom I have had official relations, my obligations for unusual and uniform kindness, consideration and confidence. Hoping that my successor will receive due encouragement and will fill the office with entire satisfaction to himself and all others interested in the weal of our good city, I am,

Very respectfully,

F. G. RUSSELL,  
City Attorney.

Accepted and filed and ordered printed in the official journal.

CLAIMS AND ACCOUNTS.

To the Honorable the Common Council:

Respectfully submitted,

SEYMOUR FINNEY,  
JACOB GUTHARD,  
JOHN D. FINNEGAN.

Accepted and adopted as follows:

Yeas—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Glew, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—31.

TAXES.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petitions of F. G. Russell, Esq., assignee of E. E. Porter, Eugene Loranger, Christian Niedermuller, Joseph G. Campau and P. F. Barry & Co., formerly liquor dealers, report: In the case of the latter, your committee reported some time ago, but owing to misinformation obtained from the claimants, we recommended that they be refunded \$125 instead of \$180.55. The other petitioners, as appears by testimony taken before your committee, have all gone out of the liquor-selling business and we recommend that they be taxed only for the time that they were engaged in such business, and we ask the adoption of the following resolution:

Resolved, That the Controller draw warrants on the contingent fund in favor of the petitioners named above for the following amounts, to wit: F. G. Russell, assignee of Emmet E. Porter, \$100; Eugene Loranger, \$28.85; Christian Niedermuller, \$16.69; Joseph G. Campau, \$21.69; P. F. Barry & Co., \$58.55.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

Yeas—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Glew, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks, and the President—31.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of John Broudy, claiming exemption from a tax on personal property on account of his being a resident of Springwells, report:

The petitioner is, and has been for some time assessed upon a vessel which is registered as being owned in Detroit, and he has heretofore paid his taxes upon the same. No change has occur-

red in the status of the vessel, and we are unable to find any valid reason for remitting the tax, and we therefore recommend that the prayer of the petitioner be denied.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

Yeas—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Glew, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks and the President—31.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petition of Luther Beecher asking that authority be given to the City Treasurer to receive the tax assessed in 1874 upon what is known as the Young Men's Hall lot, report:

Owing to the peculiar location of this lot its description was accidentally omitted from that contained in Mr. Beecher's receipt for the taxes of that year, and in the legal course of events the property was sold for unpaid taxes. The error was an unavoidable one under the circumstances, though no fault whatever of the petitioner. And we therefore recommend the adoption of the following resolution:

Resolved, That the City Treasurer be directed to cancel the sale to the city of all that part of Bidde old claim known as Young Men's Hall lot, upon the payment to him of \$326.21, the tax originally assessed against said property.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

Yeas—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Glew, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittidel, Shanahan, Wilks and the President—21.

Nays—None.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes to whom was referred the petitions of John Lynch to be relieved from a portion of his tax upon the business of selling liquor and one from Jeremiah Connor to be relieved from the payment of a mortgage tax, report:

Mr. Lynch claims that he was assessed as a retail liquor dealer from the 1st of May, when he only commenced business on the 3d of June. The petitioner is laboring under a serious hallucination. He was not assessed for the month of May at all.

The mortgage upon which Mr. Connor is assessed is still in existence, although he assigned it to another person on the 1st of September, 1875. He should have made arrangements with the purchaser of the mortgage to pay a portion of the tax, as the Common Council has no power to relieve him.

We report the petitions back and ask to be discharged from their further consideration.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and adopted.

FROM THE SAME.

To the Honorable the Common Council:

GENTLEMEN—Your Committee on Taxes, to whom was referred the petition of Backus & Brother, claiming to have been over-assessed upon personal property assessed in 1875, report:

In 1874 the machinery of their establishment was assessed at \$12,000 and in 1875 its valuation was increased to \$20,000. This increase was the result of a misunderstanding and the tax is in consequence to some extent a double one, as there was no increase in the amount of machinery. We recommend that the tax upon the difference between the figures of

1874 and those of 1875 be remitted, and ask the adoption of the following resolution:

*Resolved*, That the Controller be directed to draw a warrant on the contingent fund in favor of Backus & Brother for \$108 14.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAS. DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilke, and the President—21.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—Your Committee on Taxes, to whom was referred the petition of Joseph B. Scott, asking to be refunded the amount taxed against him on the schooner Melrose, report:

This schooner was lost in Lake Michigan in September, 1874, and therefore was not assessable for the year 1875. We recommend that the tax be refunded, and ask the adoption of the following resolution:

*Resolved*, That the Controller be directed to draw his warrant on the contingent fund in favor of J. B. Scott for \$85 08, upon satisfactory evidence being presented that he has paid the tax assessed in 1875 against the schooner Melrose.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted as follows:

*Yeas*—Ald. Blodgett, Christian, Daly, Dorr, Dunlap, Finney, Finnegan, Gies, Guthard, Heames, Hinchman, Horn, Hough, Kurtz, Owen, Rouland, Schmitt, Schmittziel, Shanahan, Wilke, and the President—21.

*Nays*—None.

FROM THE SAME.

To the Honorable the Common Council:

**GENTLEMEN**—The Committee on Taxes, to whom was referred the petitions of W. C. Schneek, John West, Matthew Higgins, Henry Miller, Maria Zimbauer, Fred Weber, Timothy Gorman, Messrs Roegner & Eggner, C. Vogelsaer, Moses Marx and F. W. Burton, presenting a variety of claims in reference to taxation, are obliged, owing partly to the lack of the necessary time to give them consideration and to a great extent, owing to the refusal of the petitioners to meet your committee, to send them back with a recommendation that they be referred to the new Council.

With this report your committee conclude the discharge of its duties. During the year we have considered several hundred petitions, and have reported upon them as promptly as circumstances would permit. In every instance we have given the claimant a full and impartial hearing and after mature consideration we have reported upon the claims as we believe justice and equity demanded without fear or favor.

To your honorable body the committee desire to express their united thanks, for the generous confidence reposed in them. Of the very large number of reports submitted for your consideration all have been adopted by a unanimous vote of the Council upon their first presentation. This to our mind is the best possible evidence of your confidence and we thank you.

Respectfully submitted,

WM. H. BAXTER,  
C. C. BLODGETT,  
JAMES DALY.

Accepted and adopted.

RESOLUTIONS.

TWELFTH WARD.

By Ald. Heames:

*Resolved*, That the Receiver of Taxes be and he is hereby directed to hold tax roll No. 228, for paving Eighteenth-and-a-half street, until the paving is accepted by the Board of Public Works.

Adopted.

Mayor Moffat addressed the Council as follows:

Gentlemen of the Common Council:

It has been customary for the retiring Mayor to deliver a valedictory address to the Honorable Council made up in part from statistics anticipatory of the annual report from the Controllers office, but chiefly in review and defence of the acts of the city government during his past term or terms of office.

On the present occasion, however, I shall content myself to leave the whole matter for the good judgment of the people, and retire with full confidence in their just appreciation of all my endeavours toward their interests during the last four years.

Gentlemen, members of this Council, allow me to wish you prosperity long continued in the future, and a present cordial farewell.

President Baxter then delivered his valedictory address as follows:

Gentlemen of the Common Council:

Before putting the motion to adjourn, permit me to express to you individually and collectively my sincere thanks for, and full appreciation of, the confidence you have reposed in me during the brief time it has been my pleasure to preside over your deliberations. If any degree of success has attended the discharge of the duties it is mainly owing to your forbearance, attention, aid and encouragement. Without your assistance I should have failed. Therefore, I thank you most heartily. I have invariably kept in mind the rights and privileges of my fellow members, and have endeavored to act so as to elicit their approval, and at the same time the approval of the people of the great city we represent.

I congratulate you upon the successful manner in which you have disposed of the immense amount of business required of you during the past year, and also upon the faithful and honest discharge of the trusts committed to your care. A very large majority of the people of this city know nothing of the amount of labor that is performed by their aldermen, otherwise they would be more disposed to give credit for the results accomplished.

To attend the sessions of the council is an easy task, but it is quite another thing to perform committee work and to attend to the numerous wants of the people, and to get matters into shape for legislative action. The time necessarily spent in performing committee duty is enormous, and all of you have attended to these things well, and

in the zealous discharge of public requirements you have sacrificed your private business without any sort of adequate compensation.

I have never known a Common Council whose members have been more regular in their attendance than the present, and for this and for the vast amount of labor you have performed and also for the attention paid to the duties imposed upon you, you are entitled to and I believe you will receive, the approval of your constituents.

The time at my disposal will not permit of my going fully into the details of the work performed by you during the year which closes with this session, but I shall briefly refer to a few of the most important features.

On the 1st of January, 1876, the city treasury had a cash balance of \$146,874 83, and on the 1st of January 1876, there was on hand \$196,333 23, which amount, if the tax levy was all collected, would be increased by \$907,341 66; making altogether \$416,664 93. This is the result of economical legislation and the exercise of watchfulness over the expenditures of the municipality.

The city has no floating debt. Its treasury is in a much more healthy condition than it has ever before been, and if the holders of its unmatured bonds could be induced to part with them by accepting their face value and the accrued interest the treasury to-day could purchase fully \$100,000 of them and not feel the pressure.

This of itself speaks well for the municipal government, and I hope that our successors in office may be enabled to achieve a record equally as fruitful. The credit of the city was never so good as at the present time. Five years ago our bonds could not be negotiated except at a discount of 4 or 5 per cent., while to-day they command a premium of 7 per cent. I believe we have a right to look back upon this state of affairs with pride. I trust, however, that this result will not tempt those who follow us in increasing the city's debt, but, on the contrary, they will vie with each other in diminishing the amount outstanding, and in keeping the expenditures within the revenues.

With the assistance, and under the immediate supervision of an enterprising, faithful and efficient Board of Public Works, you have this year improved the city and have kept pace with the demands of the times.

Over eight miles of streets have been paved, over six miles of public sewers have been constructed, and for the immediate drainage of private property nearly nine miles of lateral sewers have been built, to say nothing of the laying of side and crosswalks, intersection walks and work of this character. Labor has been cheap and all these improvements have been made at considerable less expense than during former years. Very nearly all these things too, have been done upon the petition of property owners, and little or nothing has been forced, consequently the burdens have not fallen heavily upon the people.

Following in the footsteps of these improvements, owners of large tracts of property have platted them and have thrown the lots into the market, and as a result the increase in the valuation of the taxable real estate in 1876 over that of the previous year was \$2,190,280, and this will be very largely increased, I hope, in 1876. There is, however, a great amount of property in this city exempted by statute from taxation, which should be made to contribute to the public revenues and thus relieve that now on the tax rolls. The people are assessed to provide police, fire and other protection for the property referred to, and I see no good reason why it should not bear a portion of the public burdens.

In appointing a committee to revise the charter, the council has inaugurated a much needed reform. That instrument needs a very thorough overhauling.

The date of the commencement of the fiscal year having been changed, it seems to me that the time when the city taxes shall become due and payable should also be correspondingly changed. The system of collecting taxes assessed on personal property should also be thoroughly revised. The city loses from 26 to 30 per cent of these taxes every year, owing, to a great extent, to the carelessness or positive neglect of the collectors.

There are exceptions to this rule, but I have known of instances where citizens have not been called upon for their taxes, and yet, in closing up their business at the end of the year, the collectors have returned their books with the usual affidavit attached setting forth that certain taxes could not be collected.

I have here a tabular statement showing that the personal taxes remaining uncollected for 1875 is about 30 per cent of the whole amount assessed. These figures, up to Monday, January 10th, are as follows:

First ward.....	\$ 4,641 55
Second ward.....	3,785 75
Third ward.....	2,271 75
Fourth ward.....	1,027 63
Fifth ward.....	1,301 17
Sixth ward.....	2,268 00
Seventh ward.....	1,208 24
Eighth ward.....	361 81
Ninth ward.....	854 24
Tenth ward.....	1,289 39
Twelfth ward.....	163 46

Total.....\$30,023 35

These matters will suggest themselves to the committee having in charge the revision of the charter. In changing the organic law, however great care should be exercised lest greater abuses flow in upon us. There are many things that I would like to talk to you about, and many things I would like to say about charter amendments, but they can probably best be said elsewhere.

In conclusion, gentlemen, permit me to thank you for having with such a flattering degree of unanimity elected me to preside over your deliberations, and for the courtesy extended to me during the time I have occupied the chair. Let me express a hope that the kindly feeling that has characterized our proceedings may extend into future councils; that the people of this great city may continue to prosper; and that each of you, gentlemen, may live long to enjoy the personal associations formed in this chamber.

On motion of Ald. Gies the Council adjourned sine die.

CHAS. H. BORGMAN,  
City Clerk

## A N ORDINANCE

To amend section 5 of chapter 37 of the Revised Ordinances of 1871.

It is hereby ordained by the Common Council of the city of Detroit:

SECTION 1. That section 5 of chapter 37 of the Revised Ordinances of 1871 be, and the same is hereby amended so as to read as follows:

SEC. 5. No person shall obstruct or encumber any public wharf, street, alley or other public space with any article of thing whatever, or encroach upon or permit to remain or maintain in any such street, alley or space any building, structure or thing owned, occupied or used by him or her. Provided, however, that upon the recommendation of the Board of Public Works the Common Council may by resolution permit a temporary obstruction of a sidewalk in front of business buildings for the purpose of elevating and receiving heavy merchandise; power to revoke such permit at any time, without notice, is expressly reserved. This section shall not be construed to prohibit merchants and other business persons from using and occupying the side of the sidewalks next to their places of business, for a distance of three feet, for the purpose of displaying their goods and wares or merchandise; nor to prohibit them from using for purposes aforesaid, five feet of the outside of all walks twenty feet in width, and three feet of all walks less than twenty and not less than twelve feet in width, nor shall it be construed to prevent the moving of goods, wares or merchandise across any sidewalk in the way of trade or for the use of families.

SEC. 2. This ordinance shall take immediate effect.

Approved, Jan. 7, 1876.

WM. H. BAXTER, Acting Mayor.
